A HOME DRUGGIST TESTIFIES.

Popularity at home is not always the best test of merit, but we point proudly to the fact that no other medicine has won for itself such universal approbation in its own city, state, and country, and among all people, as

Ayer's Sarsaparilla.

The following letter from one of our best-known Massachusetts Druggists would be of interest to every sufferer:

"Eighty years ago I had an attack of Rheumatism, so severe that I could not move from the bed, or dress, without help. I tried several remedies without much if any relief, until I took AYER'S SASSAPARILLA, by the use of two bottles of which I was completely cured. I have sold large quantities of your SASSAPARILLA, and it still retains its wonderful popularity. The many notable cures it has effected in this vicinity convince me that it is the best blood medicine ever offered to the public. F. F. HARRIS, River St., Buckland, Mass., May 13, 1882."

SALT RHEUM.

GEORGE ANDREWS, overseer in the Lowell Carpet Corporation, was for over twenty years before his removal to Lowell afflicted with Salt Rheum in its worst form. Its ulcerations actually covered more than half the surface of his body and limbs. He was entirely cured by AYER'S SASSAPARILLA. See certificate in Ayer's Almanac for 1883.

PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; \$1, six bottles for \$5.

Dr. JOHN'S PLEASANT WORM SYRUP—An agreeable, safe and effectual remedy to remove all kinds of worms.

CHEMICAL LABORATORY, DALHOUSIE COLLEGE,

Halifax, N.S., Jany. 30th, 1885.

I have made analysis of samples of the Emulsion of Cod Liver Oil, prepared by the Putnam Emulsion Co., and they have explained to me the details of their process. The ingredients used, and the mechanical processes to which they are successively subjected enable this Company to prepare a permanent Emulsion, without the use of acids or alkalies. This preparation has been known to me for many years, and when carefully prepared is certainly a great improvement upon the Crude Cod Liver Oil, not only being milder in flavour, but having the more substantial advantage of being in the best form for digestion and assimilation.
