The recommendation of the sub-committee, composed of Ald. McCarthy and Graham, is substantially as folows: Every home in the city should have an independent and convenient water supply. The clause re water waste should be referred to the board of control to deal with.

Toronto should not permit a single family to live in a place unfit for human habitation

Steps should be taken to secure for each house a separate closet convenience. When there is sewer accommo dation on the street we recommend that the medical officer force them to put in the proper closet accommode tion with sewage connection. Ex-Governor-General Declares That Even Anti-Naval Attitude in Quebec Is a Temporary Delusion - Makes Reference to Recent Election

LONDON, Oct. 24.- (C. A. P. Cable.). -The Royal Canadian Institute banueted Earl Grey yesterday, evening, Rt. Hon. Louis Harcourt, colonial secretary presiding, and Lord Minto, Sir J. Bevan Edwards, the Duke of Mariorough, Earl Carrington, Hon. A. Lyttleton, Earl Dundonald and Earl Bras-sey being among those at the head table.. The general body of guests included practically all the leading men in London Canadian circles, the crush being so great that many guests were forced to dine in the anteroom. The otal company numbered nearly 300. Harcourt, in proposing Earl Grey's health, said his departure from Canada ncided with Laurier's resignation. He as quite sure there was no assembly of Englishmen who wouldn't wish at his moment to pay a tribute to that istinguished prime minister and express a grateful sense of the great serices rendered so many years to the progress and prosperity of the Domin-ion to which he had devoted his intellect and energy. 7 No divergencies upon the latest policy could detract from the warmth of gratitude felt for achievement of his past career. Cheers).

A Popular Governor. Turning to Earl Grey's return, Harourt said it was no reflection upon his able and istinguished success to say that Canada would gladly have seen Grey's governorship indefinitely
