

# Morang's 20th Century Educational Series

## Morang's Illustrated Classical Series

*This new series, prepared by accomplished scholars of great practical experience in teaching, is distinguished by several important features for the first time introduced into Canadian text-books.*

**Scope.**—Each volume is complete in itself, containing biographical, historical, and (where suitable) critical introduction, text, notes, appendices, specimen translations and hints on translation, English exercises for retranslation, and vocabularies.

**Introduction.**—The great aim is to make the introductions thoroughly readable and interesting.

**Illustrations.**—The illustrations are mainly authentic drawings from coins, gems, statues, and other objects of ancient art. They are of real value as familiarizing the pupil with results of archaeological research. Maps and plans are provided.

**Notes.**—The notes, besides explaining simply all difficulties in style or allusion, aim at interesting the pupil in the subject matter.

**Appendices.**—Textual and other criticism beyond the attainments of the average pupil, but useful to the master, is given in appendices.

**Translations.**—Wherever standard literary translations are available, a specimen is given; this is especially serviceable in the case of poets. In other cases hints on translation are given.

**Retranslation Exercises.**—Each of the prose books contains exercises for retranslation, carefully compiled so as to practice the pupil in the vocabulary and the constructions of the text.

**Vocabulary.**—Each volume has a complete vocabulary.

**Price.**—Each volume is sold at the unprecedented low price of **35 cents**.
