Several more of the gypsy cavalcade now came on the scene.

Kilrain said: "My friend has just had all the fighting he wants, but if you want a turn and insist on it, I will accommodate you."
"No," said the gypsy: "I want satisfaction."
"I will give it to you," spoke up Mitchell, and the next instant a left-hand blow in the stomach and a terrific righthander in the jaw sent the Romany to grass. Black Bailey had now come to, and, jumping to his feet, rushed at Mitchell, but Kilrain stopped the attack and knocked the burly rufflan down. Others now joined the Baileys, and Kilrain and Mitchell had no other alternative but te fight, for they were two to one and more re-inforcements coming. Kilrain had knocked down two, Mitchell had seat another into the nedgerow, when a carriage, in which were friends of Mitchell, arrived on the scene. The jehn pulled up his leader, for he was driving three horses, when one of the cocupate shouted "Kilrain, you have another match on."

"Yes," said Mitchell; "and it was a thick 'us."

has again been demonstrated, this time by the Society of Science, Literature and Arts of London, Eng., who on April 10th of this year, after a thorough examination; made the following award.

REPORT ACCOMPANYING THE MEDAL.

Excess of praise is hardly possible when speaking of this new and superbly beautiful design, which is intended to meet the demand for a more expensive exterior or cabinet, together with a most superb action. This organ is of most substantial and pleasing proportions, and of a style of finish suitable for any situation. In pleasing balance of proportions, practical utility of form, richness of ornamentation and delicacy of finish, this instrument will not only compare favorably with the best but surpass alforgans of any make; while for strength and purity of tone, variety of expression and freedom of action it is far in advance of anything yet produced.
