ATLANTIC MAIL SERVICE.

Late Ottawa advice states that the Atlantic Mail service has been discontinued.

Then drink, in cold water and re-suspended in an emulsified manner, by the different operators.

- 1. The Queen. 2. The day on which honor it—Hon. D. Laird. 3. The President of the United States—Comell Hall.

In the small hours of the morning, all joined in singing "Auld Lang Syne," and one of the most enjoyable of St. Andrew's dinners came to a close.

EDITORIAL NOTES.

The Newfoundland Government is playing a very foolish part. It is alienating Canadian sympathy.

For the first time in fifty years a murder has been committed in Iceland.

The railway station at Summerside is now permanently established in its new position.

The London Teachers' Aid, the official organ of the school teachers of England, recently issued its columns.

That the Canadian consumer is getting the benefit of the Government's new sugar policy is apparent from the returns.

It is not worth replying to. We quote the article only because it throws some light on the real state of labor in the industrial centres of the neighboring republic.

"Times has been a big boom," says the Chicago Tribune. "In the egg export business from New Brunswick, Prince Edward Island and Nova Scotia to the United States this year, Prince Edward Island has shipped to Boston over \$60,000 worth of eggs."

Business is fairly brisk at Summerside, considerable produce being on the market. The grain market is quiet.

The Best is the Cheapest.

BEER & GOFF have just received their full stock of Kerosene Oil, and are now prepared to give the value over offered in this line on P. E. Island.

We have it put up in 2 Gallon and Five Gallon Cans (which are made of good solid tin and will not leak the first time you take them home) and which we are selling very low for cash.

If you have an empty can on hand bring it in to us and have it refilled and then we save the price of the new can.
