

The information in this book reflects that which is contained in the Department's database. The updates received from Diplomatic Missions and International Organizations were used primarily for the order of precedence for personnel and to ensure accuracy of address information. The names and titles of individuals who appear in this book are considered by the Department to be active and changes to their status can only be made through official notification to the Department. Circular Note XDC-3875 of September 20, 1990 and the Guide for the Diplomatic and Consular Corps in Canada 1988 outline the notification requirements of this Department for the departure of personnel. Missions and International Organizations have been reminded to refer to these documents whenever necessary through notes and telephone calls. A final reminder (Circular Note XDC-0940 dated August 28, 1997) was sent to all Missions and International Organizations in preparation for this book's publication. This Note emphasized clearly the importance of prompt notification of departure details for personnel who have completed their postings, alterations regarding personnel designations due to promotions or any other changes which can affect the information printed in this book. This publication cannot be amended.
