For the Man Who Works at a Desk

No Doctors, But the Right Kind of Food is What He Needs if He Would Keep His

Just ask your grocer for Malta-Vita, the famous, whole wheat food. Then eat it at least once a day—for break-fast—with cream or fruit. It will strengthen and refresh your body and mind and fit you for the day's work, and you will be glad we told you about

Every nutritive element of the best white wheat grown is found in Malta-Vita. This famous food is the whole of the wheat thoroughly steamed and cooked in absolute purity and mixed with the finest malt extract that was ever made, the finest, richest strong-est food in the world. You understand, of course, that the cooking and steaming of the wheat gelantinizes its starch, and then the malt extract, a powerfu digestive agent, quickly converts this starch into maltose,—malt sugar. Maltose is a great food, and the weakest stomach digests and assimilates it

without effort. Physicians recommend it and Malta-Vita is rich it.

The maited wheat having been rolled into little flakes, is baked under such intense heat, that whee it comes from the great ovens, every flake is crisp, brown Malta-Vita—the most delizious food in the world. Always ready to eat.

Justice Magee reserved judgment yesterday at the non-jury Assize court in the case of Mrs. Louisa J. Tasker against Mrs. Annie Smith, 5cth of whom are daughters of the late John Taylor. In this last trip Mr. Armstrong made excursions to many of the 30,000 islands on Lake Huron. He said that since the opening of the Canadian Pacific Railway nobody ever went along the route that he took in the launch; in fact, since regular navigation had been established on the lake, the route had not been used.
