

Hon. Mr. Justice Lennox

Mr. Haughton Lennox, K.C., ex-M.P. for South Simcoe, was sworn in by Sir John Alexander Boyd, president of the high court of justice, yesterday morning, as a judge of the supreme court of judicature and a justice of the high court of justice of Ontario, and took a seat in the court of appeal.

His lordship is a native of Canada. His birth was in the Township of Inland, County of Simcoe, on Feb. 21, 1856. He was called to the bar in 1878 and has been engaged ever since in the active practice of his profession, being for many years the senior partner in the firm of Lennox, Cowan and Brown of Barrie, Ont. He postest-

continental Railway will long be remembered. He also rendered great service to the country by his mastery of details of the telephone enquiry and the Farmers' Bank.

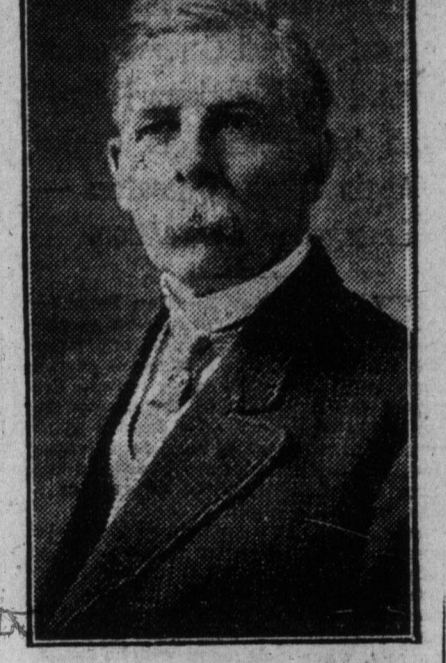

Mr. Lennox's constant efforts on behalf of railway employees are so well known as hardly to require mention. The legislation he introduced a few years ago to prevent railway companies from contracting themselves out of liability to their employees was a very notable piece of legislation, and he was the only lawyer in the house who had the courage to declare that the federal house had jurisdiction to pass such an act, and this he afterwards vindicated by carrying the act to the supreme court and later to the privy council in England, where it was declared valid and entirely within the competence of the Parliament of Canada. It is therefore a list of cases where Mr. Lennox has fought effectively for the railway employees.

His great legal ability has long been recognized by the house and the country and universal commendation has followed his elevation to the bench.

In the present house Mr. Lennox was chairman of the select standing committee on railways, canals and telegraph lines, and presided always with marked fairness and ability. As a government member he supported the important measures brought down by the government, including the bill for the improvement of highways.

While supporting the last named measure, however, Mr. Lennox distinctly regretted that the principle of a population basis should be adopted, declaring that in his opinion provincial boundaries should be disregarded and that, as representing all Canada, the administration should, as in the case of railway subsidies and other public works, have regard only to the needs of the people and the general advantage of Canada.

Of Mr. Borden's supporters, Mr. Lennox was one of the most pronounced against reciprocity, taking the ground that it was vicious in itself financially and nationally.

HON. MR. JUSTICE LENNOX.

South Simcoe in the Conservative interest in 1896 and was defeated by the late Dalton McCarthy. He was elected to the house for that riding at the general elections of 1900 and re-elected in 1904, 1908 and 1911.

As an opposition member, Mr. Lennox rose to prominence thru his great legal ability, his unflinching industry and his genius for mastering the details of vast and complicated transactions. His labors in the investigation of the cost of construction of the National Trans-

ISMAY SAILS FOR ENGLAND.

NEW YORK, May 2.—(Can. Press).—J. Bruce Ismay, president of the International Mercantile Marine, sailed for his home in England to-day on the White Star liner Adriatic. Mr. Ismay said that he was worn out.

He boarded the Adriatic a few minutes before she sailed at 12 o'clock, and went at once to his stateroom.

To the press he said: "I have no ill-feeling against the American public and think the senate investigation was thorough. I am feeling very tired and wish to retire."

With Warmer Weather, Comes The Rush For Modern Gas Appliances

Come in and pick your range or water heater now—before the warmer weather rush. Hundreds of stoves and water heaters being sold at this sale, and it has only begun. Gas ranges and water heaters to fit every requirement and to suit every purse. Visit our salesroom. Courteous salesmen to wait on you and to supply all the information you may desire. DR. TORRINGTON HONORED.
At a meeting of the council of the board of trade, held yesterday afternoon an illuminated address was presented to Dr. F. H. Torrington, in appreciation of what that gentleman had done for the cause of music in Toronto.

In accepting the address, the doctor thanked the council and referred in a modest way to what he had been able to accomplish during his residence in Toronto.

BUILDING BRISK IN BRANTFORD.
BRANTFORD, May 1.—(Special).—Brantford's building record for April proved a record-breaker. The total was over a quarter of a million, and for the first four months of the year an aggregate of \$485,615 was reached. It is expected that the total values for the year will be much over a million dollars.

Brantford water commissioners have shut down on all extensions of service outside of the city limits. The action is said to be due to the desire to bring suburbs into the city.

Man Mastered By His Business
When a man cannot forget his business when he lays his head on the pillow at night, it is time to consider the condition of his nervous system. Otherwise his business will wreck his future by undermining his health.

For a time he may keep going on stimulants, but if health is to be restored and old-time vigor brought back the nerve cells must be revitalized by such treatment as Dr. Chase's Nerve Food.

A few weeks' use of this great food cure will do wonders for any business man or woman whose nervous system has failed to stand the strain. Gradually and naturally the blood is enriched and vigor and energy are restored to mind and body. Appetite is sharpened, digestion improves, you sleep well and regain the strength which makes you a master of yourself and of your business.

BRANTFORD, May 1.—(Special).
Rev. James W. Gordon, pastor of the Presbyterian Church at Maple, Ont., will probably receive a unanimous call to St. Andrew's Church in this city to succeed Rev. Andrew Allan. It is understood that Mr. Gordon is favorably disposed towards the invitation, and a meeting of Toronto Presbyterians will be held next Tuesday, when members of St. Andrew's Church will prosecute the call.

Rev. Mr. Allan will preach his farewell sermons on Sunday next.

Cayuga Indians To Press Claims

Payment of \$2,300 a Year to Tribes Ceased in 1812, They Point Out.

BRANTFORD, May 2.—(Special).—Under the treaty of peace in 1783 between the British and the United States Government, the interests of the Cayuga Indians were marked for special protection. Two-thirds of this tribe left New York State when hostilities began in 1812 and threw in their lot with the British. Up to that time the Cayugas had been receiving \$2,300 a year from the United States authorities. The amount since they removed to Brantford has never been paid, and as the result of much agitation, the matter will now go on to the pecuniary claims convention in connection with the Hague Tribunal. Sir Charles Fitzpatrick will present the case.

The claim is for the whole amount with interest from 1812 to date and for continued future payment of \$2,300 each year. The demand for the full amount is by reason of the fact that the tribe who remained in Canada across the border have since become absorbed. The land given up by the tribe to Uncle Sam is now exceedingly valuable.

THEATRE PARTY.

The officers and non-commissioned officers of the 12th Regiment of the Cayuga Indians, with the permission of Lieut.-Col. Allen, commanding 12th Regiment York Rangers, held a theatre party at Eden's Theatre on Tuesday night, April 20. After the show they adjourned to Williams' Cafe on Yonge-street and enjoyed a supper, after which speeches and reminiscences were
