Americans Pouring a Deadly Fire Into the Place-Reply of the Spaniards is Weak-General Assault To-Day.

---WAR NEWS PARAGRAPHED.

Six troopships, carrying 2500 men, six batteries of artillery and a large quantity of supplies and ammunition, have arrived off Juragua.

A despatch from Madrid says it is the Government's intention to sue for peace just as soon as the war situation, according to Spanish ideas, will permit it.

Food and water are very scarce in Santiago, One biscuit was recently sold Admiral Camara's ships were allowed to coal at Port Said, only after furnishing a written guarantee that the entire squadron is returning direct to Spain.

The peace party in the Spanish Cabinet is urging immediate negotiations The bombardment of the city of Santiago began on Sunday at 5.15 p.m.

The hospital car, bearing wounded to Fort McPherson, was in a rear-end collision six miles south of High Springs, Fla. No one was injured. The War Department at Washington has received a list of casualties in the first division, Sunday afternoon. The report gives 2 killed and 4 wounded.

After the bombardment of Santiago begins the navy has promised to get in close to the harbor with some of their light-draught boats. At El Caney there are 10,000 miserable refugees from Santiago, old men, women and children, whom the Spaniards have permitted to go to the American lines to get food. The plight of these helpless people is heart-rending. The Americans are doing all they can for them.

William Jennings Bryan's regiment of Nebraska infantry has been ordered to join General Fitzhugh Lee's corps at Jacksonville.
