

however, tempered with regret in leaving them. It would always be a source of gratification to him when he met an officer of the Force of his City. Everything he had done was with a willing hand, and with the object of making the Militia what it ought to be. The periods of drill he had attended with them would be always looked back to by him with pleasure. He had no doubt but that the 100th Regiment would do its duty. It was essentially a Canadian one, and they were very fortunate, in having at their head such an efficient officer as Baron de Rottenburg. He again thanked them for their kindness, saying that many thoughts rose to his mind at the prospect of parting which he could not express. He sat down amidst cheers.

Capt. Stevenson Song—"A man's a man for a' that"

Baron De Rottenburg then rose and said that, before retiring, he would beg leave to propose the health of a gentleman whom he greatly esteemed, who also was liked by the militia of the district. He proposed the health of

Colonel Moffatt, commanding the District. Drunk amid loud cheering

The Chairman then proposed the health of the Officers of the Line serving in the different parts of the World, naming Capt. McGill of the 60th Rifles. This young officer was the worthy son of a worthy father. He had been wounded, and fought bravely, in India, and won for himself great credit, and particular and favourable mention by his General in his despatch describing the capture of Delhi. He had no doubt the toast would be heartily drunk.

The toast was drunk with great enthusiasm. The Hon. Lt.-Col. McGill responded. He manifested deep emotion, and thanked the company for their kindness in responding to the toast, and the compliment paid to his son, who had done his duty in India, and fought at Delhi. [The hon. gentleman was going to proceed, but found it necessary to ask the company to excuse him.]

The company separated after cheering the Hon. Mr. McGill.—Montreal Gazette

The MILITARY GAZETTE has now been in existence more than 18 Months; it is at this moment the only Military paper published in British North America. It is more especially the ORGAN of the VOLUNTEER Forces of Canada, for which object, and for the advocacy of their interests, those of the SEDENTARY MILITIA, and, collectively those of the COUNTRY, the Paper was started. The Editor and Proprietor of the MILITARY GAZETTE desires to continue the work, to improve the tone, scope, and appearance of the Paper, he desires to urge on the country, and on its representatives and Ministers, the necessity of further and more effectual organization of that Constitutional Force the MILITIA.

Such being his object, he hopes for the hearty co-operation of the OFFICERS of both divisions of the Militia, Active and Sedentary. He has had no reason to complain hitherto. As much support has been accorded as he has probably merited; and he gratefully acknowledges the many encouraging communications which he has received from estimable and active members of the Force generally. He has relied, and does still rely, mainly on the public spirit of the OFFICERS COMMANDING Troops, Batteries, and Companies, and it is with the object of suggesting to them individually, a means of promoting the permanent establishment of the MILITARY GAZETTE as a public organ of Canada, that he invites the concurrence of the Captains, the Officers, Non-Commissioned Officers and Men of the Batteries, Troops and Companies in a proposition which has been already acceded to by several Commanding Officers and Men of various localities, viz:

The proprietor of the Military Gazette undertakes to send 10 copies of the Paper to each Troop, Battery or Company, for the use of the Non-Commissioned Officers and Men only;—to such addresses as shall be designated by their Commanding Officers, on payment in advance of \$15; for 20 copies, \$28; for 30 ditto, \$40; the necessary deduction from each man to be arranged by the Commanding Officers. They will be pleased therefore, to read this Circular at their first convenient opportunity, to their men and if generally supported, as there is every reason to expect, there is no doubt the paper may be made interesting, useful, and instructive to all concerned.

THIS COMPANY is established at South Quebec, for the purpose of connecting the Transit Commerce of the Port of Quebec, and the Grand Trunk Railway, with Ocean Steamers, and the important and increasing Ocean, Lake, and River steam traffic.

The Company provides deep water Wharves for Ocean Ships and Lake and River Craft, with suitable Storage for Flour, Grain, Ashes, Timber, Iron, Coals, Salt, &c., &c., in immediate communication with the Grand Trunk Railway Station at Point Levis.

The Establishment is situated between the Passenger and Goods Depot of the Railway, affording all the security of enclosed Docks and Warehouses.

The Company have four thousand feet River frontage, with a Timber Cove capable of holding six millions feet in the Raft, where vessels of any class can moor in safety out of the influence of the strong tides, sheltered from the effects of those periodical easterly gales, which so frequently cause damage to Shipping on the North side of the St. Lawrence.

Railway Turntable and sidings on the company's property, will enable Goods and Produce to be transferred direct from the Railway Cars and Shipping, and vice versa. Steam Elevators, Cranes, &c., &c., will also be provided for the expeditious and economical loading and unloading of the same.

The site is so commodious as to leave no reasonable doubt that the undertaking will yield a high remunerative return.

Detailed prospectuses, and every requisite information may be obtained upon application at the Offices of the Company in QUEBEC; or at their Agencies in MONTREAL, KINGSTON, TORONTO, and CHICAGO. Quebec, April 10, 1858.
