

A VICTORIA CO. MIRACLE.

HOW TWO SUFFERERS REGAINED HEALTH AND STRENGTH.

Mr. and Mrs. Jas. Lawson Tell the Story of Their Renewed Health and Strength—They Find Health After Many Remedies Had Failed.

From the Woodville Independent.

The Independent has published a number of well authenticated cases of most remarkable cures by the use of Dr. Williams' Pink Pills for Pale People. Many of these cures have occurred in our own province, and all of them have been vouched for by newspapers of well known standing, whose disinterestedness leaves no room to doubt the accuracy of the statements made. But if anything were needed to convince the skeptical among our readers (if any there be) and bring into greater prominence the surpassing merit of this wonderful life-giving remedy, it is found in the fact that the Independent has been able to give the particulars of several remarkable cures in our own neighborhood, every detail of which can be easily verified by any interested in so doing. A short time ago we gave the particulars of the recovery of little George Veale, which has attracted so much notice and added to the fame of Dr. Williams' Pink Pills in this locality. A few days ago this case was the topic of conversation in one of our local stores, when a gentleman present said he knew of a case in town even more surprising. The Independent, alert for anything that would interest its readers, asked for some further particulars, and was informed that the person referred to was Mrs. James Lawson, an esteemed resident of Woodville, who had been utterly helpless for a long time, her recovery despaired of and who is now, through the almost magical virtues of Dr. Williams' Pink Pills, recovered and able to be about once more. A few days after this, meeting Mr. Lawson on the street, The Independent inquired if it were true, as stated, that his wife owed her recovery to the use of Dr. Williams' Pink Pills, recovered and able to be about once more. Yes, replied Mr. L., and not only my wife but I was cured by them also. If you will call at the house you can have the full particulars if you want them. Mr. Lawson has been a resident of Woodville for over twenty years and is well known and highly respected by all. On calling at his house we found both Mr. and Mrs. Lawson at home, and quite willing to give the desired information. They are an intelligent couple and those acquainted with them will have no hesitation in giving implicit confidence to their statements. Mr. Lawson stated that he had been ailing for years; his appetite failed; he became weak and unable to work. He received medical assistance, but found it of no avail, and at last he was confined to the house with little prospect of recovery as was thought. He had read of the wonderful cures effected by Dr. Williams' Pink Pills and determined to give them a trial. He soon found benefit from them and continuing their use entirely recovered and is now enjoying better health than he has previously done for years and is quite as able as formerly to do a day's work.

Mrs. Lawson also told of her terrible sufferings. For three years she had been unable to do housework, and for nine months was confined to bed, being so helpless that she had to be lifted like a child. She had consulted doctors in Toronto and taken their prescriptions but found no relief. Her nervous system was wholly unstrung and she suffered from disease of the spine. The doctors told her it would be necessary to perform an operation on her spine, otherwise she could not get relief. She refused to have the operation performed, knowing that it would make her a cripple for life, and she considered that condition as bad as her then state of suffering. At last she began the use of Dr. Williams' Pink Pills and had not been taking them long when she found their good effects. She found herself getting stronger, and was able to

leave her bed. At first she had to use crutches, but continuing the use of Pink Pills she was able to throw away first one and then the other of the crutches and is now not only able to walk freely, but to attend to her household duties as formerly. In fact she says she is now stronger than she has been for many years. Her appetite has returned, her nerves and spine trouble have disappeared, and she rejoices in complete recovery which she attributes solely to the use of Dr. Williams' Pink Pills, and which she recommends to those troubled with nervous prostration, diseases of the spine or general debility. Both Mr. and Mrs. Lawson attribute their recovery under Providence to the use of this marvellous medicine which has been such a blessing in our land, and they are willing that all others should enjoy the knowledge of their wonderful virtue.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of la grippe, influenza and severe colds, diseases depending on humors in the blood such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure, in all cases arising from mental worry, overwork or excesses of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50c a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics no matter what name be given them. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from the Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Write thy wrongs in ashes.—Sir T. Browne.

The ignorant hath an eagle's wings and an owl's eyes.—George Herbert.

Forgiveness to the injured does belong; But they ne'er pardon who have done the wrong.—Dryden.

The only failure a man ought to fear is failure in cleaving to the purpose he sees to be best.—George Eliot.

Events are only winged shuttles which fly from one side of the loom of life to the other, bearing the many-coloured threads out of which the fabric of our character is made.—Anon.

We ought to regard books as we do sweetmeats, not wholly to aim at the pleasantest, but chiefly to consider the wholesomest; not forbidding either, but approving the latter most.—Plutarch.

I saw a delicate flower had grown up two feet high, between the horse's path and the wheel-track. An inch more to the right or left had sealed its fate, or an inch higher; and yet it lived to flourish as much as if it had a thousand acres of untrodden space around it, and never knew the danger it incurred. It did not borrow trouble, nor invite an evil fate by apprehending it.—Thoreau.

SCROFULA

Is that impurity of the blood which produces unsightly lumps or swellings in the neck which causes running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or "humors;" which, fastening upon the lungs, causes consumption and death. It is the most ancient of all diseases, and very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, has proven itself to be a potent and peculiar medicine for this disease. If you suffer from scrofula, try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, my little boy, three years old, being a terrible sufferer. Last spring he was one mass of sores from head to feet. We all took Hood's Sarsaparilla, and all have been cured of the scrofula. My little boy is entirely free from sores, and all four of my children look bright and healthy." W. B. ATHERTON, Passaic City, N. J.

Hood's Sarsaparilla

Sold by all druggists. \$1; six for \$5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

100 Doses One Dollar

Chemical coatings are now applied to some wire nails, which increase their holding powers remarkably.

There is in every man a certain feeling that he has been what he is from all eternity, and by no means become such in time.—Schelling.

The greatest need of the day is an education away from the fearful danger of a haste to be rich; a cultivation of the quiet and improving arts, an encouraging of genial and benevolent lives, a preservation of home virtues, a teaching of the truth that moderation best serves the cause of happiness, and a demonstration that in helpfulness to others man best helps himself.

Here is a Kentucky girl's picture of the ideal man who would make a good husband: "If I wished to marry—which, of course I do not—I would desire a man too noble to commit a mean act, but generous enough to forgive one. A man as gentle as a woman, as manly as a man; one who does not talk scandal nor tell disagreeable truths. A man whose name I would be proud to bear, to whom I would carry my doubts and perplexities, and with whom I would find sympathy and joy."

The way he looks troubles the woman who is delicate, rundown, or overworked. She's hollow-checked, dull-eyed, thin, and pale, and it worries her. Now, the way to look well, is to be well. And the way to be well, if you're any such woman, is to faithfully use Dr. Pierce's Favorite Prescription. That is the only medicine that's guaranteed to build up woman's strength, and to cure woman's ailments. In every "female complaint," irregularity, or weakness, and in every exhausted condition of the female system—if it ever fails to benefit or cure, you have your money back.

The phrase sub rosa—under the rose—had its origin B.C. 447, at which time Pausanias, a Spartan, entered into a deal with Xerxes for the subjugation of Greece, the reward to be the Persian monarch's daughter. Their negotiations were conducted under a bower of roses attached to the Temple of Minerva. Pausanias was finally discovered, and the people sought to slay him, but he took shelter in the Temple of Minerva, which was free from search. However, the people walled up the edifice so that he could not get out, his mother laying the first stone. He died of starvation.—Pittsburg Commercial Gazette.
