### THE ALDERMEN ARE DETERMINED THAT POLICE SHALL TAKE CENSUS

way out of the difficulty.

ing more factories for London.

month for ice this summer.

The aldermen are still determined troubles of Father Time, as heaped upthat the police shall take the census on him through the instrumentality of this year, principally because this will two barefaced clocks, City Engineer be the cheaper means of securing the Groydon has asked the Dominion Govfigures, but also because the police, all ernment to pay Ald. Gillean to do the intelligent men, reliable and with no work. The alderman may work for the Exes to grind, will be able to do the Government, but not for the city. And work with a greater degree of satisfac- herein lies Mr. Graydon's hopes for a tion to the city than any others who might be secured.

According to the latest figures the against an estimate of at least \$1,000 stecially paid enumerators.

Some talk is being heard around the city hall as to whether a police census legal and binding on all the city's agreements affected by ft.

The custom house clock is still on Strike and the city is doing its best te figure out a scheme whereby the work of winding the city clocks may be thrown back again to Ald. Gillean, who did the work and did it satisfacforily up to the time he was elected an alderman.

At the time the worthy alderman was selected by the people to represent them at the council board, they did not know that they were robbing themselves of the privilege of ascertaining the time from a couple of clocks, but such is the case. The alderman formerly received the splendid salary of \$25 a year to do the work and keep the clocks in repair. As a matter of fact it cost Ald. Gillean more than he received each year to lok after the big

properly. Weighed down by the after him for a while.
