TORONTO Less Favorable Than Some Time Ago-No Possibility, of Gold Ex-ports for the Present. World Office, Saturday Evening, Aug. 17. Canadian stocks have been firm during the week, and trading, altho sluggish in comparison with the activity of three mouths ago, has nevertheless been in much more generous proportions than at a cor-responding period in former years. The firmness has, doubtless, to some extent at least, been a reflection of the conditions in New York, sepecially in the particular instances of Twin City and Canadian Pacific sharees. Twin City and Canadian Pacific sharees, the bow its record of last spring. Both stocks displayed marked easiness during Friday and Saturday's frading in New York, send lost a good pro-portion of their former gains. On the Toronto Exchange, closing bids showed at gain of 3% for Twin City for the week and of 2% for C.P.R. Bank, Ioan com-pany and mining shares have been, for the most part, neglected. On the Montreal Exchange, Montreat Street Raliway gained 2½ points and Power shares advanced 1 point. New York stocks until Friday showed a determination to advance, despite the re-strictions which dull midsummer trading places upon a bull movement. Severat reasons contributed to this firmness. In the first place, a reaction from the prev-lous sagging market was technically due and there was a big short interest. Then, Sterling Exchange, which had in the prev-lous week assumed a menacing attitude and threatened immediate gold shipments, declined, a circumstance doubtless caused in part by the tremendous shipments of wheat from the Continent. Further, the crop disaster had lost its effect, and the prospect even seemed to improve, while present earnings continued to show great increases. present exprings continued to show great increases. Finally, the leaders of the steel strike had received a nasty rebuff and seemed to be in distress. How far this latter circumstance controls the situation may be judged from the fact that when the tide turned in favor of Shaffer at Joliett, the advance ceased, and for the rest of the week a duil, sagging market ensued. It may be true that the Trust has millions to fall back on, and that a strike embracing almost 70,000, and, for the present at least, gaining ground and showing no sign of the white feather is not a light matter. An unfavorable bant statement also contributed to the weakness at the end of the week. crease, \$1,514,200. Latienburg, Thaimann & Co. wired John J. Dixon : The market was professional from the start and prices sagged. Busi-ness was on a very limited scale, and there was nothing to inspire trading. The un-certainty as to the development in the steel strike situation all restricted business. The bank statement, tho showing small changes, was not as favorable as expected, and caused some selling by the room trad-ers. The close was heavy at about the lowest figures of the day, but there was no pressure to sell stocks. London did very little in our market. Demand ster-ling, \$4,80% to \$4.87.
