AT LAST!

A True Invigorator.

Weakness and prostration of the nervous system surely follow that overwork and worry which brings sorrow and suffering to so many Canadian homes. The terrible every nand. Fains in the once, poor and unrefreshing sleep, lack of appetite dys-pepsia, and lost energy and strength, are the first symptoms of more serious and danger. off trouble. This is the way that Paralysis, Paresis and Insanity begin. Do not delay a moment longer, for some time it will be too late to regain your lost beath and Paresis and Insanty begin. Do not deany a moment longer, for some time it will be too late to regain your lost bealth and vitality. Use Paine's Celery Compound now, and the dull eyes will regain their brilliancy, the chr. sks will grow rosy, the brain become clear, the nerves strong and steady, your sleep restful and refreshing, appetite good, and health and happiness will take the place of misery and suffering.

A. Sabiston, the well known lithographer of Montreal, writes:

"In the summer of 1888 I had to work very hard, and was troubled considerably with insomnia (aleeplessness). I resolved to try your Paine's Celery Compound, and after taking the contents of two bottles, felt like a new man. A good night's rest gave me strength for the dutties of the day, and instead of starting out to business in the morning feeling as if I had completed a day's work instead of being about to commence one I started out in good spirits, feeling fresh and strong. My wife and various friends, to whom I recommended the medicine, have been benefited greatly, and in fact "Paine's Celery Compound is a household word in our family."

Being very much reduced by sickness and almost given up for a dead man, I commenced taking your PUTTNER'S EMULSION. After taking it a very short time my health began to improve and the longer I used it the better my health became. After being laid aside for nearly a year, I last summer performed the hardest summers work I ever did, having often to go with only meal a day, I attribute the saving of my life to PUTTNER'S EMULSION.
