A Formal Showing of Winter
Modes
In Coats, Suits, Wraps and Fur Coats

We Are Serving
Not Selling

Our Ready-to-Wear Section, has formed itself into a reception committee for the very pleasant privilege of showing you what the New Winter Styles are.

We are not asking you to buy. We are simply making Wednesday and Thursday open days for Style Inspection for your benefit and pleasure

Madam Fashion has created lovely things for the new season; Wonders in line and color, rich materials and many fetching new "wrinkles" that adorn her latest Coats, Wraps and Suits. Every Woman is immensely interested in such fascinating matters, but you need a little time to look over new styles to decide which of the modes best become your own particular type. Realizing this we are making Wednesday and Thursday a sort of intimate, friendly reception days under the supervision of Mr. Chas. H. Kendestin an expert fashion demonstrator who will be eager to show you "what's what" in the fashion world for winter 1923-24. Perhaps you have already decided to buy your outfit at some other store, may be you expect to have it made by yourself or by a Dress-maker; don't let that keep you away, for we want you to come just the same.

These two days are days of Service not Selling. You are not expected to Buy now or at any other time, unless you want to do so.

\$33.00 In Cash Prizes

Royal Bank Buys N.B. Timber Berths

Fredericton, Oct. 11—In lively competition today the Royal Bank bid in two and a half square miles of timber berths on North Forks coast branch for \$35 per mile, and eight and a half miles on Otter Brook, Salmon River, for \$52 per mile. The applicant was S. D. McMillan and the upset price \$20. Both berths are in Kent County.
Fisher Companies Ltd., bid in two and a half miles south of Dungarvon River, Northumberland County for \$20.50. No competition took place for the other berths.

2 Dead In N. Y. Bank Hold-up

New York, Oct. 10—A messenger named Olycher, in the employ of Rothenberg's department store in West 14th street, bound for a bank with \$12,000 in a bag, was shot and killed by a thug at the rear entrance of the store this afternoon.
The messenger fired also, just as he was shot through the heart, and his bullet likewise proved fatal killing the thug who had attacked him.
Another member of a band of five grabbed the bag containing the money, jumped into an automobile standing at the curb and they made their escape.

Big Harvest Festival and Auction, Newcastle Rink, on Thursday October 18th. Games and amusements of every description. Everybody welcome.

SOUR GRAPES WITH CHATHAM WORLD

The following telegrams received by us from people who know what they are talking about, are further evidence that the Chatham World did not know what it was talking about, when it denounced the new creosoting industry that has decided to locate in Newcastle. In last week's issue we published a prompt denial of the President of the company while this week we have pleasure in publishing denials from other reliable sources... it seems to be a case of "Sour Grapes" with the Chatham World.

Toronto, Ont., Oct. 10, 1923.
To "Union Advocate"
Newcastle, N. B.

Have seen editorial in semi-weekly "World" Chatham, October 6th, regarding operations of plants of Canada Creosoting Co., a new one of which is about to be established in your city, wherein their opinion expressed that such plants are injurious to health as they pollute the air with fumes and that only the lowest type of foreign laborers are employed. With full knowledge of the conditions of the company's plant operated here for eleven years am able to say that such statements are entirely erroneous. No injurious effect from operation has existed to detriment of either employees or people of this town generally, all of whom look upon this industry as one of Trenton's most valuable manufacturing enterprises. Creosote is considered beneficial to health, a good class of workmen, mostly Canadians are employed at good wages. Some of whom have been with the plant since it started. Trenton would be glad to see the plant here; which is located within town limits, double in capacity. Any further information will be gladly furnished.

THOS. JARRETT,
"Editor" The Sun.
Sudbury, Ont., Oct. 12, 1923.
To the Editor of the Advocate
Newcastle, N. B.

We are sending you this to take exception of some erroneous statements in the Chatham Semi-Weekly under the heading "Newcastle's New Industry." Our experience at Sudbury is that the odor from the creosoting plant is at no time objectionable and very seldom noticeable. As to the labor employed, it is representative and the best in the district and is decidedly not a low class foreign element. For cleanliness the local plant is a model and Sudbury is for it.

To "Editor" Union Advocate,
Newcastle, N.B.

We have just read an extract from the Chatham semi weekly "World" of October 6th, entitled "Newcastle's New Industry." This has been called to the attention of the local Board of Trade and they are indignant at the untruthful assertions in the above extract. After three years operations at local Creosoting Plant we have heard no complaints about odors or class of labor employed. Will say that there is no objectionable odor and no fumes and the labor employed classes with any industrial concern in the country.

SUDBURY STAR,
per H.B. Johnston.

Sudbury, Ont., Oct. 15, 1923
To "Editor of Union Advocate,"
Newcastle, N. B.

Re recent article in Chatham semi-weekly "World" entitled "Newcastle's New Industry" I, as Mayor of Sudbury, and Dr. Cooke, as Medical Officer of Health, wish to brand the statements in above article as misleading and false. One of the most travelled streets parallels our local creosoting plant for a mile and is fifty yards away from operating part of plant. In three years in passing plant we have never noticed obnoxious fumes and scarcely an odor. The class of labor employed is as good as any in district.

We cannot say too much for such an industry for the good and betterment of Canada.

R. H. ARTHUR,
Mayor of Sudbury,
W. J. COOKE,
Medical Officer of Health.

Tid-bits on the Tip of Everybody's Tongue

Vol. 1 No. 9 NEWCASTLE, N. B. OCT. 16, 1923 FREE

Sweet After Six Years!

A young couple got married on Oct. 9th 1917. As part of the festivities Moir's Cake was served and a piece saved as a souvenir. Today it is as delicious as ever, though a little drier. And the almond paste was still intact!

As a matter of fact cake often improves with ageing. That's

why many are already ordering their Christmas Cake from Moir's. You know Haskell Coffin—his drawings are featured on the front page of the leading monthlies. One graces a new Christmas box of Moir's Chocolates.

Johnnie: "It's no use Bill, we can't steal anything because the key doesn't fit the pantry door."
Charlie: "All right then, we'll wait till Mother comes home and ask a reward for being such good boys."
