THE NEWCASTLE UNION ADVOCATE

VOL. 42.—NO. 48.

NEWCASTLE, NEW BRUNSWICK, TUESDAY, JUNE 14, 1910.

PRICE THREE CENTS.

THRILLING STORY OF THE WRECK OF BARQUE BORGHILD

Norwegian Vessel was Dashed to Pieces on Castor Ledge. Near Guysboro—Two of the Crew Perished and Ten Others Had a Narrow Escape.

Sherbrooke, N. S., June 1.—The Norwegian bark Borghild, Capt. Jacobson, from Fredericton, N. S., to load deals for England, struck on Castor Ledge early today and is a total wreck. Two of the crew perished, and the captain and nine others had a narrow escape. The dead:—

Able seaman—Nels Carlsen.
Steward—Pete Anderson.

Dense fog prevailed and a high sea was running when the bark struck the ledge.

At three o'clock this morning with the wind blowing a stiff southwest gale, the Norwegian bark Borghild, Captain Jacobson, sailing from Fredericton, Norway, with a crew of twelve men was

standing in on our coast in a heavy fog. Tonight two of the crew sleep the long sleep at the foot of the Castor, and the bark is splintered into kindling wood and cast upon the bosom of the Atlantic by the cruel ledge which lies along the shore.

Captain Jacobson judged he was eight miles off the coast and fearing nearer approach was ordering his ship about when she dropped from a wave crest, at an angle, directly on top of the Castor. She struck, hurling the crew in all directions, snapped in two as if riven by dynamite and listed over on the seaward side of the rock until her topmasts were awash, hanging over the angry depths, her keel alone holding on the edge.

THIRTY-FIVE EMPLOYEES OF THE MONTREAL HERALD PINNED TO DEATH IN FIRE

People on the Streets Listen to the Dying Cries of the Sufferers Being Slowly Roasted to Death, and Were Unable to Render Assistance.

Montreal, June 13.—Thirty-five people are pinned to death in the ruins of the Herald building, which is being swept with flames at noon to-day, the fire having followed the collapse of a water tank, which crashed through the building, landing on the ground floor. Bindery girls and linotype men fell through the huge gap in the floors of the building and were quickly buried under machinery and timber.

The crowds assembled outside the burning building could plainly hear the shouts of the dying inside, while the flame, were slowly travelling towards them, but practically nothing could be done to save them.

At noon Inspector McMahon of the police force, called upon those around him to organize a rescue party, as it was agonizing for the people outside to think that they were standing there unable to do anything for the dying. The rescue party, however, found it impossible to get beyond the front door of the building, so thick was the smoke.

AMERICAN MANUFACTURES GOING TO BRITISH TERRITORY

Summary Compiled by American Bureau of Statistics Shows That the Exports of the United States to British Territory is by Far the Greatest Customer of Uncle Sam.

Washington, D. C., June 3.—British territory is the world's greatest market for American manufactures. In the face of the fact that Great Britain is Europe's greatest manufacturer and the world's greatest exporter of manufactures, nearly one half of all the exported manufactured products of the United States goes to British territory, and forms more than a third of all the exports to those lands.

These facts are disclosed in a summary compiled by the Bureau of Statistics of the department of Commerce and Labor.

By the term British territory, is meant, the United Kingdom, Canada, and all other lands which float the Union Jack even to the district at Hong Kong and the British Islands in Oceania.

British territory in Europe in 1909 took \$132,000,000 of American manufactures; British North America \$97,000,000; British Asia, \$13,000,000, and even British Africa took seven millions.

Thus Great Britain buys 40 p. c. of all American manufactures sent to Europe; 46 p. c. of all those exported on the North American Continent; 1 p. c. of those to South America; 74 p. c. of those to Oceania and 63 p. c. of all sent to Asia.—British territory, then, is a pretty good customer.

All in all, it bought \$275,000,000 of Yankee goods in 1909. Of the manufactured products of the United States, British territory takes 48 per cent.

GREAT BARGAINS IN PURE BRED STOCK

Short Horn and Ayrshire Bulls and Clydesdale Mares Sold at St. John Today.

St. John, June 9.—The auction of Short Horn and Ayrshire cattle imported by Wm. Thompson, at the instance of the Provincial Government, was held at McGrath's stables this morning. There was a good number of buyers, and fair prizes were realized. Hon. J. V. Landry and W. W. Hubbard were among those present. The terms of payment were 25 per cent. cash, and the balance on approved notes for six months.

Buyers were fortunate in securing some great bargains, and from their point of view the sale was a great success. Prices did not come up to Mr. Thompson's expectations.

OBSEQUIES LATE REV. R. G. WHITE

Charlottetown, P. E. I., June 9 Ministers and congregations of different denominations united in the funeral services of Rev. R. G. White, in the Baptist Church, last night. Rev. Thos. F. Fullerton, pastor of St. James Presbyterian, delivered one of the most eloquent tributes ever heard here. The remains left for St. Martins N. B. for interment.

Ten immigrant children from the Middlemore Home, arrived here last night from England.

Dr. P. A. McIntyre, of Souris, ex-Governor, is dangerously ill and not expected to recover.

St. John Man Invents Pulp Making Machine

New York, June 8.—According to the latest official report of United States Commissioner of Patents Moore, just issued. Wm. Burton, inventor, of St. John, was granted United States letters patent number 959807 on a pulp making machine, for which he made application to the commissioner by filing on January 29th, 1909. The description of the machine is too technical to be intelligible to ordinary readers. Burton already has a Canadian and an English patent.

CAMP SUSSEX ON JUNE 28th

The militia will open their camp this year at Sussex on the 28th instant. At camp the local militia will be quartered with the 19th and 10th regiments forming the 4th battery. It is expected that the full strength of the 12th battery will be under cover, although some difficulty is being experienced in recruiting owing to the fact that employees are not desirous of having their men away from work. About one hundred and three officers and privates are required. Sixty-four horses will accompany the militia. Major Lawler in command will have T. H. Whalen as Captain, Randolph Crocker replaces Mr. Chas. Morriarty, as lieutenant, while G. W. Anslow is expected, will again serve as lieutenant. John J. Galtley replaces J. J. Cooper as Sergeant Major. Tack Creighton will be orderly Sergeant.

HALLEY

(W. J. Lampton in the New York Tribune)

Did anybody here see Halley?
Halley with a great long tail?
Did anybody here see Halley?
And suddenly turn pale?
Did anybody here see Halley?
Halley, they said, was it?
Did anybody here see Halley?
And throw a comet fit?
Did anybody here see Halley?
Halley, that starry josh?
Did anybody here see Halley?
And feel his passing wash?
Did anybody here see Halley?
Halley, whom all of us know?
Did anybody here see Halley?
Halley they'd bill to come
With a show that was worth the money.

But, oh! say, wasn't it bum?
Did anybody here see Halley?
If anybody did, by heck!
He ought to be bounced if he didn't
Hand him one in the neck.

SUDDEN DEATHS

Sackville, N. B., June 9.—In Calgary a few days ago, Fernie Grant, nine year old daughter of Mr. William H. Grant, formerly of Chipman, N. B., was instantly killed. The child was leading a pony and in some way the animal kicked her, flinging her to the ground, killing her instantly.

Edward Bowser, who was instantly killed near Penobscot, King's County, on Wednesday, was the son of Mr. and Mrs. Bowser, of Mount View. He was in the early thirties of life and was unmarried. He is survived by his parents, two sisters and brother. A brother and one sister are living at home. The sister is the wife of Irvine Wheaton, Beech Hill.

ACADIA UNIVERSITY

Wolfville, N. S., June 2.—The attendance at Acadia during the past year has been about two hundred. The graduating class numbered thirty-eight, coming from all the Maritime Provinces and from Massachusetts and Saskatchewan.

A SAFE MEDICINE FOR ALL CHILDREN

The mothers whose little ones are ill not only wish for a medicine that will make their babies better but one that positively cannot do any harm. Such a medicine is Baby's Own Tablets. They are sold under the positive guarantee of a government analyst to contain no opiate, narcotic or other harmful drug. They always do good; they cannot possibly do harm—not even to the new born baby. Concerning them Mrs. J. E. Z. Marchand, Ste. Anne de la Paroisse, Que., writes:—"I find Baby's Own Tablets indispensable. As soon as I find one of my children not feeling well I administer the Tablets and I am never disappointed in the result. I would not be without them and am enclosing fifty cents for two more boxes." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Mrs. Hamilton, of Kirkcubright, Scotland, widow of the Rev. George Hamilton, minister of the parish from 1830 to 1836, has just entered her 107th year. She has been a widow for 74 years.

The scientific gravely announces that there is sodium in large quantities visible in Halley's comet. Perhaps the substances of Mars have been cutting out on its surface.

NOT SUCH A DIFFERENCE After much experimenting and trying they the interest of the wandering "German band", succeeded in gaining an interview with the proprietor of a fashionable restaurant.

You Can Afford to use 40c. Tea Just as Well as 30c. Tea if You Use 40c. Red Rose

A pound of 40c. Red Rose goes further than any 30c. or 35c. tea and it is distinctly superior in quality.

30c. and 35c. Red Rose Teas are good teas, so good that very many people say they want nothing better. But, if they would once try a package of the 40c. Red Rose they would use nothing else in future.

Just think, five cups of 40c. Red Rose Tea will only cost 1c. One lb. makes over 200 cups. Not a question of affording.

RED ROSE TEA "Is Good Tea"

WILL YOU TRY A PACKAGE?

LONG BATTLE WITH STORM SWEEP SEA

Captain's "Daughter Heroine of the Occasion"—"Good News" Founders.

Norfolk, Va., June 9.—With a thrilling story of a long battle with a storm swept sea the shipwrecked crew of the sunken Philadelphia barkentine Good News, accompanied by a slip of a girl as the heroine, have arrived here on the British steamer Metis.

The girl is Miss Elizabeth Erickson, daughter of Capt. P. Erickson, commander of the Good News. She sailed with her father and a crew of ten men with a cargo of cement from Philadelphia on May 28 for Mobile. On June 3 the Good News ran into a violent gale off the Hatteras Capes and the barkentine sprung a leak which was so great that the ship with its heavy cargo quickly foundered. With no hope of saving the vessel, the captain and crew lowered small boats and while the storm was at its worst with waves lashing the dismantled rigging, Miss Erickson was swung into the captain's boat and lowered into the turbulent sea. For three days and nights the young woman valiantly stood her turn at the oars or the rudder with the men of the crew. She was quartermaster and steward of the captain's gig, apportioning among the shipwrecked the food and fresh water with which the small craft had been provisioned hastily. They were tossed and buffeted on the gale-swept ocean for three days, one second in the valley of the giant waves and the next dashing through the chilly foam crest of mountainous ridges of sea. Low clouds at times made the days as dark as the nights and while the compasses were aboard there was little conception of direction and the forsaken mariners with the young woman to keep up their tiring spirits steered for where they thought was the nearest land.

But they were far from the coast when the Metis sighted their improvised distress signals and drew down on them. All were nearly exhausted when lifted on board the steamer in the open sea and it is not believed they could have stood the strain much longer. While the captain and his men remained here for the day, Miss Erickson who had considerably recuperated by her rest on the Metis, started for her home in Baltimore.

TONIC TREATMENT FOR INDIGESTION

The Process of Indigestion is Controlled by the Blood and Nerves.

If you have indigestion and you begin a course of treatment to make your stomach stronger, you are on the right track for a real cure. You can never cure yourself by eating pre-digested foods, or by taking purgative medicines. The stomach is not doing its own work under these treatments, and there can be no real cure until the stomach is strong enough to digest all the food necessary to maintain the body in normal health. The great aim of the tonic treatment for indigestion in all forms is to strengthen the stomach to a point where all foods eaten will digest easily and nourish the body. A tonic that will strengthen the stomach is what is needed, as the process of digestion is controlled by the blood and nerves. Dr. Williams' Pink Pills are an ideal tonic. They actually make new, rich blood, and thus bring strength and tone to the stomach. This has been proved over and over again, and thousands of grateful people have not hesitated to say so. Here is an instance:—Miss Eva Tucher, Baltimore, Md., says:—"I am writing this letter on behalf of my mother who wishes you to know how much Dr. Williams' Pink Pills have done for her. For several years she had been greatly troubled with indigestion and notwithstanding the medicine she was taking the trouble was growing worse. Every meal was dreaded, and left behind it a feeling of nausea and severe pains. As this continued she began to lose strength and energy, and was hardly able to do any housework. Acting on the advice of a friend she began to take Dr. Williams' Pink Pills, and soon began to feel better. She continued taking the Pills until the health was truly restored, and she could take any kind of food without the least discomfort. Since that time she has not had the slightest return of the trouble."

Thousands of cured men and women speak from experience of the benefits derived from Dr. Williams' Pink Pills in cases of indigestion, anaemia, rheumatism, general weakness, pains in the back and side, neuralgia, St. Vitus dance, and the troubles that afflict women and growing girls. These pills are sold by all medicine dealers or by mail at 40 cents a box, or six boxes for \$2.25 from The Dr. Williams' Medicine Co., Brockville, Ont.
