

movement of the body caused intense pain. In this way passed gloomy days and restless nights, until the winter of 1898, when my trouble was aggravated by an attack of la grippe. The first and most severe symptoms of this trouble passed away, but it left me in a weak and depressed condition. I did not appear to be able to recover my strength; my appetite was very fickle; I was extremely nervous, and my heart would palpitate painfully at the least exertion. At this juncture a friend who called upon me advised me to try Dr. Williams' Pink Pills, and I decided to follow the advice and procured a supply. To my gratification I felt an improvement in my condition almost from the outset, and after using the pills for a little over a month I was once more enjoying the best of health, every trace of the trouble that had afflicted me having disappeared, and I have been well and strong ever since, and I have the best of reason for ascribing my present good health to the use of Dr. Williams' Pink Pills."

LA GRIPPE AND PNEUMONIA

Mr. William Silver is a well known farmer living near Hemford, N.S. During his life he has passed through much sickness, but now, thanks to Dr. Williams' Pink Pills, he is again enjoying vigorous health. To a reporter Mr. Silver said:—"I am now in my 62nd year, and I may date the beginning of my trouble to my sixteenth year when I was thrown from a horse's back and had my spine somewhat injured. This was always a weak spot and it seemed to leave me more susceptible to other troubles, as it grew worse as I advanced in years. As a farmer I always had to work hard, and often to expose myself to inclement weather. My back trouble was finally aggravated by indigestion, and as this affected my appetite, I was very much run down. Finally a few years ago I was attacked with la grippe, which developed into pneumonia. My family doctor succeeded in conquering this trouble, but for six months I was not able to leave the house, and all that he could do for me did not bring back my strength. Finally I consulted another doctor, but with no better result. In fact before I stopped doctoring I had tried four different physicians and all the time instead of getting better I was growing weaker. Some eighteen months had now elapsed since my attack of la grippe, and during that time I was not able to do any work. My whole system seemed exhausted, and my nerves shattered. On fine days I would go out for a while, but often I would become so weak and dizzy that I could scarcely get back to the house. One day a neighbor asked me why I did not try Dr. Williams' Pink Pills. I thought the advice might be worth taking and I sent for a half dozen boxes of the pills. Before they were gone there was no doubt I had found a medicine that was helping me, and I got a further supply. I continued taking the pills for about three months, and before I quit using them I was feeling better and stronger than I had done for years. Every symptom of the weakness that had followed la grippe was gone, and my back, which had bothered me for so many years, was almost as strong as in boyhood. I have since done many a hard day's work, and been exposed to bad weather, but without any evil effects, and I can truly say Dr. Williams' Pink Pills have restored me to vigorous manhood."

BRONCHITIS AND LUNG TROUBLE CURED

Mrs. J. D. Naismith, Winnipeg, Man., is to-day the picture of health, but it is not so long ago that her friends feared that her end was near. Of her illness and cure, Mrs. Naismith has the following to say:—"A few years ago I contracted a severe cold which developed into bronchitis and lung trouble, and to make my suffering more severe I was tortured by neuralgia. The best of doctors and many different kinds of medicines failed to help me, and my friends all thought I was going into rapid consumption. In fact they were all watching for death to release me from my suffering. My brother kept urging me to try Dr. Williams' Pink Pills, and finally secured a supply. More to please him than anything else I consented to take them, and before I had finished the second box I was not sorry I had done so. My appetite improved and there was a change for the better in my condition, so marked in fact that many of my friends thought it was only that strength which a person sometimes seems to gain just before death. I felt however that it was real strength and kept on taking the pills, and in a short time was able to leave my bed and sit up. I grew stronger day by day. The cough which had racked me almost beyond endurance disappeared, and now, to the surprise of all who had seen me while I was ill, I am as strong and healthy as ever I was. I owe all this to Dr. Williams' wonderful Pink Pills, and feel that I would be wanting in gratitude did I not always praise them."

Mr. Angus McKay, C.E., Tarbotvale, N.S., writes:—"I have used Dr. Williams' Pink Pills for stomach trouble, and have found more benefit from them than from any other medicine I have ever used. I shall always speak well of them."

Mrs. Henry Kloth, Hespeler, Ont., writes:—"For five years I suffered greatly from pains in the back and hips. I tried several remedies, but none of them helped me till I began using your Dr. Williams' Pink Pills. I am now as well and strong as I ever was, thanks to your invaluable remedy."
