FIRE LAST NIGHT
The Fire Department was called out last night at 12:15 o'clock for a fire in a building in the upper section of the town, owned by Mr. John O'Brien and occupied by a

man named Broun as a boarding house. It is alleged that the fire was of incendiary origin, this being the third attempt to burn the building, the two other at-

tempts being made in one night about a week ago. The fire was quickly extinguished on the arrival of the department and the damage done was slight.

ENCOURAGING REPORTS FROM ALL COUNTY PARISHES

The Town of Newcastle is going strong for Hickey. Many local liberals concede him a large majority out of the shire town. Chatham also reports a big majority for Hickey and residents of Rogersville say that village will split 50-50 and possibly give him a majority. Nelson is extremely strong for Hickey, as is also Barnaby Kiver and Alnwick will roll up a big majority for the Conservatives. In Hardwick, Hickey will get the best of it and in Glenelg will hold his own. Red Bank is fast swinging Hickey's way and it is expected that he will take a majority out of the combined vote of North and South Esk. The up-river districts of Derby, Blackville, Ludlow and Blissfield send in exceptionally encouraging reports and Conservative leaders from all over the county report excellent progress and say that it is only a matter of the size of Hickey's majority over Snowball on election day, Tuesday, October 7th, but they are determined to keep up the good work and make victory a most decisive one.

ISN'T THIS PLAIN?

It is a mighty easy matter for anyone to save \$3,000,000 when it is possible to float a \$200,000,000 loan, at 4% to retire a like amount bearing interest at 5½%. Anyone could do that and we fail to see why a man holding the position of Prime Minister of Canada should want to take the credit of making the saving for his government. When the loan was made at 5½%, we were engaged at war, money was scarce and hard to get, and it was necessary to pay this high rate of interest. Now the war is over, money is plentiful and possibilities to loan money are at a minimum, hence the reason for obtaining money at a lower rate of interest. Why is money plentiful? Not because of anything the King Government has done to make it so, but because during the past few years, the banks and other large financial institutions have been gathering in all the money they previously had loaned and were not re-lending it for industrial purposes, because of the present depression. These financial institutions have now more money than they know what to do with, and knowing that under the present government, business conditions are not liable to improve, take the first opportunity of investing their money in a government loan. Isn't that plain?

VOTE FOR PROSPERITY

A vote for Hickey next Tuesday means a vote for early prosperity again to this fair Dominion of Canada of ours.

Liberals Upset

By This Letter

At the Nomination Day speeches here in the Opera House, C.P. Hickey, the Conservative candidate threw a bomb in the Liberal camp that created a tremendous sensation. Mr. Hickey first referred to the inconsistency of some of the men in Chatham supporting Mr. Snowball, the Liberal candidate, in this election. He first told of Kerr Loggie, who was supporting the Liberal candidate, approaching him (Hickey) recently with an offer that if he (Hickey) would lead a ticket against the Veniot Liberal government he (Loggie) would support the ticket. This created a mild sensation and amid applause and interruptions it was a little time before Mr. Hickey could proceed. This statement was only the fuse to the bomb. Mr. Hickey next produced and read the following letter, written by Mr. Kerr Loggie now supporting Mr. Snowball so strongly, to the Dept of Marine and Fisheries:

Chatham, N.B., Feb 14; 1923

Dept of Marine and Fisheries,
Ottawa.

Dear Sirs,—We understand that the fishing season has been extended until the 25th of February. We wish to state that in our opinion your department does not carry on its affairs in a very business-like manner or in the interests of the country. You establish a legal fishing season and then you change the season from year to year. You might as well have no legal fishing season. You make us very tired. The sooner the Department of Marine and Fisheries is managed on business lines, the better for all concerned.

I have the fortune or misfortune to be a Liberal. I think it must be a misfortune. Your politicians, we presume, are endeavoring to save the government by granting such unwarranted concessions as the extension of the smelt fishing season, but they are attempting an impossible task, for your government is doomed to destruction and deservedly so. It lacks backbone.

Yours truly,
(sgd.) W.S. LOGGIE CO. LTD
Per J.K. LOGGIE, Vice-Pres.

The reading of this letter was the sensation of the day and for a time the Liberals were in a panic and the house was in an uproar. The excitement was intense when Mr. Kerr Loggie, who had apparently been sent for, appeared in the hall and asked Mr. Hickey to re-

peat what he had been saying in reference to him. Mr. Hickey repeated what he had been saying with regard to the local ticket against the Veniot Government and also re-read the letter of Mr Kerr Loggie, as given above. Mr. Loggie asked to be heard in reply but the Chairman and Mr Snowball both intervened to say that it had been expressly agreed that there should be no speakers at the meeting other than the candidates. Mr. Snowball especially urged that this gentleman's agreement be carried out, and informed Mr. Loggie that he would be given an opportunity at another time to answer Mr. Hickey's statement and make his explanation in regard to the letter. This closed the incident so far as the debate was concerned, but the matter was the topic of much discussion in both Newcastle and Chatham.

POLITICAL JOINT MEETING TO BE HELD AT NEGUAC

We sometimes hear people saying that they would not bother to attend a political meeting, because it is always one-sided. It is either a Conservative meeting or a Liberal meeting and it is pretty dull music to listen to several speakers who all pound one or the other party.

These people seem to think that it would be more spicy if joint meetings were held, at which both sides of the argument could be heard from the same platform. Possibly they are correct and to give these people an opportunity to attend a meeting of this kind, we are glad to be in a position to announce that such a meeting will be held in Neguac tomorrow evening.

The roads are in excellent condition and Neguac is not so very far away that the electors of a large portion of this county will be unable to attend.

The speakers will be two members of the Federal Parliament of Canada, both of whom are young, full of pep well versed in politics and very fluent in speech, both in English and French. They are Mr. A.J. Doucet, M.P., Conservative member for Kent and Mr. John Robichaud, M.P., Liberal member for Gloucester.

Both these gentlemen spoke on the floors of the House during the debate on the budget, and since that time they have been awaiting a favorable opportunity to discuss their positions on the budget on a common platform.

Last week Messrs Doucet and Robichaud met in Chatham and made arrangements to hold a joint meeting in Neguac tomorrow night, Wednesday, October 1st to which one and all, regardless of party affiliations, are cordially invited. It is a golden opportunity for the electors of Northumberland, who at present are deeply interested in this matter, to hear the arguments of both sides. No doubt some interesting disclosures will be made. Try to be present. It will be interesting.

New Zealand Responds

Recently, as you know, a New Zealand firm sent for samples of Moirs Chocolates. Apparently, they were found good, for already ten cases have been ordered, the demand coming as soon as the samples were received.

And here's news that means much to all with a sweet tooth: four new lines of Marshmallow have been placed on the market: Pink, White, Toaster and Moss. Dealers are getting them in five pound boxes. Some homes will find the full box none too little for an evening's entertainment.
