Oronohyatchka Re-elected Amid a Storm of Applause at Los Angeles.

Los Angeles, Cal., April 30.—The Supreme Court, Independent Forestry, held an important session to-day, discussing amendments, laws and constitutions of order. The discussions were vigorous, but cordial. The election of officers took place in the afternoon. Oronohyatchka was elected by a unanimous vote, and amid a storm of applause, the whole Supreme Court rising in a body and cheering again and again. These two sessions, at successive Supreme Courts say that the demonstration made upon the occasion of the chief's re-election, the enthusiasm as upon this occasion, the chiefman was deeply moved at the wonderful evidence of the unanimous feeling which exists in the Supreme Court. The chief's speech in reply was full of emotion, and expressed his heartfelt thanks for the continued confidence of his colleagues and of members of the order. The election of Supreme Vice resulted in the selection of J. D. Clarke of Ohio, his opponent being J. McElfresh, California. The remainder of the old executive were re-elected unanimously. Supreme Auditors Greer and Fitzgerald were re-elected. The Medical Board were elected as follows: Buckley, California; Cameron, Ontario. The contest for the next place of meeting was between Toronto, Quebec, Boston and Milwaukee. The choice fell upon Boston.

THE L.O.F. RATES.

Los Angeles, Cal., April 30.—It has been reported that the Supreme Court of the L.O.F. contemplates a re-rating of the old members at the present session, but the officers deny the statement. Supreme Secretary M. McGilvray says in regard to this question: "The Supreme Board has no action on the rates. It is a matter of a half year ago, which have proved satisfactory to all concerned, and the additional new members, have in no way interfered with the progress of our society."

G. F. FARWELL PROVIDED FOR
Geis the Vacant Rejuvenation of District of Algoma.

Prof. W. G. Miller of Queen's University, Kingston, was yesterday appointed provincial geologist and inspector of mines. His office will be in the Parliament Buildings. This is a new position, for which the salary is in the neighborhood of \$2,000.

Among other appointments made were: C. F. Farwell, K.C., ex-M.L.A., South St. Marie, registrar of deeds for the District of Algoma, in place of R. A. Lyons deceased.

George A. Dana, sheriff of the United Counties of Leeds and Grenville, a position from which he had resigned. Two orders were passed for grants to gold storage stations, one for the year 1900-1901 to the Wheeler Cold Storage Association of Chatham, and \$100 to the Ruttenhouse Cold Storage Company of Beausville.

William O. Driscoll was appointed messenger and clerk of the Department of Agriculture.

FRANK HOME RIVER
London, April 30.—Frank Home River, Liberal leader of the House of Lords, is popularly known as the "Red Earl," and during the House of Commons, he was noted as leader of the Liberal forces, who, however, are only about 40 in number out of the 500 members of the upper house. The Earl, who was born in 1835, and is consequently 67 years of age, was one of Mr. Gladstone's staunchest supporters.

AGAINST FLOUR TAX.

Sir Michael Hicks-Beach Waited on—No Comforting Reply.

London, April 30.—An influential delegation representing the flour importers of most of the large cities of the United Kingdom had an interview with the Chancellor of the Exchequer, Sir Michael Hicks-Beach, this morning, to protest against the taxation of flour, which the delegates said, would seriously affect the price of their trade.

The Chancellor, in replying, pointed out that the deputation represented the flour trade, and that it was not his duty to differentiate between the grain and meat duties entirely from that viewpoint. It was impracticable, in his opinion, to put a duty on flour, and he did not think it was to the benefit of the people of the country. He had reduced the duty on flour, and he hoped that the flour importers were now better off than under the late Mr. Gladstone's tax, and he doubted whether they were entitled to further advantages.

Watkins Mills To-Night.
Mr. Watkins Mills arrives in town this morning for his concert in Massey Music Hall this evening. This famous English singer, the most sterling basso of his time, is in splendid voice, and is sure to be heard with magnificent effect this evening at Massey Hall. The country which he will sing this evening is a Canadian song entitled, "The Serenade," the words being by Chas. G. Roberts and the music by J. H. Potter. Mr. Edward Parlovitz, a Polish pianist of great technique, will be an artist new to Toronto, but one who has received the highest commendation in every city where he has so far appeared. As a novelty and form of variety to the concert will be two musical sketches by Mr. Owen A. Smith.

Carnegie—"Have You Heard of It?"

Do Not Delay—When, through debilitated digestive organs, poison finds its way into the blood, the prime consideration is to get the poison out as rapidly and as thoroughly as possible. Delay may mean disaster.

Parlovitz's Vegetable Pills will be found a most valuable and effective medicine to cleanse the blood, and to get the poison out as rapidly and as thoroughly as possible. Delay may mean disaster.

Jury Finds That Young Lawrence Was Under Age for a Factory Hand.

BUT HIS DEATH WAS ACCIDENTAL
Vital Statistics at the Junction—New Steel Bridge Across the Humber.

Toronto Junction, April 30.—The inquest upon the remains of Wellington Lawrence, the boy who was killed in an elevator at the Canada Cycle and Motor Works on Monday morning, was resumed by Coroner G. W. Clendenen and a jury at the Police Court to-night.

Mr. Pennel said the boy was engaged on Monday morning. The boy stated that he was 14 on March 2 last. Previously he worked at Edward's leather factory, Brantford. After being engaged he was sent to the foreman to receive instructions.

Miss Sadie Lawrence, sister of deceased, in the absence of the boy's mother, who is ill, stated that her brother was 1 1/2 years of age last October.

Mr. Totten took the boy in charge and made two trips with him, showing him how to stop and how to start the elevator, and also explained that one stroke of the going meant first floor, two strokes the second and three the third. He watched the boy make subsequent trips, and that he made a dozen trips before the accident happened. There was no call for the elevator at the time of the accident.

Mr. Boynton, who placed all the machinery in the factory and looks after it, said the elevator was put in about a year ago, that the cable was all right, and that it was in good running order. The elevator ran at the same speed whether it carried 500 lbs. or went up empty.

The evidence of Mr. Riley, Mr. Phillips, Mr. Shapley, Mr. Moran and Mr. McNamara was also taken. County Crown Attorney H. Dewar appeared for the Crown, and in answer to a jurymen said that he thought the engagement of the boy had been somewhat irregular. Dr. Clendenen reviewed the evidence and the jury returned a verdict of manslaughter.

"We, the jury, empaneled to enquire into the cause of death of Wellington Lawrence, find that his death was the result of accident, and that no blame can be especially attached to any person. We also find that the deceased was under the age of 14 years, and is legally employed."
