the Colony of Newfoundland, Govern-
ment House, St. John's, New-
foundland.

Shipments for Distribution by New-
foundland War Contingent
Association.

Sir,—With reference to packages
of clothing, etc., sent over from New-
foundland, I have the honor to state
for Your Excellency's information that
arrangements have been made
with Mr. Reeve whereby packages
can be handled by the Queen Alex-
andra Field Force Fund, Knights-
bridge, London, with whom free ware-
housing, distributing and forwarding
arrangements have been made; this
applying also to goods in bond.
Therefore when shipping down, please
be sent to me I can instruct landing
agents accordingly, and in consulta-
tion with the Newfoundland Patri-
otic Association.

This should prove a good arrange-
ment, and limit costs in this country
I have the honor to be, Sir,
Your obedient servant,

H. A. TIMEWELL, Capt.
Paymaster & O. J. Records.

An Appreciation.

Mrs. Minnie Heater formerly of Hr.
Grace but now of this city, is in re-
ceipt of a postal card from Sgt. John
Robinson, of the Newfoundland Regi-
ment. Mrs. Heater as well as many
other workers of the C.A.A. was
accustomed to place her name and the
date of knitting in each pair of socks
forwarded. Sgt. Robinson writes as
follows:—

Dear Madam:—Just a card from
the man who received your pair of
socks of May 19th, 1915. Was very
pleased to get them, as I was very
sick and about to leave the Peninsula
to go to hospital with jaundice. I
am now at Malta in hospital. I am now
getting along alright. I am in the
First Newfoundland Regiment. My
name is (Sgt.) John Robinson, of
St. John's. I am very thankful to you
for the socks.
Malta, November 28, 1915.

MINARD'S LINIMENT CO., LTD.

Nfld. Copper Mines
Working Steadily.

The Newfoundland correspondent of
the Canadian Mining Journal writes:
Work on the different copper mines
throughout the Island goes on steady-
ly, and the output increases. Mr.
McKay's Syndicate, capitalized at
\$100,000, and better known as the Hy-
dro-Electric Smelting Co., has com-
pleted all arrangements for the erec-
tion of a copper smelter, on the south
side of the harbor of St. John's. The
company has purchased from Mathie-
son & Co., of London, the old copper
mine at Little Bay, in Twillingate dis-
trict. The immense deposits of copper
waste which were piled up during the
years this mine was working, contain-
ing several hundred thousand tons,
and considered in those days not
worth handling, will at once be uti-
lized by the company, and used to feed
the smelter, and will thus be turned
into commercial value. When this
mine was in operation, 35 years ago,
only the very best ore was shipped
from there to Swansea, so that large
piles of ore containing a great per-
centage of copper were thrown aside
into waste dumps, which will now be
used to considerable advantage. In
the neighbourhood of this mine is a
large lake, into which thousands of
tons of copper waste was thrown and
the drainage from copper heaps
thrown around have been flowing in-
to this lake for years. Scrap iron
taken from the water is found to con-
tain thick coatings of copper. The
Little Bay Mine was worked very
successfully and with considerable
gains when copper was worth seven
cents a pound, so that the present
owners may reasonably expect very
profitable returns when copper is
quoted at 20 cents per pound.

The Newfoundland Shell Co., Ltd.,
hope to be able to begin manufactur-
ing shells at the beginning of the New
Year. The capital stock of the com-
pany has been fully secured to the
shareholders by the government guar-
antee. The par value of the shares
is \$50 each, and there remain only
500 more shares for subscription
which will no doubt be all taken up
during the week. The Company is
under contract with the Canada
Steel Committee to manufacture
shells for the Imperial Government,
and under terms which assure very
profitable returns. It is pleasing to
note that the copper and steel to be
used in the making of these shells will
be produced from the mines of New-
foundland, the copper being mined
here and the steel a product of the
iron mines of Bell Island, which
will be smelted and manufactured at
Sydney, C.B.

Klark-Urban Co.

Will Open Monday Evening at The
Casino in Within the Law.

Here it is at last, a real melo-drama
with a big story, full of merriment
and life. Those much abused terms
"gripping" and "ripping" only partly
describe it. It is called "Within the
Law" and it is to be produced by the
Klark-Urban Company at the Casino
Theatre on next Monday evening. High
class vaudeville will be introduced be-
tween the acts making a continuous
performance. Seats at The Atlantic
Bookstore.

ESSENCE OF GINGER WINE.

Having had considerable corre-
spondence with parties in the Old
Country, I have at last succeeded in
obtaining the genuine and original
recipe for the "Essence of Ginger
Wine," which I now offer at 15 cents
per bottle. This recipe has been safe-
ly guarded for a great many years.
It was originally prepared by an old
Squire in Lancashire, A.D. 1754.
It is made from the purest ingredi-
ents, and is strictly non-alcoholic.
It makes an ideal drink for the young
and the old. The contents of one
fifteen-cent bottle, mixed with
three quarts of hot water, in which
there has been previously dissolved
one and a quarter pounds of sugar,
makes the Ginger Wine ready for use.
I have in introduction in introducing
this (but still new) preparation.
