MUST FURNISH BONDS.

Chicago, Sept. 16.—United States Circuit Judge Grosscup today ordered that the Standard Oil Company of Indiana, in order to obtain a supersedeas staying execution on its property to satisfy the judgment of $29,240,000, recently imposed by United States District Judge Landis, must furnish bonds of $6,000,000.

STANDARD OILS TITANIC PROFITS

A Total of Nearly Five Hundred Millions Within Eight Years.

New York, Sept. 17.—Delving into the financial workings of the Standard Oil Company of New Jersey, the holding company of all the subsidiary organizations of the socalled oil trust, Frank B. Kellogg, conducting the federal suit for the dissolution of the company, brought forth today to public view for the first time the enormous profits made by the Standard Oil Company.

In a period of eight years, from 1899 to 1906, inclusive, the Standard Oil Company, on a statement spread upon the record of today's hearings, was shown to have earned the total profits of $490,315,934, or at the rate of more than $61,000,000 a year, and distributed to its shareholders in the same period $308,359,403. While the company was earning these vast sums in the refining of oil, the statement adduced at the hearing today shows that between 1899 and 1906 the assets of the company grew by leaps and bounds from $200,791,523 to $371,664,531. The capital stock is $98,338,382.

Financiers and those seeking knowledge of the exact profits of the Standard Oil Company have striven vainly to obtain the figures which Mr. Kellogg succeeded today in placing upon the records of the court. The Standard Oil Company makes no statement of its business, and other than the declaration of a dividend it makes no public announcement by which its business may be gauged.

The hearing today brought out much information which Mr. Kellogg obtained from the Standard Oil Company. Mr. Kellogg obtained a statement, showing that the Standard Oil Company of New Jersey controlled by stock ownership over seventy companies engaged in the refining and transportation by pipe line of oil on Sept 14, 1907.
