LOCKHART HAD BAD START

Spectacular Rushes Thruout Kept Fans in Frenzy at the · Arena. ·

A seven goal margin separated the 228th Battalion and Quebec at the fin-ish of Saturday night's N.H.A. fixture with the scidiers on top. Twenty-five goals were scored, sixteen of which were collected by the winners and nine being the losers' share. The margin might be also represented by teaming Prodgers and Oztman versus Quebec. These two player truly represent the difference and their activities in scoring warrant this distinction.

player truly represent the difference and their activities in scoring warrant this distinction.

For a game with such an unusual amount of scoring it provided interest to the fans. The results of the spectacular rushes, which were the chief points of interest, kept the crowd in a frenzy practically from start to finish and encouraged by repeated successes both tegans battled to the limit, and the tablics were almost as plentiful as shots on goal in ordinary games. The play was wide open, complete with dazzling exhibitions of stick work and speed skathing. At no time in the game did either team settle down to real defensive work, but developed the offensive portion at every opportunity. Needless tallies there were, while the habit of roaming over the ice in pursuit of the puck left the defences open to attack.

Prodgers and Oatman were seemingly tircless in their tack checking for the vinners, and it is due chiefly to their efforts that the visitors were not allowed to bring then selves within closer striking distance of the soldiers. Prodgers seem of the soldiers. Prodgers seem of the soldiers. Prodgers word almost at will, and neither Moran or Hebert, who succeeded him in the second period, was at any time confident of being able to handle his shots. Prodgers never let up. His condition was wonderful and his back checking proved to be the biggest obstacle that the Que bec attack had to overcome. The McNamara brothers as usual were cool and collected on the defence and used their weight with good judgment. They roamed a trifle too much, but otherwige gave a splendid exhibition. Arbour was agressive and regotiated his share of the tailies.

gressive and regotiated his share of the tailies.

Lockhart had a bad start in goal and almost looked as if his number would so to the discard. McDonald, since leaving our shores, has improved wonderfully, and he paved the way nicely in the opening session for putting the skids under the soldiers' goalde. His rirst shot slipped thru between Lockhart's legs. He duplicated this feat a few minutes later from far out, then bounced one on his pads, which Lockhart stopped with his legs wide apart, only to have McDonald dribble another into the net half a minute later. His temporary bit of aviation looked bad for the prospects of the soldiers, but Lockhart settled down when his team-mates evened up the score, and from then on handled the majority of those that came his way. Moran lost his weather eye early in the initial period and Hebert was sent to guard the station at the beginning of the second period. The fusillade of shots that was sout of those driven at tim.

poured at him gave him a very busy session, but he accounted for a large percentage of those driven at ilim.

Malone, McDonald and Crawford were on the firing line for Quebec and each played a very successful part there. Hall and Ritchie laid their sticks and weight on everything that came within their reach, but they overdid it in spots and were caught napping before they could recover on numerous occasions. The play was almost too fast for team work and it devolved into individual work, while two and three-man combinations invariably was almost too fast for team work and it devolved into individual work, while two and three-man combinations invariably provided talkies because of the loose defence. At the end of the first period the soldiers led by the score of seven to three, altho earlier in the period the visitors were yesting comfortably in the lead by three soals to one. In the second the 225th talked four times and Quebec three, while the soldiers in the last period again outscored their opponents, notching five goals to three, making the total count—228th Battalion 16, Quebec 9.

Riversides by One Goal Beat Queen's University

At Arena Gardens Saturday afternoon Riversides beat Queen's University 2 to 1 in their first encounter of the season. A fair number of people were in the seats when the teams faced off. The locals had Addison in goal in place of Collett and McCaffery up on the wing.

Both teams showed some snappy work in practice before the game. The line-up: Riversides—Addison, goal; Merrick and Smith, defence; Parks, rover; Farr, centre; McCaffery, right wing; Dopp, left wing.

The Single Rink Committee Will Pass Up Contest This Year

On Saturday Secretary Pearcey of the Ontario Curling Association sent out notices to the umpires to get the Tankard premises under way in acoust two weeks. This will be the only big open curling competition of the year. The district cup games for curlers who have not played in the tankard will take place as usual. However, Toronto's big single-rink event will likely be abandoned. The clubs did not appoint trophy representatives at their annual meetings, and the present emblem has still one year to run. The Granite Club have it cinched. Taking into consideration the most trying year of the war the committee, which will be called together shortly, can do little outside declaring the competition off for 1917.

Ice racing in Canada is classed as one of the most enjoyable sports for the winter season. The Toronto Driving Club staged one of the most successful meetings ever put on by the club, and Dufferin Park started their four days meeting on Saturday with three races on the card.

Altho each event was won in straight heats, no better racing has ever been zeen, particularly in the 2.10 pace, which was won by V. Fleming, with his good chestnut gelding. Mussel Shell, 2.10½, by Bozeman, who now holds the record for this season so far of the three farst leats paced over ice—2.17½, 2.15, 2.14½.

The flist heat was won fairly easy, but the second and third were a very light fit, and not till the decision given by the judges was announced could the attendance make out who was the winner. Bertha Walsh, the mare owned by Geo. N. Walsh of Tillsonburg: Aconite, b.h., 2,04½ (mile trock), by Acquillan and driven by W. Fleming, a past master at the art, were cplit favorites, with Prince Rupert, b.g., 2,11½, by Prince Dillard, driven by Charlie Lindburg, and who also was a winer at Hillcrest Park last week, was third choice, while Chas. Farrell, who drives Fred Hal, b.g., 2,11½, by Gold Hal, had considerable of a following.

The winner, Mussel Shell, Mansfield and Fred Hal were in the field, and sold for 5 in 50 tickets. Fred Hal was the contender in the first beat, but this is his first race and he seemed short of work. Charlie Farrell only had him about twe weeks. He will be better next time out. In the second heat Bertha Walsh was the contender, and the last heat Aconite and Bertha Walsh (who is making her first appearance over ice), is naturally proud of this mare. Who's Who in Toronto's Soldier Team The Popular Leaders of the N. H. A.

captain Howard McNamara is not only an officer in the battalion, but will also captain the team on the ice. The popular defence player is only 25 years of age, and was born in Sault Ste. Marle, where he first learned the hockey—game. He then played with Berlin, Cobalt and Waterline League, before coming to Toronto to play with the Tecumsehs, Ontarios and Shamrocks, while last year he was with the Champlon Canadiens. Captain McNamara is one of the most popular players that ever appeared on the local ice, and is sure to be of great service to the soldier squad,

captain George McNamara has three years, when it comes to age, on his brother, but is not built as large. He played with his big brother at the Soo, Waterloo, and on the Tecumsehs, and they were known as the "Dynamite Twins." In 1912, when the Torontos won the championship, he joined the blue shirts in the middle of the season, and was a great help to the team. Last year he was with the Torontos, and played fine hockey on the defence.

Pte. Lockhart, the goaler, comes from North Bay, and his first experience in a professional game was against the N.H.A. stars a couple of weeks ago. He has the courage and clears well, and is likely to hold the position against all-comers.

Lieut. Art Duncan confesses that Toronto is his own home town, which will be news to many hockey fans. He is 25 years of age, and played hockey at Ediyears of the squad, confesses to be just 21 years of age. He made a bit as a junior player at Victoria Harbor, and then graduated to the Caradien champions in Montreal. Big and a great handler, he would make a place on any team.

Lieut. Gordon Meeking is well-known to local fans as the greatest little goal-getter ever seen in the O.H.A. He comes from Barrie, and played on Eaton's, Toronto R. & A.A., and Victoria champions in the social players in the game, and should help a lot in the scoring line.

But this important piece of news will cause consternation in the ranks of Uncle Sam's peds, for the local peds unite in saying that they might as well give up all hopes of winning first honors in a welking match when Goulding makes up his mind to pace against them.

Goulding has quit the cement business, and is now employed in a large department store in his home town. He received an invitation from the Milirose Club one day last week, and he made quick reply.
