PAVEMENTS MAY BE INITIATED ENGINEER'S TALK

West Londoners Do Not Like Several Permanent Roadways Sent to Jail Two Months for Contemplated This Year— A Dundas Street Kick.

Ald. Forristal today had a conference A battle royal appears to be looming up between the people of West Lonwith Engineer Grayd in relative to initiating pavements on certain streets. cil and City Engineer Graydon on the other. The trouble is brewing over the The thoroughfares mentioned were land which the city seeks to purchase for breakwater purposes, and which the owners are alleged to be holding Dundas street, between Elizabeth street and the fair grounds; Dundas at an exorbitant price. Mr. F. A. in the agitation for a breakwater, takes exception to Engineer Graydon's satement that when the West Lonwere ready o give the land along the water front away, but that now, when to the attention of the mayor and aldermen. The latter are, however, much of the same opinion as Mr. Graydon, and today Ald, Forristal, hairman of the board of works, exressed the fear that the action of certain West Londoners will prevent the construction of the breakwater this year, as, if the city is forced to expropriate the land through being unable to deal satisfactorily with the owners the whole summer will be lost, and the suburbs will be left without protection from floods for another year. Ald. Forristal expresses the hope that the whole affair may be arranged amicably, but one thing appears cer-tain, and this is that the city will never pay the prices the West Lon-doners are now asking. In the meanime, the breakwater project hangs tire, and all concerned are, Micawber-like waiting for something to turn up.
It is also stated that the assessment commissioner is taking note of the

As far as King street is concerned, it is understood that the city cannot initiate a pavement on it for a year yet, as an initiation attemped by the city was knocked out last year, and, ac cording to the law, two years must elapse before another initiation can be ommenced. Of course, the people are at liberty to present a petition for a pavement to the council at any time.
