PLATFORM UPSET BY ANGRY CROWD IN LONDON PARK

Speakers at Men's Suffrage Liberal Amendment Was Shut Meeting Rudely and Unexpectedly Silenced.

From Various Parts of England.

[Canadian Press.]

London, May 11.-Riotous scenes League for Woman's Suffrage to hold a meeting in Hyde Park this afternoon. The police gave the league permission to use a lorry as a platform, and the overturning of the lorry by the crowd ended the proceedings. The meeting, as usual, started in an orderly manner, but when Mr. Laurence Housman, poet and playwright, attempted to address the audience some 10,000 greeted him with hisses cat-calls. The speech was interrupted by heated comments from his hearers. Other speakers met with even less success, interruptions taking the form of clods of earth and other

One youth had an ingenious idea of annoying the speakers. By means of a piece of mirror he reflected the sun's rays on the faces of the speakers, causing such discomfiture that they were obliged to turn round and address another section of the crowd. "Ignorant Hooligans."

Later one speaker made an allusion to the "ignorant hooligans," The crowd took this as a direct application to themselves, angry cries raised and an ugly rush made for the The police made valiant efforts to keep back the excited crowd, but were practically powerless. The leap just in time, for half a second later the wagon was completely overturned aftr a desperate heave by the protesting audience

Hyde Park Scenes,

There were the usual suffragette scenes in the park. The police had another exciting afternoon's work, especially in the neighborhood of the Serpentine. Two attempts were made by women to plant flags in the park, but in one case the flag was seized the police, while in the other instance they captured it. Its bearer was hustled and jostled until the police gave process. Under such conditions it will

Dublin Plot Unearthed

Dublin, May 11.-A tin canister containing 42 gunpowder cartridges was found last night in a room of the Empire Palace Theatre. The cartridges were padded all round with cotton saturated with oil. A cotton cord, also oil-soaked, was attached, to the canister, and the cord was burning when the bomb was found. A girl, formerly employed at the known, however, that would connect her with the suffragette movement. Later in the evening an alarm clock, to which a small box was attached, was found in the telephone box of the postoffice on College Green. An examination failed to dis-

close any explosives. John Dillon Defiant.

Dublin, May 11 — John Dillon, member of Parliament for East Mayo, surrounded by a band of suf-fragettes opposite the Mansion House on Saturday, told them that he would vote against them every time. Early Sunday morning Mr. Dillon's residence was bombarded with stones. Many windows were smashed. women were arrested on the charge of breaking the fanlights of the premises of the United Irish League about the same time,

Part of Crater Fell Into Mount Vesuvius

[Canadian Press.]

Naples May 11.-The activity Mount Vesuvius, which has been apparent for several days, reached a climax today, when part of one crater collapsed with a deep roar. The tremblings of the mountain could be distinctly felt, and after the explosion observations showed that a funnel 250 feet deep had been formed. From this dense sulphurous clouds and white smoke ascended. tourists climbed the volcano.

found a hole in the craftily-constructattended attempts of the Men's ed closure rule, and the Government found itself at 2:30 on Saturday morning faced with the possibility of considering an amendment by Mr. Carroll, of Cape Breton, before the bill could be finally put through, resort was had once more to brute-force methods, even without any formal sanction of rule. The amendment was in the shape of a new clause to be whenever practicable in the construc-tion of the ships provided under this act, the contractors or builders shall be bound to accept steel and other materials produced in Canada at the current prices for the time being in

Was Shut Out. This amendment, having in view the aterests of Canadian labor and the development of Canadian resources as advocated by the framers of the Na tional Policy, was shut out from all consideration by the action of Premier Borden and of Deputy Speaker Mlondin in twice taking the floor away from Mr. Carroll after he had caugh

he chairman's eve. The Prime Minister and his Nationalist deputy speaker refused to recog-nize Mr. Carroll's rights under the rules and put the motion that the bill rules, and put the motion that the bills great disorder, while practically every speakers made hasty exits from the Liberal was still on his feet protest-vehicle, but one was left when the ing, Mr. Blondin declared the motion carried. Only the Ministerialists rose on the ensuing sham vote to record heir indersation of the Premier's motion. The Liberals, emphasizing the unconstitutionality of the whole proeeding, remained in their seats and ried "Shame."

A Small Vote. The vote which "carried" Premier Borden's motion to report the bill forthwith, was: Coalition Ministerialsts 95, Liberals θ . Considerably less than half of the 221 members of the House voted at all. The seven still realcitrant Nationalists remained disreetly away.

That was how the bill "representing he free gift of \$35,000,000 by the Canadian people to Great Britain" was passed through the final committee stage. It still has to pass the third go to the Senate.

When the steamer W. L. King came into Milwaukee harbor with \$12,497 tons of coal aboard, she shattered all records for that port. Algoma Central Steamship Company,

hich recently purchased the two Gilchrist boats, Uranus and Saturn, have changed the vessels names to W. C. Firany and J. Frater Taylor. Dispatches from Cleveland state that shippers absolutely refuse to charter tonnage with a demurrage clause.

Boats Are Scarce. Shippers of coal complain of scar-ty of boats. Tonnage demand is ood, and small vessels are making

cents over the rate to Lake Michigan The trade is brisk, and contract capacity well taken up. Considerable wild tonnage is wanted in both coal Lumber is picking up, and the de-

nand for carriers Increasing. The recommended draft at the Soc was marked up last week, and the boats are loading deeper than they did a year ago. The improvement in the stage of water will increase the capacity of the fleet materially. Boats of the largest class will carry tons a trip more than they did last
