PENITENTIARIES—COST OF MAINTAINING INMATES

Question No. 1,068—Mr. Orlikow:

1. What was the average cost of maintaining one inmate during the years 1967, 1968, 1969 in (a) federal institutions of all types (b) maximum security institutions (c) medium security institutions (d) minimum security institutions (e) farm and work camps?
2. What is the cost of parole supervision per parolee for each of the years 1967, 1968, 1969?

Hon. G. J. McIlraith (Solicitor General):

1. Average annual cost of maintenance per inmate:

Type	1966-67	1967-68	1968-69
a. All types	\$4900.00	\$5315.00	\$6654.00
b. Maximum	4334.00	4632.00	5806.00
c. Medium	5539.00	6923.00	7700.00
d. Minimum*	3721.00	3944.00	5087.00

* Includes Work Camps.

Farm annex operation and maintenance costs are absorbed within the total costs of their parent institutions and are therefore not available as separated costs.

2. Costs of operation as averaged out for parole supervision per parolee:

Supervision	1966-67	1967-68	1968-69
Per parolee	\$ 757.00	\$ 802.00	\$ 851.00

Note: These are approximations as costs do not take into account capital investment nor are they netted out to reflect inmate industries.

PENITENTIARIES—VOCATIONAL TRAINING AND INDUSTRIAL INSTRUCTORS

Question No. 1,073—Mr. Orlikow:

What qualifications are required by the vocational training instructors and industrial instructors who are employed by penitentiaries?

Questions

Hon. G. J. McIlraith (Solicitor General):

Vocational training and industrial and maintenance instructors in the Canadian Penitentiary Service must possess at least a Grade 10 education, hold a journeyman certificate and have experience in the trade or specialty in which they are employed as instructors. Additionally, for vocational training instructors, those holding a teaching certificate are given priority in selection and are paid an allowance for such qualification.
