BEST

MAIN DRIVER

Practically indestructible under ordinary usage unaffected by atmos-
pheric changes. Uninjured by water or steam, or heat that would
ruin leather or rubber. Stronger than rubber or leather.

Its peculiar adhesive or gripping power on pulleys enables it to be
run looser than any other Belt, actual tests proving it to be 40 to 50
per cent BETTER.

ENDLESS BELTS A SPECIALTY.

As Strong at Splice as elsewhere, and as even and smooth. A few of the large sizes lately
supplied in Canada:—

Many of the above are endless, and are the second belts to same parties, ordered after thorough
trial. Try a GANDY BELT. Address the Sole Canadian Agents,
