Dyspepsia

Makes many lives miserable, and often leads to self destruction. Distress after eating, sick headwache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes healthy digestion, relieves sick headache, clears the mind, and cures the most obstinate cases of dyspepsia. Read the following:

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness or tired, all-gone feeling, as though I had not eaten anything. Hood's Sarsaparilla did me an immense amount of good. It gave me an appetite, and my food cellshed and satisfied the craving I had previously experienced. It relieved me of that, faint, tired, all-gone feeling: I have felt so much better since I took Hood's Sarsaparilla, that I am happy to recommend it." G. A. Page, Watertown, Mass. N. B. Captains Lawler and Andrews Soon Their Atlantic Voyage.

Boston, June 23.—Many people went down to Crescent Beach Sunday and saw Capt. Lawler in the little cockleshell Sea Serpentand Capt. Andrews in the other little cockleshell Mermaid start on the ocean race. The boats were sent off from the main pier at 6:30 p.m. in the teeth of a strong easterly wind. They beat out of the bay, and by dark were on their way to Land's End, the terminus of their perilous ocean race. The boats are lifteen feet long, and will have only their respective captains aboard. Of course each one looks for a victory. Capt. Lawler has just completed the Sea Serpent. He has fitted her up with everything to make his trip as comfortable as possible. He expects to make the trip in 60 days. There was considerable betting on the result of the race at the pier as the boats started. The general impression is that Andrews will win. He made a similar voyage a couple of years ago.
