ROBERT QUICK'S CRIME

Insane Man Strangles His Younger Brother to Death.

Cutting His Brother's Hair Saturday Afternoon, He Suddenly Dropped the Scissors and Grabbed Him Round the Throat—After a Terrible Struggle the Murderer Succeeded in Strangling Alfred to Death.

Strathroy, March 27.—A tragedy which has shocked the residents of the community occurred in the Township of Carleton Place Saturday afternoon, about 4 o'clock, when Robert Quick, a young farmer, residing in the 10th Concession of Carleton Place, about one and a half miles south of here, killed his younger brother, Alfred, by choking him to death. The murderer is a widower with five small children. For some time previous to his marriage he was in the insane asylum, but was thought to have recovered. He and his children lived together on his farm. His brother, whom he murdered, was a well-to-do farmer and the sole support of his widowed mother, with whom he resided on the homestead, a short distance away.

A Terrible Struggle. Recently Robert has shown symptoms of insanity and Alfred, who had gone over to watch him, returned to his own home Saturday, thinking his brother better. In the afternoon he returned to his brother's for the purpose of having his hair cut. While Robert was acting as barber he suddenly dropped the scissors and grabbed his brother around the throat. A terrible struggle ensued and it appears they scuffled with one another from the kitchen until they reached the front room of the house, when Robert finally succeeded in strangling him to death.

Children Notified Neighbors.

Three of the children ran over to the neighbors, saying that their father had killed their uncle and asking them to go over to the house. Coroner Dr. A. Thompson and Chief of Police Wilson were summoned and they, with Henry Cline, were soon at the scene. Quick was brought to the jail here without trouble.

He apparently does not comprehend his position. He says he loved his brother, but had killed him, as he was influenced by a spirit to do so. He is about 45 years of age, of a quiet disposition, but somewhat of a religious fanatic. His brother was about 28 years of age. There is another brother residing at the Soo and one in Michigan. Chief Wilson took the prisoner to the County Jail at London Saturday, where he will be kept until Tuesday, when an inquest will be held.

OTTAWA MAN WEDES TROUBLE.

Marries 15-Year-Old Girl, Charged With Abduction and Worse.

New York, March 27.—Within an hour after being married to Madeline Giddens, a 15-year-old girl of Brooklyn, Edward W. N. Stewart, aged 32, of Ottawa, Ont., was arrested last night in Brooklyn and locked up on a charge of abduction and worse. Immediately after his arrest, Stewart was charged by T. J. Assit, of Brooklyn, with having passed a cheque for \$100 on the Union Bank of Brooklyn, in which he had no account. Stewart said he was connected with a furniture firm in Ottawa.

Had Wife in Canada.

Los Angeles, Cal., March 27.—J. S. McMurray, alias Edgar M. Ruby, musician, lecturer, singing evangelist, erstwhile organist of the First Church of Pasadena, pleaded guilty to bigamy before Judge B. N. Smith Saturday and was sentenced to three years in the State's prison at San Quentin. The chief of police found that he had wives in Pasadena, Cal., and in Ontario, Ont., and that he was married to Sarah E. McCrory at Belleville, Ont. in 1877. There were three children by this marriage, and Mrs. McMurray and her three children are living at their old home yet.

Found Man Dying in Marsh.

Windsor, March 26.—While hunting muskrats near the M. C. R. bridge in the River Rouge swamp about a half mile from River street, in Delray, a party of sportsmen noticed a body submerged in water nearly to the shoulders. One hand was clutching the weeds, showing that the man was trying to pull himself out. The man was still alive and breathing faintly. The man was rescued and taken to Coote's Clubhouse, where he seemed to revive, and while being carried upstairs gasped: "Let me catch my breath." He then became unconscious. Several hospital doctors worked over him, but it was of no avail, the man dying in the ambulance on the way to the hospital, probably of exhaustion.

Canada Tunnel Certain.

Chicago, March 27.—The Michigan Central Railroad is going to build a tunnel under the Detroit River between Windsor, Canada, and Detroit. The passage last week of a bill by the Dominion Parliament, granting the railroad permission to build the tunnel, makes it certain the project will be carried out, and work will be commenced this summer.

The tunnel is to be strictly and solely the property of the Michigan Central. No other line will share the cost of the construction.

C. P. R. Trains Collide.

Montreal, March 27.—The C. P. R. train for Quebec and one from that point for Montreal crashed into one another at St. Lawrence Saturday afternoon. As a result the engineer of the former train, Charles LaLumiere, had his legs broken and the passengers on both trains were badly shaken up. The engines of both trains were slightly damaged.

Toronto Man Loses a Foot.

Barrie, March 27.—John Arnold, a member of a C. P. R. surveying party, while attempting to board the 5.30 train slipped and fell between the wheels. One foot was badly crushed and had to be amputated, the other also being seriously injured. He is a young married man, his home being in Toronto.

Judge Rochon sent them back again, and locked them up for the night. If they do not agree by morning, the jury will likely be liberated on bail to await a new trial.

Threw Switch to Wreck Train.

Clarksville, Tenn., March 28.—Four men were killed yesterday when a string of freight cars running wild on the Louisville and Nashville Railroad crashed into a freight train near here. It is thought by railroad men that the switch had been thrown for the purpose of wrecking a fast passenger train.

Government Steamer Ashore.

Annual Whipping Days.

Canterbury school in England had an annual whipping day, when, as Green tells us, an all round whipping was given to the boys not for any definite fault on their part, but with a view to their general improvement. Canterbury was not singular in the belief that a sound birching now and then was in itself a good thing for boys. The idea was commonly held in the old scholastic world and was regularly acted upon by the most famous head masters, from Dean Colet to Dr. Keble. Erasmus says he was flogged on this principle, and Charles Lamb found it to be the practice at Christ's hospital.

One Exception.

President Luther of Trinity college, at Hartford, Conn., preached one Sunday when he was professor in Sunday school on the story of Esther. He concluded with the words, "So they hanged Haman on the gallows that he had prepared for Mordecai," and every one was pleased. Then as the irony appealed to him he added in a lower voice, "Except Haman."

Ottawa, March 28.—Tenders have been asked, and received by the railway department from the two Canadian rail mills, one at the "Soo" and the other at Sydney, for the supply of 10,000 tons of rails, to be used on the line of the Intercolonial Railway.

PEACE IN SIX WEEKS

A Change Has Come Over the Spirit of Czar's Dream.

Affirmation is Made With Such Positiveness That It is Regarded as An Indication That Russia Has Information as to Japanese Terms and That She Can Agree to Them—Progress of the Retreat.

St. Petersburg, March 26.—The information contained in these despatches for over a week regarding the change in Emperor Nicholas' attitude concerning the advisability of making a pacific proposal to Japan is fully confirmed and in high quarters peace within six weeks is regarded as certain. The positiveness with which this is affirmed would indicate that the Government is already in possession of information as to the Japanese terms, which indicate a basis to which Russia can agree.

The exact situation is shrouded in mystery. The secret of what has been done and what is being done is jealously guarded. The Associated Press hears, however, from a source close to the throne that pourparlers are actually in progress in Paris, but possibly only of a preliminary character, and that Copenhagen may be the scene of the first exchanges between representatives of the two powers.

In this connection importance is being attached to the visit of M. d'Iskowsky, Russian Minister at Copenhagen, and Baron Rosen, former Russian Minister to Japan, to M. Bonaparte, the French Ambassador to Russia, on Tuesday. The parties to this conference refuse to admit that significance attached to it. In the meantime the foreign office is silent.

Progress of the Retreat.

Tokio, March 27.—The following official despatch has been received here: "Our Singing force reports that the enemy has retreated from Singing toward Haulungchou, nine miles northeast of the enemy's cavalry halted at Minhuachien, on the Kirin road, in the district between Piyoun Pomen and Changtu. It was said to be a retreat of the enemy's cavalry. A few of the enemy's troops are appearing."

"Natives report 200 of the enemy's cavalry posted at Tishenku, nine miles north of Wannasai, and 600 infantry and cavalry at Taotu, fifteen miles east of Wannasai."

"Changtu reports a few troops in the district twenty miles northward of Chinchiatun, twenty-three miles north-east of Fakoman. Reports do not trace the enemy from Kungpin, thirteen miles northwest of Fakoman, but some troops from Liaoyang and Wopeng are twenty-five miles north of Kungpin."

Japs Repulsed.

St. Petersburg, March 27.—A despatch from Gen. Linevitch says that the Japanese are commencing the Russians from the neighborhood of Pul-tinas. Another despatch from the commander-in-chief says that the Japanese are retreating from the Russian posts at Shennetska, made a vicious attack, but were repulsed. A third despatch from Gen. Linevitch says "Our cavalry forced the Japanese on our extreme left on March 23 back at Nanshengtsi."

Quiet Along the Line.

Gunsburg Pass, March 27.—Everywhere along the front there is complete and ominous quiet. No collisions were reported yesterday.

WAR COSTS 500,000 MEN.

Since War Began 774,554 Men Have Been Sent to Harbin.

St. Petersburg, March 27.—Russia has lost 500,000 men in the war with Japan.

This astounding secret was revealed Saturday by Gen. Sakharoff, who, by the criticism of his conduct of the War Office, blurted out the facts in an official statement.

For his temerity in revealing to Japan the whole of the secret of the Russian losses, Sakharoff will be dismissed from his post by the Czar.

Nearly a Million Men.

Gen. Sakharoff shows that the Siberian railroad has delivered the military war up to to-day 761,467 soldiers, 13,057 officers, 146,408 horses, 1,521 guns, and 351,000 tons of stores.

The publication of this article has created a sensation among military men in public circles, many of the former censuring the general staff for disclosing valuable military secrets, and the latter finding from the figures a practical admission that the war has cost almost a million men in killed, wounded, prisoners, and sick, as the whole effective force in the Far East is now believed not to exceed 300,000 men.

Gripenberg Relieved.

St. Petersburg, March 27.—The Imperial order relieving Gen. Gripenberg from the command of the second Manchurian army, but permits him to remain as aide de camp to the Emperor.

Third Fleet Sails.

Suez, March 27.—The whole of Vice-Admiral Zhelezoff's squadron has sailed southward.

Parade of 100,000 Prisoners.

Tokio, March 27.—The first of the Mukden prisoners arrived at Tokyo yesterday en route to the Narashino Barracks. They were transferred at the Omori Station, avoiding the city. There were no crowds and consequently no demonstration. The prisoners were poorly clad.

Correspondents as Prisoners.

Kobe, Japan, March 27.—Richard H. Little, of The Chicago Daily News, Francis McCullagh, of The New York Herald, Mr. Nadeau, of The Journal de Paris, and Baron Kriegerstein, of The Berlin Lokal Anzeiger, arrived here as prisoners of war on the Awa Maru yesterday. They will probably be kept in quarantine for some days and will be released soon. They say the battle of Mukden was a splendid affair on the Russian side, as well as on the Japanese. Several villages were taken and retaken four times. The newspaper men were surprised to learn the Russians had not asked for an armistice or made peace proposals. They say Russia's

position in the field is hopeless; that Kuroptkin lost all his heavy guns and the railway line. Capt. Judson, of the American engineers, Surgeon-Colonel Harvard, also an American officer, and Capt. Byers, of the British army, who was recently attached at Vladivostok, were also captured after the battle of Mukden by the Japanese, and arrived here yesterday morning. Capt. Judson became ill when the Russians left Mukden, and Dr. Harvard did not care to leave him, hence their capture.

BOMB FOR WARSAW'S CHIEF

Baron Von Nolken Struck and Seriously But Not Fatally Wounded—Elaborate Revolutionary Conspiracy.

Warsaw, March 27.—A bomb was thrown into the carriage of Baron Von Nolken, chief of police of Warsaw, at 8 o'clock last night. He will recover. The attack on Baron Von Nolken was the result of an elaborate conspiracy of the revolutionary party. Shortly before 8 o'clock an elegantly dressed man went to the police station at Praga, a large suburb of Warsaw, on the other side of the Vistula, and threw a bomb into the room of the station when the men assembled before going on duty. Six policemen were wounded and all the furniture, as well as one wall, were destroyed. The bomb thrower in trying to escape met a policeman and shot twice, wounding the officer in the stomach. The prisoner himself was wounded and had been placed in the hospital. A telephone message was immediately sent to Baron Von Nolken at the City Hall, informing him of the outrage. Baron Von Nolken, accompanied by a police official, took a carriage and started immediately for Praga. When passing the castle where the Governor-General resides a man standing on the pavement threw a bomb at the carriage.

Received Full Charge.

Baron Von Nolken, who was sitting on the side nearest the assailant, received the full charge of the bomb, while his companion escaped unhurt. The coachman was thrown from the box and the carriage was smashed. Baron Von Nolken was removed to the City Hall and doctors were summoned, who found he had received injuries on the head, neck, arm and leg which are believed to be serious.

Baron Von Nolken is very unpopular. He is hated by the masses of the Polish population, who hold him responsible for the sanguinary suppression of the disturbances here at the end of January. He has been here only a year, having come from St. Petersburg, where he was chief of the mounted division of the police.

Saturated With Revolt.

A revolutionary movement of considerable proportions is making itself manifest in connection with the industrial disturbances in the region around Siedlce, Bielsk, Vlodavsk, Rodin and Lukov, south and southeast of Warsaw. The country has been flooded with proclamations of foreign and local origin calling for a rising in Poland and a revolutionary song and addresses, the latter demanding the use of the Polish language in all the schools, administrative offices and courts. The population is said to be saturated with these tendencies, especially those of the Uniate sect. Children are being kept out of school. Troops have been despatched to the vicinity of Kolsk, southeast of Warsaw.

Policeman Shot.

Riga, March 27.—In a riot here Saturday night one policeman was shot dead and two others wounded.

Shops Pillaged.

St. Petersburg, March 27.—Disorders have broken out at Yalta, in the Crimea, where shops along the quay and in the bazaar have been pillaged.

Present Ultimatum.

Tiflis, March 27.—As a climax to a fortnight's peasant rioting in villages of the Schorapan district a band of 800 armed men presented the authorities a formidable list of demands for local reforms, declared themselves solidly with the revolutionary party, and fixed March 27 as the time limit for the satisfaction of their demands, after which they would accept themselves freedom of action. A battalion of troops has been sent to restore order.

800 Arrests.

Moscow, March 27.—An organized depot of arms and bombs was discovered recently on the premises of a rich merchant named Barasoff, and investigation disclosed a conspiracy to distribute arms. There have been over 800 arrests in connection with the affair.

Jews Alarmed.

Kishineff, March 27.—Jews here are greatly alarmed over a renewal of anti-semitic agitation. The Governor is taking energetic measures to prevent racial collisions.
