IT WANTED MORE THAN IT GOT

The Government Declined to Grant All the Amendments Asked for by G. T. P.

Ottawa, March 28.—The correspondence between the Government and the Grand Trunk Pacific Railway, which was laid before the house this afternoon, will show that the promoters of that enterprise sought a good deal more in the way of amendments to last year's contract than they were to obtain. Each proposition was met by a counter-proposition, and the negotiations were spread over weeks. This too, the papers prove, that the old country men interested in the venture have not more than half realized the opportunity that is presented to them in this bargain. The cabinet met the company in a spirit of fairness, and did not attempt to ignore the depressed condition of the money market. But the Ottawa authorities would not, in the public interest, consent to recast the whole arrangement, and all along the company had the fact before it that if the Government could not get the terms it wanted from a private corporation, it would carry the undertaking through itself upon the credit of the Dominion.

Dr. Sproule asked that the correspondence be printed forthwith. He thought it desirable that the old bill should be printed along with the new bill, and circulated before the Easter adjournment. He made a motion to this effect, which was carried.

Mr. Donnelly, the new Conservative member for East Bruce, made his maiden speech in moving for correspondence regarding the irregularity of the mail service to Walkerton, in his constituency. He is a clear, logical speaker, and was loudly applauded as he sat down.

The house adjourned at 9 a.m.

WHAT TEA DOES TO RHEUMATICS.

When you next take tea, think of this.

Tea contains 175 grains of Uric Acid in every pound.

Meat contains only five to seven grains.

Rheumatism is Uric Acid in the blood.

Uric Acid accumulates from food when the digestive apparatus cannot create enough Alkaline elements (like soda) to neutralize it.

This Acid collects urea, or worn-out waste matter, from the system.

That Urea enters the blood when Alkaline action has not previously dissolved it.

By and by the waste matter reaches the joints and muscles, through circulation of the blood.

There it gradually deposits in solid particles, like granulated sugar.

These solid particles grind between the joints and muscles at every movement.

This grinding causes irritation and pain.

These in turn may develop inflammation and swelling. That inflammation bestirs Nature to help herself.

She proceeds to coat the hard Uric particles over with cushions of pulpy mucous, like the first healing strata of an outer sore.

This pulpy covering grows to the bones, as well as to the particles deposited. There it hardens like plaster or sealing wax. Then we have "bony joints," almost inflexible, and usually fixed in a bended position, from the pain and inflammation.

That is Rheumatism at its worst.

It is bad enough before it gets that far.

There is but one sure way of curing Rheumatism. The first step is to neutralize the Uric Acid already in the system. Next, to dissolve and carry away the hard deposits that grind between the joints. Then get the digestive apparatus into such healthy condition that it will, unaided, produce less Uric Acid, and more Alkalines.

This is what Doctors generally have failed to do.

It is what I studied a lifetime to accomplish, and achieved only after many failures and thousands of experiments.

At last I found, in Germany, a solvent which was not only effective, but absolutely safe to use.

Few agents powerful enough to be effective in Rheumatism are safe.

My discovery, now called "Dr. Shoop's Rheumatic Cure," acts directly, but internally, upon Uric Acid in the joints and muscles

It dissolves and carries off the painful deposits, producing an immediate Alkaline condition of the blood, and neutralizing the Acid in it which would have fed the Rheumatism and extended the disease

It won't restore bony joints to flexibility, and it can't undo in a week the damage caused by years of rheumatic condition.

But it will benefit every case, and it will entirely cure most cases of Rheumatism

So sure am I of this, that I will supply Dr. Shoop's Rheumatic Cure, to any sick one who writes me for it, on a month's trial, at my risk.

If it succeeds, the cost to him is only $5 50 for the six bottle treatment.

If it fails, I bear the whole cost myself.

And,—he alone shall be the judge—shall decide who shall pay.

Surely you will not continue to suffer when you can thus get well, at my risk.

I have written an important Treatise on Rheumatism, telling of its relief and cure.

It is free to Rheumatic people.

Write me a postcard for it today.

Address Dr. Shoop, Box 41, Racine, Wis.

P.S.—Simple cases often yield to one bottle of Dr. Shoop's Rheumatic Cure. (Druggists $1.) But all druggists do not supply it on a month's trial. You must write to me for that. C. I. S.

TURNED DOWN THE SCHOOL

St. Thomas Refuses Grant of $15,000 to Alma College.

St. Thomas, Ont., March 29. — The voting on the bylaws to grant $15,000 to Alma Ladies' College was defeated yesterday by the ratepayers of St. Thomas by a majority of eleven. The ballots in favor number 633, with 644 against. The gift of $25,000 by the Massey estate was conditional on an equivalent amount being raised by other means. The college board had $10,000 in sight from other sources, and asked the city to grant $15,000. The result is keenly felt by the friends of Alma College, who still hope the institution may be retained in this city. The $50,000 expected by the above means would have wiped out the debt and left about $8,000 for new equipment.

A LONDON CASE.

Toronto, March 29. — Judge Britton yesterday gave judgment for plaintiff in the action of Gilmore vs. Luckhurst, recently tried at London. It was an action for recovery of land twenty inches in width on the south side of Bridges street, in the Township of London. Five dollars' dameges are also claimed.

A MAJOR UNSEATED.

Windsor, March 29. — Judge Horn gave his decision in the quo warranto case brought by Ex-Ald. Craig, of Amherstburg, against Mayor Breault and the town council. By the decision of the judge, Mayor Breault and Councilor Barran are unseated, and a new election will have to be held.

FRANCE TO HAVE STATE SCHOOLS

Combes' Bill to Sweep Away All Teaching by Religious Orders Passes the Deputies.

Paris, March 28. — By the decisive majority of 316 to 269, the Chamber of Deputies tonight passed the Government bill for the suppression of all forms of teaching by the religious orders.

This completes the work begun by the former premier, M. Waldeck-Rousseau, in 1901. The first law suppressed the unauthorized teaching orders, which had for a long time carried on their vocation despite the lack of legal sanction. The new law does not make any distinction between authorized and unauthorized congregations, but sweeps away the whole fabric of teaching by religious orders, thus substituting the system of state schools for those heretofore conducted by the orders.

Besides affecting the educational system, the passage of the bill is the achievement of the principal work undertaken by Premier Combes, and it is believed that the Premier will now voluntarily retire.

The parliamentary battle over the bill was one of the severest which the Chamber of deputies has seen in recent years. The closing vote was in the nature of the personal triumph for Premier Combes.

The property of the authorized congregations is to remain untouched until the closing of their last school, when a liquidator is to be appointed to wind up their affairs, pensioning the survivors and returning to the owners and heirs the donations and bequests which have been conditionally made, and applying any surplus to the purposes of secular education.

A glittering spectacle, with gorgeous costuming and scenery, continuous first-class comedy, and any amount of catchy, tuneful music, is "The Isle of Spice," the latest extravaganza which is being presented by Mr. B. C. Whitney, and which was seen at the Grand last night. "The Isle of Spice" opens rather slow, but as the production advances it grows gradually better until it closes in a burst of splendor, fun and melody, certainly not surpassed by any musical comedy or light opera seen in London this season. The plot of "The Isle of Spice" is decidedly flimsy, but as nobody expects the plot of an extravaganza to be anything else, there is no room for criticism on this score. It is laid in the Island of Nicobar, which, according to a voluntary piece of information on the off-side of the programme, is one of the Malayan group, but as to its identity no one will likely deem it worth while to worry. Suffice to say that the scenery which has Nicobar for its home is superb, and the situation appears to be sufficiently outlandish to make a success of any musical comedy or extravaganza.

The company are nearly all westerners, and are practically unknown in London. The leading man, Mr. Harry Kelly, who plays the part of the King of Nicobar, is, however, a funmaker of more than ordinary merit, and looks like a twin brother of Frank Lalor, of "Show Girl" fame. True, he is not a vocalist of more than passing ability, but he knows what to do to make the audience laugh, and laugh they did at him from the beginning to the end.

Kelly is ably assisted by Denman Malay and Toby Lyons, who appear as deserters from a United States warship—one an Irishman and the other a Scotchman. Both comedians are clever, and with Kelly they form a trio of laugh-provokers hard to beat. "The Goo-Goo Man," sung by Lyons and the chorus, made a tremendous hit, and was encored so often the comedian ran out of material, aed after several local hits had to call it off.

Miss Fay Cameron, as Theresa, the king's ward, took her part very nicely, possessing an admirable voice and a pleasing stage presence. One of her best numbers was a duet with Mr. Wm. M. Armstrong, "You and I," though the "Maid of Nicobar" was also excellent.

The hit of the evening was, however, made by Miss Leslie Leigh, assisted by the chorus, in "Peggy Brady." The song is very catchy, and Miss. Leigh's voice does full justice to it. There were nine encores, and each time the chorus appeared on the stage under a different light, which set off the handsome costumes to the best possible advantage, and blended the characters and scenery into a beautiful stage picture which sent the gallery wild.

The choruses were not very strong, but they were sweet and well rounded, and the music was such as to please all.

As a whole "The Isle of Spice" is an ideal production, and one which will be warmly welcomed should it play a return date in London.

MARQUIS ITO ADVISES KOREA

Latter Is Now Fully Reassured as to Mikado's Unselfish Intentions.

Seoul, March 28. — Marquis Ito and his suite, with the exception of General Ijicihi, the former Japanese military attache here, left for Tokio yesterday after a farewell audience with the Emperor. The departure of the Japanese dignitaries was attended by all the principal officials of the Government and by the foreign diplomatic representatives. Marquis Ito dined with the Emperor and the Crown Prince, and was shown the most distinguished consideration during his stay here. The visit of the Marquis has resulted in fully reassuring the Koreans, allaying all doubts as to the intentions of the Japanese Government and paving the way for the extension of Japanese influence in Korea. The marquis has continually advised careful deliberation on the part of the Koreans. He has advised against any increase in the army, and the gradual adoption of the reform measures suggested and the acceptance of Japanese advice is now beyond question. From a social standpoint the mission of Marquis Ito has lessened the political friction, and has made easier the task of those who ultimately may advise the Korean Government. The Koreans will send a return mission to the Mikado, but the ministers desire that Yi Chi Ying Ep, minister of foreign affairs, should go to Japan as Korea's representative. The hesitancy of this minister in accepting the appointment is not due to his identification with the pro-Japanese party in Korea. According to a dispatch from the Seoul correspondent of the London Daily Chronicle, March 14. General Ijichi visited the Korean war office and intimated that he had been appointed its adviser, but the authorities declined to recognize him as such.
