"The heat had made me listless and the distaste for food re- duced me to a condition of semi- starvation and brought me to the verge of nervous collapse. Tonics were pseless to restore an active de- sire for food. The doctors told me my liver and kidneys were both at fault, but the medicines they gave me were too severe and reduced my strength so that I had to abandon them. At the suggestion of a friend who had been cured of blocd and skin trouble, I began the use of Dr. Ham- itton's pills. The difference I first peticed was that while they cleansed the system, instead of feeling weaker I felt better after taking them. In- deed their activity was so mild it was easy to forget I had taken them at all: they seemed to go right to the liver, and in a very brief time not only did all source of nausea disap- pear, but I began to crave food and I digested it reasonably well. More Praise for Dr. Hamilton's Pills. "For a period last summer the thought of food excited feelings of nausea." writes Mrs. C. A. Dodge, of Bloomsbury. "The heat had made me listless and the distaste for food re- duced me to a condition of semi- starvation and brought me to the verge of nervous collapse. Tonles were useless to restore an active de- sire for food. The doctors told me my liver and kidneys were both at fault, but the medicines they gave me were too severe and reduced my strength so that I had to abandon them. At the suggestion of a friend who had been cured of blocd and skin trouble, I began the use of Dr. Ham- liton's pills. The difference I first noticed was that while they cleansed the system, instead of feeling weaker I felt better after taking them. In- deed their activity was so mild it was easy to forget I had taken them at all: they seemed to go right to the liver, and in a very brief time not only did all source of nausea disap- pear, but I began to crave food and I digested it reasonably well. Then I began to put on weight until within three months I was brought to a con- dition of goed health. I urge Dr. Ha filton's Pills for all who are m pow health." 	Stand New York. INTEREST TABLES.

The second edition of Interest Tables at 3 1-2 per cent, compiled by Ernest Weilings has just been published by Williamson & Co. of this city. The work has met with the approval of financial houses all over the Dominion, and will prove of inestimable benefit to bankers, brokers and trust and loan companies. The amounts covered are from one hundred to ten thousand dollars, with odd sums easily reckon-ed therefrom. The periods run from
