The HAY Situation!

All our advices from Quebec, Charlottetown, New Brunswick and Nova Scotia point to a short Hay crop this season and the actual figures estimate the shortage as low as fifty per cent. or one-half of an average yield.

The excessive heat and lack of moisture during the growing season is accountable for the poor crop and as a consequence Hay has "jumped" considerably the past few weeks, and higher prices are expected as the season advances.

Under these conditions we strongly advise our customers to secure their Winter requirements of Hay at once, and as we have a large shipment (secured before the advance) ex Canadian Sapper from Montreal to-day, we are prepared to quote tempting prices on this lot for prompt delivery from ship's side. Get our quotations.

THE MODERN WAY.
 A Word of Advice to Those Who Suffer With Corns.
 If you would know of the newer, better and safer way to remove corns and bunions, we would suggest—use
REXALL CORN REMOVER.
 This efficient product is offered in an ideal non-spillable bottle, which is equipped with a handy glass applicator rod. When treating corns—buy Rexall Corn Remover and get the best. It costs you only 55c. the bottle.
