

AROUND THE CITY

LOCALS

From Monday's Bulletin. Mr. and Mrs. A. M. Bouillon leave this evening for Winnipeg. Mrs. Bouillon will be absent a month.

Miss Myrtle Curry, of Alberta college, left for her home in Langdon, Sask., last evening, called father by the illness of a relative.

Rev. Mr. Waggett, of Alberta College, preached in Grace Methodist Church yesterday morning and Rev. T. C. Buchanan in the evening.

The deputy minister of education will probably be ready to submit the new reports for use in the public schools within the next ten days.

A meeting of the Humane Society has been called for next Thursday evening in the central chamber to make arrangements for winter work.

Mr. James Dillon, of Brandon, Man., cigar manufacturer, is in the city. This is his first visit here, and he was surprised to find such a large city as Edmonton this far north.

The city health department have moved their offices to the second floor of the Heimick building, and the lower flat will now be occupied by the waterworks department, who were formerly in the small building outside.

The superintendent of the Public Hospital desires to thank the donors for the following donations received last week: Ladies Aid, 16 pairs of blankets and one and a half dozen pillow cases; W. Ramsey, cut flowers; Mrs. Perkins, magazines.

At the police court today there was another hearing of the case of Geo. McKay, in the employ of Foster & McDougall, charged with taking possession of a purse left in a bus by Father Desmarais. The case was further adjourned till tonight.

A man named Earle, committed for trial at Stettler several weeks ago on a charge of cattle stealing, and who has recently been in jail at Fort Saskatchewan, was taken south this morning by Constable Emery to be released on bail, pending trial.

The Canadian Order of Chosen Friends will give a box social on Thursday evening, November 21st, at 8.30 o'clock in the Pythian Hall, McDougall avenue. A good orchestra has been engaged to render music for dancing after the social part of the program.

E. W. Seeley, Regina, and E. A. Rose, Yellow Grass, have written to the board of trade requesting the reduction as to the price of coal from Edmonton, delivered in these two places.

The secretary of the board of trade will collect the information and despatch it immediately.

Mrs. Myers, wife of the pastor of Queen's Wesleyan Presbyterian Church, was made a life member of the Women's Foreign Missionary Society at the last thank-offering meeting of that society.

An offering of \$70 was made for mission work. Almost 100 women were present. Mrs. Fife and Mrs. Sloane read interesting papers.

T. S. Williamson, manager of the Edmonton Fruit and Produce company, died suddenly yesterday morning after a brief illness.

In an accident in the warehouse in which Mr. Williamson injured his face against a packing box, erysipelas developed from the wound.

A severe attack of pneumonia followed rapidly upon this with fatal results. The late Mr. Williamson was thirty-eight years of age and leaves a wife bereaved. He is a native of the Eastern Townships and came to Edmonton two years ago from Montreal.

The fire brigade was called out yesterday afternoon at three o'clock for a blaze in the Magnet barber shop on Jasper, adjoining Ross hardware store. A couple of hand extinguishers were used to quench the flames.

The sheep were witnesses of incendiarism and vandalism, the floor having been strewn with newspapers and the chairs slashed with a knife. In this connection the police suspect a young incorrigible named Harry Ernie, who has been before the court several times and was again arrested yesterday on a charge of theft of a hammer.

Ernie is also thought to be the cause of a fire on Wilson street five days ago, but there is nothing to directly connect him with either. Ernie was sent up to the Supreme court at the present session but was released without trial by Mr. Justice Scott, owing to his youth.

From Tuesday's Bulletin. Emery, Newell and Bolton have moved their law offices from the Canada Permanent building to their new quarters in the new Imperial Life Block.

The sale of school lands will be held at Fort Saskatchewan on Wednesday at 10 o'clock, and will be conducted by W. M. Ingram, commissioner of school lands.

At the police court this morning, a man for leaving a team insecurely tied on the street was fined \$5 and costs. Several drunks were also disposed of this morning.

The Canada Permanent building, north of the Imperial Bank, has been bought by J. D. Blayney, and is being moved to Manitoa avenue, opposite his residence on that thoroughfare.

P. J. Nolan, K.C., is the way to address Calgary's popular lawyer now. The title of king's counsellor is the highest honor that has come his way, probably a new recognition of his services in the beef commission inquiry.

Mrs. Myers, wife of the pastor of Queen's Wesleyan Presbyterian church, was made a life member of the Women's Home Missionary Society at the last thank-offering meeting of that society.

An offering of \$70 was made for mission work. Almost 100 women were present. Mrs. Fife and Mrs. Sloane read interesting papers.

At the council meeting of the Edmonton Board of Trade held yesterday, President William Short appointed J. A. McDougall, C. W. Sutter, F. J. Fisher, A. B. Campbell and A. G. Harrison a committee to meet the Edmonton Exhibition Association to discuss matters pertaining to the Dominion Fair, to be held in Calgary in 1908. An effort is going to be made to have a mail service in the afternoon between Edmonton and Calgary.

Though J. W. McNicol, of Lethbridge, is one of the defendants in the lumber case now in progress in the Supreme Court, he is wearing the smile that won't come off, and is the envy of his fellow defendants. He is wearing a bright red carnation in the lapel of his coat plucked from his garden in Lethbridge last Saturday before he left for Edmonton.

At the office of the building inspector this morning, permits were taken out for the following: S. Nankin, repairs to his place on Jasper, to convert it into a theatre, \$1,000; John Craig, Sixteenth street, stable, \$300; Frank Slide, Major street, dwelling, \$400; W. Horne, Clark street, box office, \$500; Wm. Wright, Clara street, dwelling, \$500.

The petitions have been circulated throughout the business section and east end of the city, and have been largely signed, asking for the removal of the Post Office from its present temporary quarters in the Mechanics' Building, Third street, to the old stand at the corner of Douglass and Rice streets. The petitions will be forwarded to the Postmaster-General's department at Ottawa. The old building is ready for occupancy by December 1st.

The average monthly paid per day on solvers by the government was the first of the month has been eighty dollars.

There will be a social meeting of the Y. W. C. A. on Thursday evening, November 28, in the Y. W. C. A. parlors, to discuss plans for the winter work of the society. All the members and those interested are requested to be present.

D. S. MacKenzie: "There ought to be two electric lights placed, one at the corner of Hardisty and Sixth streets, and another at the corner of the government building. A person is apt to be hurt going down the steps towards Hardisty, and the other might have to pay heavy damages if such a thing occurred."

The Canadian Bible Society, the Canadian Auxiliary of the British and Foreign Bible Society, will open a depot in this city. The object of the society is to establish a depot in each of the cities and districts. It will require a number of established societies in the city, and subscriptions for this purpose are being secured.

For the children's concert in the city on Thursday evening, November 28, the hour has been fixed at 7.30, so that the little people taking part may not be kept out too late. The children have shown considerable talent in those taking part in the juvenile operas, as well as the older pupils in the sparkling dramatic number, "My Aunt's Heiress."

Harry T. Finch, of the Pemmican Hotel, has been called to Winnipeg on business in connection with the plans for the additions to the hotel which will be necessary under the new license law. It is the intention of those interested with Mr. Finch to make such alterations and additions to the Pemmican as will make it up to date every respect. The work will likely be taken up as soon in the New Year as will be practicable so as to be ready for the spring season.

A recent visitor to the Peace River Crossing, writes: "At the Crossing I was informed that a herd of wild horses ranging the country at the headwaters of the Peace River. They number hundreds and are descendants of horses which were brought from the Hudson's Bay Company many years ago. These animals are said to be very wild and ferocious. It is a large number of them that are up to date every year. Aided by the deep snow the Indians managed to run down four of these animals, which are kept by a private station. Two of them are now at the Port, but the other two could not be subdued and are living in the woods."

What looked like a dangerous runaway occurred last night at 6 o'clock on Jasper street, just at the time when the street was crowded with vehicles and persons hurrying home from business. A team belonging to the City Transit Co., and driven by a young man named Ross, dashed across along the street with the tongue down and the wagon swaying wildly. The plucky driver vigorously attempted to hold the frightened animals and miraculously guided them through the crowded street. Passing the Alberta hotel the front axle broke, thus leaving the front wheel, which threw the driver off. The team turned down Grierson street, colliding with a telephone pole, where they stopped and were captured by Constable Haig. Both driver and team escaped without serious injury.

FIRST MOOSE OF SEASON. From Monday's Bulletin. A splendid specimen of Alberta's big game is now on display in the meat shop of Gallagher and Hull, Jasper avenue. It is a large moose, weighing about 1,200 pounds, and with a fine head. The horns measure 54 inches from tip to tip. It is the first moose to be brought into the city this season.

The moose was shot by Neil Whelan and will be a notable novelty at the Saskatchewan. The region there is well wooded and rich in grove. Frank Walker, M.P.P., who is in the city, has been over thirty hours from the Fort area in there, looking for moose, black-tail and cotton-tail deer.

The moose at the Gallagher-Hull shop, which is said to be one of the finest ever killed in Edmonton district, will remain there a few days on display before being cut up.

NEW CHURCH OPENED.

From Monday's Bulletin. The opening services in connection with Newwood Methodist Church were held yesterday. Rev. A. S. Tuttle, of Grace Church, conducted both services.

In the morning, Rev. T. C. Buchanan, of Calgary, assisted in the dedicatory service and preached an appropriate sermon from John 2: 16. The preacher dwelt upon the fact that the church was the Father's house, also that it was a house of prayer, and should be used for no purpose which would not harmonize with these facts set forth by Jesus Christ.

A Sunday school rally was held in the afternoon. The short address was delivered by Revs. Buchanan and Tuttle.

Rev. A. S. Tuttle preached at the evening service on the citizenship of the kingdom. In the course of his remarks the preacher asserted that the church, as an institution, should be supported, because it reflected the ideals of the kingdom as an agency in uplifting society.

The church was crowded at both services. The music, which was in charge of the choir, was appropriate and well rendered. An appeal for \$500 toward the building fund was heartily responded to. The sum of \$200 was raised through subscriptions and collections. Rev. Mr. Lane, who has been in charge of the work for the past three months, was unable to be present through illness.

The ladies of the congregation are providing a social and entertainment this evening at eight o'clock.

T. W. LINES RETURNS.

From Monday's Bulletin. The unusually cold weather that prevailed in Canada during the past season was not characteristic of this continent alone. Mr. T. W. Lines, of the Edmonton Brewing Company, who has just returned with Mr. Lines and family from a lengthy stay in Europe, states that the weather conditions in Europe had during the same period been exceptionally disagreeable, and that the crops had suffered. On September 3rd the thermometer at Glasgow registered ten degrees below zero. Three wheat chafers. One sunburnt pearl brooch, solid gold.

One ladies' gold chain, 20 pennyweights. One hoop ring, diamond and pearl. Two 10-k. gentlemen's gold lockets. One chronograph watch. One diamond opal twin setting sapphire pin. One hoop ring. One solid gold chain bracelet. One 14-k. twin diamond pearl ring. One 15 jewel open-faced Waltham watch.

What are the general prospects for emigration to Canada next year? They are particularly good. Our immigration bureau is in England expect an increased immigration next year and of a better class.

BETTER BAGGAGE FACILITIES.

W. G. Annable, Montreal, general baggage agent of the C. P. R., arrived in the city this morning on his annual trip through the country. He is here to arrange for better facilities for the packing and checking of baggage in the city. He is also here to arrange for a conference to be held with Potter & McDougall, the local express firm.

"It is well known," said Mr. Annable, "that the travelling public have been bothered greatly by the poor baggage facilities existing between Edmonton and Strathcona. People who are leaving the city send their baggage to Strathcona and wait till the last bus. The result is they all get there together, and a great deal of time is wasted in waiting for the baggage to be checked. We propose establishing a system between the two places which will make it so convenient as to be right into the city. The idea is to have a baggage room here, and be responsible for all baggage checked in this person can go to Strathcona and get on the train as if there was nothing else to think of."

"Another move is to institute a delivery service. In the eastern towns and cities, the baggage is taken to the hotel, and the porter is going from Toronto to Chicago, may check his baggage from the hotel in his own city, and then go to the hotel to which he is going in Chicago. We look after the baggage after the train, and all the does is to present his check. This system will probably be in operation in Edmonton in a very short time, and should help to facilitate matters in the way of baggage troubles.

"As regards my trip west, I have very little to say. The last time, I missed Edmonton, so it is two years since I was last here. In my estimation the place has made wonderful strides, and I am sure it will continue to do so. Relating to the money stringency I have noticed in some papers that the depression has not been affecting the Maritime provinces. The only way I can account for that is that these provinces have not been advancing as rapidly as the West and therefore they do not come within the limits of the money market. I think that with the natural resources of Canada the stringency will not exist here as long as it will in the States, although we will feel the depression there, and the one thing to help it through is to retain the confidence of the general public.

Mr. Annable leaves tonight for Calgary en route to the coast.

TO PROSECUTE BICYCLISTS.

For some time complaints have been received by the city police of bicyclists on the streets at nights without lights or bells, thus endangering the safety of drivers of teams as well as pedestrians. In future the officers will be on the lookout for such persons. The section relating to this reads as follows: "Any person riding or driving any kind of bicycle shall when about to meet, overtake or pass, or when actually meeting, overtaking or passing any person, travelling upon a street, trail or lane in charge of a vehicle drawn by one or more draught ani-

mals, do so at such a slow rate, and when overtaking do so with his torch known by a bell that all danger of frightening the animal or animals drawing the vehicle shall be avoided.

THEFT OF JEWELRY.

From Tuesday's Bulletin. At the police court last night two young men named R. Roberts and B. H. Stray, were arraigned before Police Magistrate Cowan on a charge of theft and remanded to the Mounted Police barracks until next Saturday afternoon.

Roberts has been in the employ of S. Nankin, jeweller and optician, in Jasper avenue, since October 1st last. Previous to that time he conducted a jewelry store in Lloydminster.

Stray was a friend of Roberts, having become acquainted with him in the C. N. R. town.

Over the past two weeks," says Mr. Nankin, "I have been missing jewelry from the store and I had at first no suspicions of who the thief was."

Mr. Nankin went to Pawnbroker Kline, who runs a store across the street, and made arrangement with a former clerk, J. Barton, now employed by Mr. Kline, and who was acquainted with Mr. Nankin's stock, to keep a look out for any goods that might be offered for pawn.

On Saturday afternoon the expected happened and Stray came to the pawnbroker's with a bunch of jewelry consisting of seventeen jewel Elgin watch, worth \$26, a solid gold chain worth \$22, and a ring set in diamonds and worth \$45. The goods were accepted and the matter reported to Mr. Nankin, who at once had information against Roberts and Stray.

The warrants were placed in the hands of Detective Grillo, who located the suspects at their homes on Kinsisto and Peace avenues respectively and arrested them early on Sunday morning at the city.

Upon further investigation Mr. Nankin thinks the speculations have extended to the summer of 1907. Yesterday there were returned to the store the following articles, which it is alleged were given by Roberts to Stray: Three watch chains. One sunburnt pearl brooch, solid gold.

One ladies' gold chain, 20 pennyweights. One hoop ring, diamond and pearl. Two 10-k. gentlemen's gold lockets. One chronograph watch. One diamond opal twin setting sapphire pin. One hoop ring. One solid gold chain bracelet. One 14-k. twin diamond pearl ring. One 15 jewel open-faced Waltham watch.

What are the general prospects for emigration to Canada next year? They are particularly good. Our immigration bureau is in England expect an increased immigration next year and of a better class.
