## THE STANDARD BANK OF CANADA

#### DIVIDEND NO. 82.

NOTICE IS HEREBY GIVEN that a Dividend of THREE PER CENT. for the current quarter, ending the 29th of April.1911, being at the rate of TWELVE PER CENT. PER ANNUM, upon the paid-up capital stock of this bank, has been declared, and that the same will be payable at the Head Office of the bank and its branches on and after. Monday, the 1st day of May, 1911, to shareholders of record of the 20th of April, 1911. By order of the Board. GEORGE P. SCHOLFIELD,

at the close: Firmness in Liverpool, accompanied by a better demand for spots, encouraged local buils, and prices advanced mode-rately in a dull market, the features be-ing buying by spot interests and scat-tered short covering. New crop options ruled steadler, the advance being assisted by reports of severe rains in the Mem-phis vicinity, a section where cotton has not as yet been planted. Reports of fur-ther ample precipitation over Texas and Oklahoma were ignored. Business con-tinues light, leaving bull interests heavily long and in control of the near positions. Under these circumstances it is not sur-prising to witness rables from time to time. In the next thirty days cotton will have been planted, and, judging from present conditions, under the most favor-able circumstances in years. We doubt that the trade or outside interests will enthuse over the long side of cotton and continue against the market, advising sales on these hard spots. 900 160 3.620
