## A WOMAN'S BEAUTY.

During the time of the ancients a superfluous growth of hair on the neck, face and arms was quite common, and depilatories were no uncommon thing. Nothing, however, was discovered that would permanently remove hair until recently, when Madame Janowitz produced a preparation that would entirely exterminate this blight to women. Madame Benoit, who inherited the valuable secret, recently sailed from Paris with the receipt of the preparation, which was used so long and with such success throughout Europe. She is now prepared to send a copy of her booklet, giving the history of the famous Russian Depilatory, to those who may apply for it. This interesting little pamphlet can be had free on application to Madame Benoit, No. 45 East Forty-Second St., New York
