of Kiddies.

Though the schools have closed and the summer holidays are in progress for students who are not trying departs the child Welfare the board of education. mental examinations, the Child Welfare clinics for the little people of pre-school age will be held as usual, with some changes in regard to place.

Chairman J. S. Barnard of the board of education has called a meeting of the board this evening to ratify his own consent regarding the use of school buildings in the summer months.

It is fully recognized that watching over the health of the little children, particularly those under one year, is more important than at any other time in the year. from the surrounding district, the advisability is under consideration of holding a monthly clinic especially for the little people from out-of-town to which parents might bring their children to be weighed, etc., to see that they are de-veloping properly, and from which they might be referred to their own doctors the year, hence the encouragement possible way which is being s summer to "baby saving"

Miss Bertha Smith, child welfar rse, has secured as her assistant for y. August and September, Miss ristene MacKenzie, daughter of J. H. Dr. T. J. Norman Is Deputy MacKenzie, 120 Mamelon street, who has returned home within the past month after three years' of overseas service. Neighbors Overseas.

It is an interesting coincidence that Miss Smith and Miss MacKenzie, who are now to be closely associated in Child Welfare work in their own home city. were next-door neighbors as nursing sisters in the hospital city of Etaples, in France, and the hospitals of both in Etaples were wrecked during the bomb-ing outrages of the end of May, 1918. Miss Smith was a British St. John Am bulance Hospital and Miss MacKenzle with No. 1 Canadian General, the latter hospital suffering great damage in the first big raid on May 19, while the for-

Miss MacKenzle returned to duty in France, and for a length of time was attached to No. 7 Canadian General A graduate of Christ's Hospital, Jer-

sey City, she went from New York to England, joining up there with the Can-Follow-Up Work. Apart from the four Child Welfare clinics held each week. Miss Smith is anticipating a busy summer for herself and assistant in follow-up work and making effective the service in a manner

## July Sales Will Be Sharp and Decisive

MILLINERY AND LINENS TOMORROW.

Instead of the long-drawn-out series of sales all over the store from day to day during July we have organized a sales plan for the month which will concentrate each day's effort upon one or two departments only, and avoid the necessity of rushing from counter to counter to participate in the early choice. Each department has been allotted certain days on which to make its midsummer clearance—not more than two sales each day, and every day will be sale day this month. Watch this space closely. Each day the sales for the following day will be announced. The competition will be keen among the different departments for the most successful sale, the objective being a minimum stock at the end of the month, and the offerings will be interesting. Each department will make its entire midsummer clearance on a certain day. This will be your month of opportunity. Don't miss one of these sales. Watch our daily announcements.

## Fresh Summer Millinery at Half Price

Remember, this is not a clearance of rag-tag hats, for the most of these have not yet been displayed, but are specially prepared for this sale, except a few which are pattern hats and are included at half price. This is an opportunity no one has dreamed of. Imagine, not dark colors, or spring leftovers, but light, pretty, new midsummer millinery at just half price. You will not be fully convinced until you see them, the sale is so extraordinary. Come early tomorrow.

# July Clearance in the Linen Section

Thursday, 9 a.m., commences this remarkable sale of finest quality Irish Linen Damask Cloths, Fleur-de-lis brand, so well known to our many satisfied customers. This lot consists of many of our best numbers, being manufactured from well-matured varns carried by the makers through the past year. Now unable to duplicate or match quality for napkins. We have been so fortunate as to secure the following, priced at one-third off our regular price of last season, in face of still higher prices; this sale is particularly interesting; quantities limited. Early Thursday for selection. Out-of-town customers will be more than repaid by a trip to participate in these values.

#### JULY SALES **BEGIN TOMORROW**

#### JULY SALES **BEGIN TOMORROW**

der that many and varied sugrestions along this line appear from time to thime in public print.

While excessive thinness might be attributed to various and subtle causes in different individuals, it is a well-known fact that the lack of sufficient phosphorus in the human system is very largely responsible for this condition. Experiments on humans and animals by many scientists have demonstrated beyond question of doubt that a body deficient in phosphorus becomes nervous, sickly and thin. A noted author and professor, in his book, "Chemistry and Food Nutrition," published in 1918, says: ". that the amount of phosphorus required for the normal nutrition of man is seriously underestimated in many of our standard textbooks."

It seems to be well established that this deficiency in phosphorus may now he met by the use of an organic phosphate known throughout English-speaking countries as Bitro-Phosphate. Through the assimilation of this phosphate by the nerve tissue the phosphate by the nerve tissue the phosphoric content when absorbed in the amount normally required by nature soon produces a welcome change in our body and mind. Nerve tension disappears, vigor and strength replace was kness and lack of energy, and the whole body soon loses its ugly hollows and abrupt angles, becoming enveloped in a glow of perfect health and beauty, and the will and strength to be up and doing.

CAUTION: While Bitro-Phosphate is unsurpassed for the relief of ner-

With Mayor's Name.

The formal notice authorized by the city council at its special meeting last Friday evening calling upon the London Street Railway Company to obey the city engineer's order in regard to

FUNERAL OF J. H. TAGGIE. service and speed was sent out unsigned on Saturday. Ald. E. S. Little had declined to sign it as acting mayor, and in Mayor C. R. Somerville's absence it was forwarded without a signature.

City Clerk S. Baker stated today that another copy, signed by the mayor, would be sent to the company today.

BURIED AT WOODLAND.

The funeral of Mrs. Ellen Gatecliff, who died on Monday, will be held on Thursday from her residence, 11 Thursday from her reside Wharncliffe road, at 3 o'clock.

DEATH OF JOHN CAIN. John Cain, one of Strathroy's most prominent businessmen, died in St. Josoperation. He is a cousin of Mrs. E. Gibb of King street, this city. The remains were shipped to Strathroy for in-terment in the Roman Catholic Ceme-tery there. The funeral will be held from the residence of his mother.

DEATH OF MRS. RANAHAN.

On June 27. Mrs. Harry Ranahan, wife of Harry Ranahan, grocer, of this city, died at the home of her sister in Lacombe, Alta., very suddenly from heart trouble. She had gone on an extended trip to the west to benefit her health. Her death was quite unexpected. The remains have been brought to the city for interment. The funeral will be held on Thursday morning from the family residence, 732 Maitland street, to St. Michael's Church, where requiem high mass will be sung at 9 do clock. Interment will be made in St. Peter's Cemetery. Mrs. Ranahan, before going west, was an active worker in St. Michael's.

To Have Perfect Skin Throughout the Summer

would have a lily-white complexion should turn her thoughts to mercolized wax, the firm friend of the summer wax, the firm friend of the summer girl. Nothing so effectually overcomes the soiling effects of sun, wind, dust, and dirt. The wax literally absorbs the scorched, discolored, withered or coarsened scarf skin, bringing forth a brand-new skin, clear, soft, and girlishly beautiful. It also unclogs the pores, removing blackheads and increasing the skin's breathing capacity. An ounce of mercolized wax, obtainable at any drug store, applied nightly, like cold cream, and washed off mornings, will gradually improve even the worst complexion. There is nothing better for the removal of tan, freckles or blotches.—Advt.
