President of Alberta Miners Commends Government Legislation in Workmen's Interests.

(Tuesday's Daily.)

Peters, general complishment of the reforms in the Content arrange- go, desired by everybody. Continuing Sherman has been in the city in the province of the p terests of the coal miners of the province watching the legislation of the govern to will amount to 5c. per 130 pounds to the influence and power of the United States to the Workcommittee of the Legislature Mr. Sher

"On behalf of the United Mine Work ers of America, the largest body of or ganized labor in this province, I desire to say that the labor legislation passed Winnipeg had more favorable freight rates on goods from the east than either Calgary or Edmonton. The new freight rate will come into effect about March 15th. It was originally intended to introduce the new rate on March 1st, but owing to delays in the arrangements and the tact that motification of the change had to be made the date of the introduction of the rate has been postponed until March 15th.

Washington, Feb. 25.—The case of Clarence H. Vonner vs. the Great Northern case of the Great Northern railway and James J. Hill which was begun in the United States Circuit about March 1st, but owing to delays in the arrangements and the tact that motification of the change had to be made the date of the introduction of the rate has been postponed until March 15th.

Washington, Feb. 25.—The case of Clarence H. Vonner vs. the Great Northern railway and James J. Hill which was begun in the United States Circuit to place the wage-earners of this province upon an equal footing with the workers of other provinces in th Washington, Feb. 25.—The case of at this session of the Legislature, whit Clarence H. Vonner vs. the Great Nor-not all that we have hoped for, is a March 15th.

This new rate will do much to assist these two Alberta cities in becoming the leading wholesale and distilluting points in the west. The greater part of the freight brought in the west.

The wind and Quincy Railway company, was decided by the Supreme Court of the U.S. today against Vonner. Vonner charged that he had engineered the merger for the respectively.
