Love waits to come of roses I dream,
And waits to come of roses I dream,
First come then comes the love,
The very sight, the very touch,
The very sight, the very touch,
They don't want to be seen,
And then romantic times makes 'em
so
Luxurious like it all means our undoing,
And that's not all, an even runner start,
They're not invited, called, or
asked,
Where perfection is attained to a
state,
Love waits to come of roses I dream,
And waits to come of roses I dream,
First come then comes the love,
The very sight, the very touch,
The very sight, the very touch,
They don't want to be seen,
And then romantic times makes 'em
so

MUNYON, Philadelphia

YORK COUNTY AND SUBURBS

FARMERS AND THE MARKET

Property Commissioner R. C. Harris
Addresses County Council and
Suggests Changes.

Yesterday's sitting of the York County council was marked by a discussion of two of the most important measures which have so far been brought to the attention of the members. At the morning session Property Commissioner Harris appeared to advocate the more general use of St. Lawrence Market by the farming community. The speaker element, according to Mr. Harris, would henceforth be rigidly excluded from the northern market, and in order to add to the comfort of those using it, shutters would be placed on the openings. A community of interest Mr. Harris urged ought to lead the farmers to unite on the St. Lawrence market as the central point for the disposal of their produce.

In answer to Councillor Pugsley Mr. Harris declared that the city would not be justified in prejudicing their case by allowing the entrance of the rural railways, if thereby the success of the St. Lawrence Market could be assured. The radicals would come in-time, meant while the best possible use ought to be made of the present conditions. Councillor Lundy declared that it would be impossible to argue interests on the northern farmers of York County until the rural railways were allowed access to the market. He charged the city with apathy, and warned the property commissioner that a proposal was now under way to establish a market north of the C.P.R. tracks on Yonge street, thereby diverting trade out of the city.

Councillor Evans deplored the lack of hotel accommodation in the vicinity of the St. Lawrence Market, and urged that the city hotels within a certain radius ought not to receive a license without furnishing sufficient stabling accommodation.

The feeling regarding the market was one of indifference, if not hostility, founded largely on lack of accommodation. Mr. Harris will address Scarborough farmers at Agincourt on Tuesday afternoon. The time of the council during the afternoon was wholly taken up with the discussion and reception of a deputation from the Village of Markham and Scarborough Townships relative to the opening up of the 8th con., together with the erection of a steel bridge over the route south of Markham Village. The delegation was a large one, and was composed of Messrs. E. H. Wilson and Councillors Speight, Young, Wyl and Winkler, H. C. Marr, R. C. Telf, P. K. Resor, Russell, R. E. H. Croxby, Joe. Torrance, J. T. Herby, J. B. Reive, James Lowrie, William Clarke, George Morrison, Henry Harding, John Lawrie and D. Bedam. Reeve Wilson submitted a proposition from the Village of Markham, which in effect was the assumption of the present county bridge over the Rouge at a valuation of \$2000 liability for all damages, and in addition, the cost of the proposed new bridge of any amount exceeding \$12,000. The municipality of Markham Village was represented by James Baird, who made a strong plea for the erection of the bridge. The shovels cost, as shown by Mr. Baird, would not exceed \$300 or \$350 on each 100 acres in York County. County Engineer McDougall placed the cost at \$10,000, which might be increased on a more detailed survey. A singular unanimity prevailed on the desirability of the work, and on motion of Councillor Lundy, the matter will come up at the January session, with all data regarding the cost will be furnished. The deputation then withdrew.

T. Humberstone and Eugene Rowan were appointed county auditors at a salary of \$40 each per annum.

Junction News.
Toronto Junction, Dec. 1.—L.O.L. No. 900 held its annual dance and supper at St. James' Hall. About 120 couples were present and enjoyed the dancing. The hall-room was prettily decorated with flags and palms. The vital statistics for the month of December, 1905, are as follows: Deaths, 12; marriages, 2; births, 25. For the same month last year: Deaths, 12; marriages, 2; births, 21. Y. Schiller of Cooksville fell at the college in his left leg. He was taken to his home.

Don Hazenwoodson of Rev. Dr. Hazelwood, has a broken arm as a result of slipping yesterday.

The customs receipts at the Port of Toronto Junction for November were \$11,674.88. For the same month of last year \$12,835.27, a decrease of \$1,160.39. This is owing to a lot of heavy machinery having been shipped last year. The receipts for last month were \$205, as compared with \$211 last year.

Fullerton, Ont. Councillor Ford's store window in Carlton, as a result of being drunk, John O'Brien, the next fifteen days over the Don. Town Solicitor Anderson will see the case.

All Non-believers Convinced.
Once doctors thought Catarrh incurable. Now they know better because every case yields to Catarrhine. It cuts out the phlegm, cleanses the membranes and instantly relieves headache. Stop experimenting; use Catarrhine—that's all.

HIGH SCHOOL EAST OF DON.
Board of Education Will Ask Council for Funds.

The need of a new high school east of the Don came up at the meeting of the property committee of the board of education yesterday. Solicitor Murray had been asked to look into the legal side of the question and submit a report. His report was that the board had the right to apply to the city for the requisite sum. He, therefore, recommends that the board should acquire a site, and purchase the land, and build a new building. The board was appointed to select a site.

It was also decided that the committee appear before the board of control and ask that the strip of vacant land immediately north of Harbour-street Collegiate, be added to the playground of the institute. This land was bought a few years ago, but has never been turned over.

A motion by J. Simpson to petition the board of control to set aside the public Bathurst-street site for a public swimming bath, was passed.

The proposition of employing a permanent system, was quickly disposed of by Mr. Bishop. He had investigated and presented statistics to show that it was less expensive to hire men as required.

Messrs. Leves, Davis and H. Simpson were appointed a sub-committee to look after gas fixtures for Queen A. School.

Race Not Always to the Fast.
"Father," asked the youth, "what is the meaning of the saying: 'The race is not always to the swift'?"
"Precisely," my son," replied the wisefather. "It means that in the race of life the fast men do not usually come out ahead."

A CONFIDENTIAL CHAT ABOUT CLOTHES.

NOW just for your own satisfaction, Mr. Well Groomed Man, we would like to have you consider carefully the advantages you will receive by purchasing all your clothing requirements from us. In the first place we are exclusively men's and boys' complete outfitters—we have made a study of your requirements and believe we can please you. Then again, we import our materials direct from the mills of England and Scotland, and manufacture all our suits and overcoats on the premises, saving our customers both the jobber's and retailer's profits.

Our styles are copied from coast to coast but our prices are not copied anywhere. Our expert designers and cutters are masters of their art, and the style and smartness of "Jamieson" clothing is too well known to require much argument.

Our policy has always been "Satisfaction, or your money back," and this store will live right up to every promise made in its advertisements. For Saturday we offer the following special values:—

FORT WILLIAM

The Gateway to the great western Provinces—the distributing and manufacturing point for the vast fertile country west of Lake Superior.

Sir Wilfrid Laurier, during his speech at the turning of the first sod, spoke of Fort William as the coming "Chicago of the North." Fort William has the largest grain elevators, coal and freight handling plants in Canada, the Water Power of the Kaministiquia River is being developed and manufacturers are securing sites at Fort William to manufacture for the western provinces. Real Estate is advancing very rapidly in value and with the great industrial developments now assured will increase from 100% to 500% within the next two years. We are offering lots in the WAYLAND ESTATE to the investing public at prices that will insure large profits to those who are in a position to take advantage of this splendid opportunity. The Wayland Estate is situated adjacent to the leading cities of the C. P. R., C. N. R., and Grand Trunk Pacific Railways and is strongly endorsed by the governments of the C. P. R., C. N. R., and Grand Trunk Pacific Railways. Each lot is 25x124 feet to a lane. All streets are 66 feet wide. Price of choice lots, \$50, \$70, \$80 and \$85, payable \$10 to cash, balance \$10 per month until paid. Special terms given when lots are sold in blocks of 5 or more. Careful selection of lots made for out-of-town buyers. Satisfaction guaranteed.

WRITE TO-DAY for Pamphlet and Maps of Wayland Estate lots.

UNION TRUST CO., TORONTO OR **S. C. YOUNG, FORT WILLIAM, ONT.**

ARE YOU BURNING MIDNIGHT OIL?

The book-keeping methods of former times were always laborious and often vexatious.

It was then the work of hours and much nerve consumption to trace an item a year or two old.

None of these troubles can arise in a business where our System is installed. An item three to five years old is found just as readily as one recording a transaction of yesterday.

If you ask one of our representatives to call and show you exactly how we accomplish this. You will be under no obligation.
