

that we may be put in possession of much valuable local information regarding Agriculture. We have to return our best thanks to those who have already forwarded their returns.—Some of them throw out valuable hints for the improvement of Agriculture, which we mean to publish in the next number of the *Journal*, for the general benefit of the Province.

We have ordered a copy of the *Journal* to be forwarded to you, and shall feel obliged by your bringing it under the notice of your committee and the members of your society. Please inform them that its pages are open to the reception of any communication or local information.

In our next number a much larger space will be given to Agriculture.

The Seventh Annual Exhibition of the United States Agricultural Society, will be held within the environs of Chicago, on the 12th of September.

PROSPECTUS
OF THE
SECOND VOLUME
OF THE

“Journal of Education and Agriculture.”

EDITOR—REV. ALEXANDER FORRESTER, D. D.,
SUPERINTENDENT OF EDUCATION.

THE June number will finish the first year of the existence of this periodical. Though the *Journal* has not received the support that might have been expected from the parties for whose benefit it was mainly intended, still, taking all things into account, it has had a fair circulation for the first year of its history, and both the Editor and the Publishers would gladly avail themselves of this opportunity of tendering their best thanks to the friends of Education and Agriculture, and especially to the Graduates of the Provincial Normal School, throughout the country, who have exerted themselves so strenuously in obtaining subscribers. It is not our intention to make any material change upon its management during the on-coming year, but should its circulation largely increase, which we hope it may, to add considerably to its bulk without any additional charge.

We trust that the Clerks of the different School Boards will continue as heretofore to act as Agents, as well as those to whom copies of this Circular may be forwarded.

We hereby request and authorize all the Teachers in the Province to act as Agents in their locality;—and in their so doing, and thereby increasing the circulation of the *Journal*, we are persuaded they are but promoting their own usefulness and comfort.

As the first number of the second volume will be issued on or about the 10th of July next, the present subscribers will require to renew their subscriptions with the Publishers or Agents.
