Though the trainers searched the stands in vain for "touts" before they worked their charges, yet one managed to be secreted away and "got a line" on the two racers and of course the "good thing," if it is such, will be spring on the "bookies" to morrow.

As the morning progressed the other trainers made their appearance and all gave their charges fast work, the majority of them being sent a mile and a quarter. Remsen's work was the best at the distance.

Some of the steeplechase riders were grunbling yesterday at the height of the hurdle in the stretch which has been raised to over three feet. This is all very well for the officials and the public who view the race from the stand, but if they had to ride a tired horse at it, probably they would not be so anxious for having the jump raised.

Toronto Loses a Hotly-Contested Twelve

SYRACUSE, May 22.—The Stars and the To-rontos fought hard for twelve innings here to-day before victory came to the home team. It was a pitcher's battle in which each received admirable support from his backers. Each side made an error, but that of the visitors only was Stars all batted fires and could not line it out.

The Stars made one in the third on a single by Walker, a passed ball and a double by Childs. Up to the eighth innings Toronto had made but a single hit off Murphy and no one had reached further than second. In the eighth Swift led off with a hit, made second on Hoover's sacrifice, Vickery fouling out, and scored on a neat hit by McMillan.

In the tenth Toronto, after getting two men on bases by hits, was doubled up by an electric double play. In the eleventh neither side got a man on first.

In the twelfth Battin led off with a 'pop-up. As the ball came down Vickery and Grim gazed at each other and let the ball fall between them, Walker stubbed the ball in front of the home plate and McGuire threw him out—but Battin reached second. Wright batted to McLaughlin, who fumbled the ball, Battin reaching third. Childs batted a fly to McMillan in short left, so that Battin did not dare score. Then as McQuery went to the bat Vickery motioned his catcher to istep one side and threw four wide balls, giving McQuery his base-on balls and filling the bases. Connors rapped the ball to right field and Battin scored, but Wright was thrown out at the plate. The Torontos were retired on a line catche by Childs, a throw to first by Murphy and a fly catch by Connors. Score:

His heart also seemed to be sympathetically affected and gave him much pain.

The doctors said his spleen was diseased and very much enlarged. His pulse was very high tongue coated, and he had lost all energy and took no interest in anything until he heard of so many patients who had been cured at the Medical Institute, 198 King west, and he determined to call upon them, knowing and device. After a careful examination the doctors told him that his case, though serious, was not a hopeless one, and, under proper treatment, he would recover. He therefore the same treatment with them, and to his surprise he improved so fast that he soon found himself completely well and has had no return of the aymptoms, although it is now more than one year since he stopped treatment and he has been in perfect health ever since, as can be verified by any one who will call and see Mr. Walker for themselves. Chronic Sores, Ulcers, Abscesses, Cancerous Humors, and, in some cases, Emaciation, and Consumption, result from a scrofulous condition of the blood.
