## Shoes for Style and Service

The first shoes were made simply to protect the feet from injury and exposure.

They were made for service. They lacked nearly every line of beauty. They were really ugly.

Modern makers distinguish themselves just in proportion as they get away from primitiveness in their footwear.

"The Best Good Shoe" is as stylish as it is serviceable. That's "INVICTUS" in every one of its models.

**ROWLAND HILL**

"Invictus" Agent, London

## Fancy Frames

Just received a new lot of fancy Metal Photo Frames. These make very acceptable gifts, from 40c up.

Also a line of oval and square frames in gilt, black and walnut.

NEW YORK CITY

**Offers All That is Best in Hotel Life**

Recognized for years as the headquarters of New York's representative visitors from every state in the union.

Arranged, appointed and conducted under an established system of Hotel Management that has long catered to public demand.

**HOTEL PERFECTION AT CONSISTENT RATES**

HOLLAND HOUSE, 5TH AVE. AND 30TH ST.

Near all railway terminals, underground and elevated stations, steamship piers, theatres, shopping centres and commercial districts.

## WASTED AWAY TO A SHADOW

"Fruit-a-tives" Cured Me After 12 Years' Suffering.

Hull, Que., Dec. 24, 1910.  
"For the past twelve years I had painful attacks of Dyspepsia. Finally, in March, 1908, I suffered such tortures that I was compelled to stay in bed. I could not digest my food and everything I ate caused the most agonizing pain in my stomach. I also had a fearful attack of Constipation, and at times I had no movement of the bowels for two weeks.

"Three doctors attended me for two years and gave me all kinds of medicine, but did me no good. My weight came down to only 80 pounds, and everyone thought I was going to die. Finally I had the good fortune to buy 'Fruit-a-tives,' and as soon as I began to take them I felt better. I persisted in the treatment, and to my great joy and to the astonishment of my friends, I improved.

"Now I feel very well, weigh 115 pounds, and this is more than I ever weighed, even before my illness. I attribute my cure solely to 'Fruit-a-tives.'"

Madame ANDREW STAFFORD.  
Fifty cents a box, six for \$2.50, or trial size 25 cents. At all dealers, or from Fruit-a-tives, Limited, Ottawa.

INGERSOLL ELECTORS HEAR THE PREMIER

Only a Small Crowd Was Present at Conservative Rally.

(Special to The Advertiser.)  
Ingersoll, Nov. 17.—A crowd of about 400 people turned out to hear Sir James Whitney speak in the town hall.

The audience was almost entirely from town, and a large number who had been expected to drive in from the country did not attend, owing to the inclement weather.

The speaker, Sir James Whitney, was warmly applauded. He spoke for about an hour, and his address was a valuable contribution to the cause of the party.

Mr. William McEwen, the Conservative candidate, spoke first. He said that the Government's record, in the event of being elected, would be a record of progress and improvement.

Mr. Whitney then spoke. He followed it up with the cut-and-dried laudation of the Government's record, in the event of being elected, would be a record of progress and improvement.

Mr. Whitney then spoke. He followed it up with the cut-and-dried laudation of the Government's record, in the event of being elected, would be a record of progress and improvement.

## CHURCH AND CLERGY HAVE STOOD ALOOF

In Efforts to Uplift Humanity, Says Dr. Locke of Toronto.

MUST MIX WITH PEOPLE

It is Help From Below That is Needed—Address Before Women's Canadian Club of London.

"Times Change: Do We Change With Them?" asked Dr. George H. Locke, public librarian of Toronto, in an able and interesting address before the Women's Canadian Club at the Normal School on Friday afternoon.

"New occasions bring new duties," said Dr. Locke, "but we are meeting these new duties? The old idea was formerly held that this present life was merely a preparation stage for an important life that followed but more recently we are coming to realize the full importance of the life today. Life is a process, an evolution. Individuals are not born for certain employments. Men's intellectual equipment is about equal, but their emotional responsiveness varies slightly. Men are born to a certain profession only when they take the greatest possible interest in their work.

"The call to service today in Canada has never been equalled in any land at any time. The interdependence of individuals is becoming more and more intensified as a result of the progress of science and invention. Today, a single accident may cut off light and water from an entire city.

"Today, even the making and returning of social calls has become systematized to certain days and hours, whereas in older days anyone dropped in for a social hour at another's home whenever one felt so inclined.

"Means of Entertainment.  
"Conversations used to be the great means of entertainment, but now the restlessness in human life is evidenced in the growth of theatres, moving pictures, amusements with an element of risk, and games like bridge whist, which provides a nervous employment without undue strain. The barroom and club attract for the same reason.

"The church and clergy," declared Dr. Locke, "have stood aloof from humanity in their efforts to uplift the world. They have not gone down and mingled with the people. It is help from below, not a rope thrown from above that is needed. It is boosting, not lifting, that is required. The socialistic development in England is a hopeful sign of an awakening consciousness in the masses.

Woman's Work.  
Dr. Locke then told of the good work done in Chicago, Toronto, and elsewhere by women's clubs and organizations. Jane Adams and the Hull House settlement were cited in particular. It was the mission of women's clubs to make the world keep pace socially, progress in science, invention and other lines. No government is strong enough to withstand the influence of women in the home. The old-time education, like the old-time religion, some men assert to be good enough for them. But the old-time education do for the boys and girls of today. The school should not reflect civilization, but should point the way for a better civilization.

Dr. Locke said he was not in favor of a compromised mechanical mixture to replace the imperfection in present-day education. His own ideas are the great essential in life. The boy or girl who is brought up in the city is handicapped in life. The boy in the city home has nothing to do. Moral training as such is a mighty power. Today, as never before, there is a great need for men who can stand the test of integrity against the strength of the great corporations.

A very excellent and well-prepared paper on "Canada" was read by Mrs. Walter Burns, of St. Thomas, in which she dealt with the extent, natural resources, advantages and scenic beauties of this country.

Vote of Thanks.  
A vote of thanks to Dr. Locke and Mrs. Burns was moved by Mrs. Gordon Wright, and seconded by Mrs. P. W. C. McCutcheon.

In the absence through illness of Lady Gibbons, Mrs. Talbot Macbeth presided.

A VALUABLE PICTURE  
Painting Shown at Ingersoll, Recently Sold for a Large Sum.

(Special to The Advertiser.)  
Ingersoll, Nov. 17.—A year ago, when a collection of rare paintings was exhibited at the Palace Hotel in the Church of the Sacred Heart, "The Crucifixion," by Van Dyke, a comparatively small painting attracted much attention.

Father Gnam, who is very familiar with the works and the careers of the famous artists, gave a comprehensive explanation of this picture at the time, and those who recollect seeing it will be interested in learning that it has been sold for a large sum. The painting is three hundred and thirty-eight by one hundred and thirty-eight inches, and it will be exhibited and inspected by experts. The painting is a valuable

MDONALD OF CHESLEY UNANIMOUSLY CHOSEN

Fine Meeting of Center Bruce Liberals Held at Glamis.

(Special to The Advertiser.)  
Kincairdine, Nov. 17.—At a routine meeting of the Liberals of Centre Bruce at Glamis this afternoon, Wm. McDonald, of Chesley, was the unanimous choice for candidate in the coming elections. He was promised the heartiest support by representatives from districts all through the riding. Addresses were given by Messrs. McDonald, Tolmie, Macdonald, Hunter, Campbell, Armour, and Pinkerton.

CAMLACHIE.  
Camlachie, Nov. 17.—Mrs. Angus McFarlane, of Toronto, is visiting friends in this vicinity.

Misses Katie and Jessie Daley are attending the wedding of their cousin in Carsonville, Mich., today.

A happy event took place at the rectory in Wyoming yesterday when Miss Llena Joynt was married to Mr. Fred Smith. Both of the contracting parties are from Camlachie and will reside in Sarnia.

Mr. W. Garrett is laid up at his home as a result of injuring his hand.

"Do not believe there is any other medicine so good for whooping cough," writes Mrs. Francis Turpin, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by all dealers.

## FOREST IS GETTING MANY FINE BUILDINGS

New Public Library and Hand-some School Among Others.

[Special to The Advertiser.]  
Forest, Nov. 18.—Work in the building is very brisk in Forest at the present time. The work on the new \$60,000 Carnegie Library is being rushed along as quickly as the weather will permit. It will be a fine building when completed.

The new \$20,000 six-room public school is rapidly nearing completion. It is a very handsome red brick structure and will be one of the best-appointed schools in the province when finished.

The outside work on the splendid new Bank of Commerce building is finished and the contractors are now very busy finishing up the interior.

Frisco Presented.  
The Forest high school held their annual concert in the town hall Thursday evening. The Frisco Concert Company put on an excellent programme, which was thoroughly enjoyed by a large audience. An interesting feature of the evening's entertainment was the distribution of the diplomas, medals and prizes by Dr. J. P. Hubbard, chairman of the board, and the Jas. Bush prize, presented by Mr. Bush. The proceeds amounted to \$125.

Mrs. Jas. Cronin, pioneer resident of Warwick, died at her home, six miles south of Forest, on Tuesday, and was buried at Bethel Cemetery. Her husband, one, and it is expected that much will be heard of it in the future.

A big rally of the young people of the town interested in Christian Endeavor will be held in the Baptist Church next Wednesday evening. The principal speaker of the evening will be Mr. Lehman, a noted Christian Endeavor worker, whose coming is anticipated with much interest. He has an international reputation and will doubtless arouse greater interest in the work.
