## S I G N A L S

*Made at PARTRIDGE ISLAND, and repeated at FORT HOWE, when Vessels are coming into the Harbour.*

One ball close, for one square-rigged Vessel,	
One ball half hoisted, for two ditto,	
Two balls close, for three ditto,	
Two balls separated, for four ditto,	
A pendant of any colour, for five ditto,	
A do. under a ball, for six ditto,	
A do. over a ball half hoisted, for seven	do.
A do. under two balls close, for eight	do.
A do. between two balls separated, for nine	do.
A flag of any colour, for ten or more	do.

*[The above are hoisted at the east or west yard-arm, according to the quarter the vessel first appears in, with the addition of a ball at the centre of the yard, until the vessels can be seen, when one or more of the following descriptive colours will be hoisted at the mast head.]*

An union for a Flag Ship, with or without a Squadron,
Do. with a red pendant over it, for a Two-decker,
Do. with a blue pendant over it, for a Frigate,
Do. with a white do. over it, for a small armed Vessel,
A red flag pierced white, for the Digby Packet.
A blue flag pierced white, for the St. Andrew's Packet.
A blue pendant, for a Merchant ship,
A red pendant, for a Merchant brig,
A white pendant, for a topsail schooner or sloop,
A blue and white snake pendant, for an American vessel,

When a Vessel requires a Pilot, her descriptive Pendant will be shewn at a yard arm, instead of the ball.

After a Vessel has been described, and passes the Harbour, her descriptive Pendant will be lowered, half staff, for an hour, and the ball taken down.

A ball at the mast head—vessel is on shore or in distress.—  
Should immediate aid be necessary, guns to be fired.

*Such Merchants as will supply their Private Colours to the Signal Post, at Fort Howe, may have them hoisted (instead of the usual distinguishing Pendant) when the Vessels appear in the Offing.*
