NOVA SCOTIA SCHEME FOR OLD AGE PENSIONS

Bill Introduced by Government With That Object in View

COMMISSION TO BE APPOINTED

Miners' Coal Operators and Government to Contribute to Fund for Pension Purposes

Halifax, March 29.—Premier Murray has introduced a bill which is of supreme interest to workmen in this province. It is entitled "An Act to provide for the relief of old age pensioners and miners' relief societies."

The bill in effect provides for appointment of a commission of three members, whose duty it shall be to examine into the reports on the fees and to report upon the organization and administration of all societies founded upon the provisions of the act.

Their report will be the basis of a government measure providing for a fund for the coal workers of the province, to which fund the miners and who shall also examine and report upon the organization and administration of all societies founded upon the provisions of the act.

RUMOR NAMES PREMIER FOR LONDON OFFICE

Says Sir Wilfrid Will Become Peer and Succeed Lord Strathcona

NEW COAL LANDS REGULATIONS

Deputy Minister of Labor Speaks of Bearing of New Act on Prospective Labor Disputes

Ottawa, March 29.—The Montreal Witness says Lord Strathcona will retire from the position of high commissioner for Canada, and that Sir Wilfrid Laurier is to take his place and be raised to the peerage under the title of Lord Althabasca. It is added that the idea has been favorably received by the friends and colleagues of the prime minister and by the representative men of all shades of political opinion, and that an intimation has been received from England to the effect that such an appointment would be most acceptable to the British people.

Under a supplementary convention with the States there has been added to the list of offences applicable to either Canada or the States for which extradition may be asked, the following: Every person who is offering, giving or receiving of bribes made criminal by the laws of both countries; offences, if made criminal by the laws of both countries, against a bankrupt law.

BLOOD TRANSFUSION

Process Used in Attempt to Save Woman's Life

LONDON HAS HOPES OF BIG STEEL PLANT

Representative of French Company Looking for Location in Canada

New York, March 29.—For the first time in America, transfusion of blood was resorted to yesterday to save the life of a patient, says a despatch from Philadelphia. Mrs. Anderson was dying from anaemia in the Polytechnic hospital. The doctors decided on a transfusion of blood from a healthy donor. The woman was brought back to consciousness, and now has more than a fighting chance for complete recovery. Anderson himself, though weakened by the loss of his blood and the loss of his wife's blood, and bids fair to be himself again in a few days.

London, Ont., March 29.—Representing the largest steel company in Canada, a plant which would employ 1,000 men, Monsieur W. Jacques has been in the city for several days seeking information concerning London's facilities for the location of such a plant. He is expected to return to Montreal, where he will be met by his brother-in-law, M. Jacques and his elder brother, who will visit London again in the next few days.

ONTARIO LABOR PARTY IS FORMALLY LAUNCHED

Resolves to Nominate Candidates for Legislative and Municipal Bodies

PEASANTS SUBDUED BY FIRE OF ARTILLERY

The Mayor of Kaslo Passes Away After a Long Period of Illness

Ontario, March 29.—The Ontario Labor Party was formally launched today at a meeting held in the city of Toronto. The party's platform is based on the principle of independent political action, and it has resolved to nominate candidates for the provincial legislature and also for the Dominion parliament.

The above resolution was passed at a large conference of labor men yesterday, when a new labor party for Ontario was organized. W. R. Rodd, of Hamilton, was elected first president of the Ontario Independent Labor party.

Kaslo, March 30.—C. W. McAnn, K. C., mayor of Kaslo, passed away at a quarter after six this evening. Death was not unexpected, as he had been very low for some weeks past. Mr. McAnn has been acting for a number of years, and last fall took a severe turn for the worse. At that time the exact nature of his ailment was not fully known, and was thought to be a tumor. Some months ago he went to Rochester, Minn., for treatment under the care of the Mayo Bros. While there he underwent a severe operation, and recovering somewhat returned to Kaslo. On arriving here he continued to gain, and high hopes were entertained that he ultimately would recover.

WALKING ACROSS CONTINENT.

Port Arthur, March 30.—Sergeant McLeellan had a queer character at near Edinburgh, Scotland. He states that he is now 74 years of age.

THAW LUNACY COMMISSION

Mr. Jerome Gets Permission to Summon More Experts

New York, March 30.—The plans of the Thaw lunacy commission to complete its work today, and to submit a report to Justice Fitzgerald on Monday morning, are being held up by the condition of the slayer of Stanford White, were upset late today by an appeal by District Attorney Jerome to be allowed to produce more witnesses before the commission reaches a decision. After an adjournment until next Tuesday morning, when it will hear expert testimony called by the district attorney. Chairman McClure served notice, however, that the witnesses summoned must confine themselves to facts and opinions which deal with the present condition of Thaw, and must not go into details of his past or future.

ARMAMENT QUESTION ON CONFERENCE PROGRAMME

Great Britain Asks Russia to Have This Subject Included

OTHER POWERS ARE NOTIFIED

Foreign Office Takes Occasion to Correct Reports as to Attitudes of Other Countries

London, March 30.—Great Britain has made a formal and official request upon Russia to include in the programme of the next Hague conference the question of limitation of the expenditure on armaments, and through her ambassadors and ministers she has notified the powers invited to attend the conference of this action. This was done some days ago, and up to the present time the Foreign Office has not been advised of any position to Great Britain's proposition.

Neither has Great Britain learned the nature of the negotiations that have been going on in St. Petersburg between the ambassadors of Germany and Austria and Emperor Nicholas, but it is believed that the exchanges have had to do with the form in which the subject of armaments should be introduced, and that they have not been aimed at keeping it off the programme.

Reports emanating from the continent that Great Britain and the United States would withdraw from the conference if their wishes to discuss the limitation of armaments were not complied with, and that Germany and Austria would follow a similar course if Russia insisted on this question, are regarded as stigmas by the officials of the Foreign Office here as pure inventions.

TORONTO DEATHS

Toronto, March 30.—The wife of Rev. John Potts, the well-known clergyman, died yesterday.

UNITED STATES SUBMARINES

Tarantula and Viper Launched From Guimoy Yards

Quincy, Ill., March 30.—Two United States submarines, the Tarantula and the Viper, were launched today from the Ford River Shipbuilding Company. They have been under construction for over a year and are the last of four submarines that the company has built. The Tarantula is 110 feet in length and 13 feet beam. They are designed to carry a crew of ten men. The construction cost of the two boats is \$1,000,000.

POPULATION INCREASES

United States Has Eight Millions More Than in 1900

FREE AND EASY ASYLUM

Supposedly Dangerous Lunatic Allowed to Roam at Will

Washington, March 30.—There are now nearly 8,000,000 more inhabitants in continental United States than six years ago. This estimate is based on figures compiled by the census bureau in a special report. According to its estimates the population of continental United States in 1906 was 82,951,310, this being an increase over 1900 of 7,949,935. The population of the United States, including Alaska and the insular possessions, in 1906 was 82,182,246. The growth in population in continental United States from 1905 to 1906 was 1,367,315.

The five leading cities and their estimated population in 1906 were as follows: New York, 4,118,045; Chicago, 2,649,395; Philadelphia, 1,411,745; St. Louis, 649,230; Boston, 602,378.

FREE AND EASY ASYLUM

Supposedly Dangerous Lunatic Allowed to Roam at Will

Montreal, March 30.—Alexander Duclos, acquitted on a charge of attempted murder last fall because of circumstantial insanity, and who escaped for the second time from the Longue Point lunatic asylum two weeks ago and fled to Burlington, Vt., returned to Montreal last night to attend the funeral of his father, who died on Wednesday. It is understood that immediately after the funeral, he will be taken place on Monday, he will be re-incarcerated at the Longue Point asylum at the order of the deputy attorney-general, pending the investigation that has been ordered by the court in the matter of his escape from the institution.

It appears that Duclos roamed about Montreal for several days in spite of the fact that he was presumed to be shut up in the asylum.
