Yesterday was the great settling up day, even equal to the terrible 4th of August. All's months' paper dated October 1, and there is usually a great deal of it, had to be provided for, and many a bank was besieged by solvent men who feared the danger of failing to take up their acceptances promptly, but who were unable owing to slow payments and generally dull business to do so. But it must be fairly said there were not so many renewals asked for unable owing to slow payments and generally duil business to do so. But it must be fairly said there were not so many renewals asked for as was expected. While a cry has been ascending from all parts of the country that dulness was the greatest prevailing evil, a general steady business has been done. In groceries business has of late been improving, with payments reported remarkably good. The dry goods houses report the general tone of the trade as improved, though by no means yet what it ought to be. The question of approaching payments was to the retail trade, and even to some wholesalers, a serious one, owing to slow payments and very slack romitances. Boot and shoe men were not prompt at all, but this was so much expected by the wholesale men that they were disposed rather to meet the wishes of solvent customers in granting renewals. The hardware trade have had a dult time during the autumn and winter but puid up fairly ell, and where renewals were asked in a gr. many cases statements produced shower perfect solvency, and the reason payments were not up to the mark was owing to difficatly of collections and to having to carry oved great portion of stock, on the sale of which dependence was placed for money to meet maturing liabilities.

Business on the local stock exchange to-day was fairly brisk, with generally steady prices

Do you find the attempt to dislodge the accumulations result in coughing, hawking and spitting, followed by nauses, and often vomitting, especially in the morn-ing?

Are you troubled with a discharge from the head into the throat, sometimes watery and exces-sive, sometimes mucous, thick, sticking to whatever it touches, sometimes bloody, and nearly al-ways putrid and offensive? The above are some of the many symptoms by which Catarrh may be knows.

NAUSEOUS DROPPINGS...Mr. James G.
Wassys:-I am pleased to state that the NASAL BALMs
has already relieved my catarra to a very great extent.
I have not used one bottle, but the nauseous droppings
from the head into the throat have almost ceased. I
breathe easy now; get better sleep, and altogethen
feel and appreciate the wonderful virtue of the
BALM. Its merits cannot possibly be exaggerated
for catarrhal troubles, and as a cure 1 believe is to be
genuine.

A TEN YEAR GASE -- O. L. Potter, manusare, McIntosh's Mills, Ont., says: -- NASAL BALM completely cured me of a case of catarrh from which I had suffered for over ten years. It cannot be too highly recommended, and should be used by everyone troubled with catarrh. It is one of the wonders of

UNPLEASANT ODORS—F. A. Cardinal,
—After ineffectually trying many of the so-called remedies for catarrh, I made a trial of NASAL BALM,
which gave me instant relief, and since commencing
its use I daily note the beneficial changes it is producing after a few applications. It changes the unpleasant oder of the virus in the throat and the poisonous
secretions over which every breath must pass. To any
6hus troubled it is a priceless medicine.

Mary J. Little of Muscotah. Kansas, says: I am pleased to say your NASAL BALM has wonderfully helped me, although I have not yet used one bottle. The numerous droppings from the head into the throat have ceased, I breathe easier, sleep better, and altogether feel a new person. I am glad to offer my testimony for the benefit of others afflicted with catarrh.

EFFECT ON BREATH WONDERFUL.

Miss Addie Howison of Brockville, Ont., says: I had catarrh for years, my head was stopped up, I could not breathe through my nostrils. My breath was very impure and continually so. Nothing I could get gave me any relief until using NASAL BALM. From the very first it gave me relief and in a very short time had removed the accumulations so that I could breathe freely through the nostrils. Its effect on my breath was truly wonderful, purifying and removing every vestige of the unpleasant odor, which has never returned,

A CURE IN THE WORST CASE.

Alex. Burns, Sudbury, Ont., says: I may state that I have been affected with catarrh for seven or eight years, and it was attended by consequent symptoms such as foul breath, constant dropping into the threat, bawking and spitting, partial deafness, ringing in the sears and sickening pains in the head directly over either eye. I have used powders and douches, but all to no effect, the only result arising from the use of such being temporary relief followed by the usual symptoms in a more agravated form. The results arising from the use of NASAL BALM are: Sweet breath, stoppage of the droppings into the throat (consequently less hawking and spitting), clearness of hearing, and not once since I began its use have I had pain in the head. In fact it is my opinion that a careful and persistent use of the BALM will effect a cure in the worst case of catarrh.

DEAR DR, LEMON.—

I have great pleasure in thanking you, and bless the Lord for the great benefit which I have received from your treatment. It is sixteen years since my leg first began to be bad. Slow fever left it so weak that it used to give way and let me down at any time, and I have been trying first one doctor and then another, until I was completely tired out, and not one of them either strengthened or gave any relief of pain, fortigot weaker all the time, and it was impossible either to kneel or lift one foot over the other without help. And the first treatment I got from Dr. Lennon it was at Shaftesbury Hall), and my leg felt to be as light again as it was when I went on the platform, and ever since then it has got stronger every day, and I hope wherever Dr. Lemon goes the Lord will bless him.

Yours truly,

MRS. DARWENT,

COR. KING AND JARVIS-STS., TORONTO
