RUSSIAN OFFENSIVE CONTINUES Over 113,000 Prisoners Taken in Seven Days' Fighting—Austrians Soon Will Be Driven From Bukowina

CANADIANS ENGAGE GERMANS IN HEAVY BOMBARDMENT ABOUT HOOGE ITALIANS ADVANCE IN OFFENSIVE IN TYROL AGAINST AUSTRIANS

FIND TAKE-OFF TAKEN IN DEAL IN CARTRIDGES

SALE TO ADMIRALTY NETTED SOMEONE FIFTY THOUSAND DOLLARS' PROFIT.

PAYMENT TO ALLISON

FOUR THOUSAND DOLLARS GIVEN HIM OUT OF ADMIRALTY TRUST FUND.

By a Staff Reporter.

OTTAWA, June 12.—That Col. J. Wesley Allison got \$4000 out of the admiralty trust fund, which was placed to the credit of F. Orr Lewis, is the New York branch of the Bank of Montreal, and that there was a \$80,000 take-off somewhere on the sale of small-arms ammunition to the British admiralty, were the leading points brought out at the inquiry into this matter by Sir Charles Davidson here this afternoon.

A. G. Parker, manager of the Bank of Montreal here, submitted copies of the accounts of the New York branch and correspondence with Orr Lewis, of Vickers', Limited, who represented Sir Trevor Dawson. The accounts showed a number of entries which were not related to the small arms ammunition question, and Mr. J. A. Hutcheson, the government counsel, and H. H. Dewar, the opposition counsel, went over them together and picked out the items connected with the matter of the inquiry.

Payment to Allison. When the payment of \$4000 to Allison was mentioned it was also brought out that there was nothing to show that this was for, nor was there anything in the letters to show what it was for. Of course it was not shown either that the payment was in connection with the inquiry.

BULGAR-ROUMANIAN FRONTIER IS CLOSED

Important Bulgarian Troop Movements Believed to Be Under Way.

LONDON, June 12.—The Bulgarian location at Bucharest has received information that the Bulgar-Romanian frontier will be temporarily closed against passengers or merchandise, says a Reuter despatch today from the Roumanian capital.

It is believed, adds the despatch, that Bulgaria has taken this step in order to mask important troop movements.

ROME, June 12 (via Paris).—King Victor Emmanuel today received Antonio Salandra, the retiring premier, who presented the resignation of the cabinet.

The resignation of the ministry, which was made known yesterday, was officially announced today in the senate and the chamber of deputies, upon which both houses of parliament adjourned.

Other resolutions in the report provide for the procedure which is to be followed in securing the necessary legislation, for the manner in which the work of the church is to be carried out while this legislation is being secured, and for special arrangements in western Canada. The debate on the issue will be continued tomorrow, and it is the expectation that it will be finished in the afternoon. It is possible that the assembly may be willing to continue the discussion until Wednesday, but in any case the ultimate issue will be the same.

The speakers in submitting the case for union were Rev. W. J. Clark of Montreal and Rev. M. A. McKinnon of Regina.

Dr. Clark said with reference to the basis of union: The Presbyterian Church in adopting it would lose little or nothing that it valued. He had been greatly surprised, he said, in the long negotiations in past years to find how readily the other churches yielded in the non-essential, and he was able to say that the Presbyterians in the new organization would be able to continue everything that they valued.

Sign to World. He pictured what the adoption of the report would mean. It would constitute a welcome sign to the entire religious world, he said, and would be a message especially welcomed by the missionaries in foreign lands.

Rev. Dr. McKinnon in seconding the motion said that the proposed union constituted the only solution he knew of to many of the moral, social and religious problems of the age. He spoke at length of co-operation and said that such success as co-operation had met with had been reached because it was believed that union would be finally consummated.

Rev. E. Scott followed, presenting the report of the minority, and had not finished when the hour for adjournment arrived.

To Earl Kitchener

BY ROBERT BRIDGES, BRITISH POET LAUREATE.

LONDON, June 13.—The Times today prints a sonnet to the late Earl Kitchener, written by Dr. Robert Bridges, the British poet laureate. The sonnet follows:

"Unflinching hero, watchful to foresee And face thy country's peril whereso'er, Directing war and peace with equal care Till, by long toil ennobled, thou wert he Whom England called and bade 'set my arm free' To obey my will and save my honor fair What day the foe presumed on let despair And she herself had trust in none but thee. Among Herculean deeds the miracle That mass'd the labor of ten years in one Shall be thy monument. Thy work is done. Ere we could thank thee, and the high sea swell Surgh unheeding where thy proud ship fell By the lone Orkneys 'ere the set of sun.'"

ALLIES TO PRESENT TERMS TO GREECE

Belief at Athens is That Complete Demobilization Will Be Demanded.

LONDON, June 12.—The following official communication concerning the operations in Egypt was made public tonight:

"Hostile aeroplanes bombed Kantara (80 miles south of Port Said) on the Suez Canal, and with a machine gun fired on Romani yesterday. They were driven off by British aircraft with a few minor casualties at Kantara. No one was injured at Romani. There have been successful skirmishes with patrols on the eastern border of the Quattia district."

ACTION TODAY LIKELY

Ousting of Chief of Police Will Probably Be Another Condition.

ATHENS, June 11, via London.—There is a divergence of opinion here over the holding up by the entente governments of the presentation to Greece of their conditions on which tomorrow will be the chief of police, thus drawing the teeth of the present government.

The American legation is being bombarded by protests from American business representatives in all parts of Greece against the blockade. Tobacco valued at \$2,500,000 belonging to American firms, is being held up at Kavala.

PRESBYTERIANS TO VOTE FOR UNION

Substantial Majority Assured. Say Advocates on Eve of Division.

LONG FIGHT NEAR END

Debate Will Probably Be Brought to Close This Afternoon.

WINNIPEG, June 12.—Leaders in the Presbyterian general assembly say that church union will be carried out by the vote of the majority of conservative judges admit that the project will go thru on a vote in the proportion of one hundred and fifty to 100. The church is to be divided into the united church of Canada, which the long struggle in the church is ended, and that the union, which was discussed, will be consummated in this city.

The committee on church union reported this afternoon, in the form of a series of resolutions.

The most important resolution was: "That this general assembly of the Presbyterian Church in Canada, do now resolve to unite with the Methodist church of Canada; and the Congregational church of Canada to constitute the united church of Canada, on the basis of the union, approved by the general assembly of 1915, and by the majority of the churches when consulted under the Barrier Act."

To Provide Machinery. Other resolutions in the report provide for the procedure which is to be followed in securing the necessary legislation, for the manner in which the work of the church is to be carried out while this legislation is being secured, and for special arrangements in western Canada. The debate on the issue will be continued tomorrow, and it is the expectation that it will be finished in the afternoon. ITALIANS ADVANCE ON TYROL FRONT

Follow Up Repulse of Austrians by Gaining Ground in North.

REPULSED TWO ATTACKS

Austrian Counter-Stroke Fails to Arrest Allies' Progress.

Special Cable to The Toronto World.

LONDON, June 12.—After the cessation of the desperate Austrian offensive against Italy, the Italians, resuming their offensive, have made a continued advance in the Arsa valley, the Paganico sector, and along the Posina-Artico line in the southern Tyrol, according to the war office at Rome today.

The advance in the Val d'Arza was hampered by a violent artillery fire and, in the higher levels, by snow and gales. The Italians repulsed two Austrian counter-attacks in the direction of Forni and in the Campiglia zone. The enemy lost heavily in these attempts.

On the Setti Communal plateau, southwest of Asiago, Italian advanced detachments passed the Canaglia valley and pressed on towards Monte Marco and Monte Busibollo.

In the Sugana valley the Italians advanced towards the Mase torrent and repulsed two counter-attacks near Scurelle.

Rome claims a brilliant success for Italian arms in the fighting on Mase Lemerle on June 10. The Italian 42nd and 44th Forl infantry sustained the assaults of dense masses of the enemy and pressed on towards the positions of these two regiments, they dispersed the enemy with the bayonet and gave effective pursuit.

Coni Zugna in the Lagarina valley was strongly bombarded by the Austrians.

FRENCH WIN FIGHT NEAR THIAUMONT

Germans Suffer Repulse of Violent All Day Attacks

KEEPS ON SHELLING

Enemy Bombard Region West and South of Fort Vaux.

Special Cable to The Toronto World.

LONDON, June 12.—French positions north of the Thiaumont fortifications and north of Verdun braved successive German attacks all day today, and when night fell they were still in the hands of the defenders. The enemy brought into the conflict here important reserves and he launched violent assaults, but he was everywhere stopped by a curtain of fire and by infantry volleys, suffering serious losses.

Besides the point of attack, the whole region west and south of Fort Vaux and the French second lines in the Souville-Tannes sector, were violently bombarded. During the night German infantry attacked the French positions west of Fort Vaux, and they were completely repulsed.

West of the Meuse a heavy artillery action continued last night and today in the vicinity of Chateaucourt.

Forces of General Brusiloff Take Nearly Seven Thousand More Prisoners, Advance to Seize Kolomea Junction, Key to Bukovina, and Beat Off Two Austro-German Counter-Offensives.

Special Cable to The Toronto World.

LONDON, June 12.—Fighting on with great impetuosity and valor, the Russians are continuing their offensive in the big stretch of country between the Pripet marshes and the Roumanian border. They increased the number of prisoners taken to 1700 officers and 115,000 men, a gain of 6700 since the preceding day. Petrograd says that owing to storms in southern Russia and the consequent rupture of telegraphic communication reports from this front are delayed and news of the armies is restricted, but it is established that in many sectors of the front of Gen. Brusiloff, the Russians are still pursuing the defeated enemy and that they have attacked him hotly in some places. He has also counter-attacked his pursuers with desperation.

In Czernowitz Suburbs. In the region south of the Dniester the Russians were yesterday already fighting for the suburbs of Czernowitz. They observed heavy explosions in this town, indicating that the Austrians were preparing to abandon it. The enemy blew up a bridge near Mahaly Village, east of Czernowitz, while the Russians were already near the Zaleszczyk bridgehead. In this section of the front Gen. Lechitzky had taken a total of 20,000 prisoners, all of the Hungarian infantry and cavalry, an increase of 2000 since yesterday's report.

South of Lutsk on the Ikwa front, the enemy beat a hasty retreat and the Russian pursuit was closely followed.

Foe Finally Repulsed. In the region of Gladki and Verobivka village in Galicia, north of Tarnopol, the Russian offensive has been proceeding for the past two days, the enemy attacked the Russians repeatedly and furiously, but he was finally repulsed Sunday morning. The Russian artillery here did great service by throwing sustained gusts of fire which checked all the attacks of the enemy.

North of Bucacz, which the Russians entered yesterday, the Austrians, receiving reinforcements of German troops brought to this region, desperately opposed the Russian advance, opening a series of counter-attacks. The Russians replied to this move by further attacks, but they had to give ground a little at this point. The Austrians, being continued with increasing desperation.

Foe Attacks on Dwina. In an attempt to relieve the pressure against the hard-pressed Austrians and Germans in the south, Von Hindenburg is launching a great many desperate attacks on the Dwina front in the north and the Russians have not only generally held their ground, but have advanced in one or two places. The Germans opened an offensive on the right wing of the Riga fortress, north of the Austrian crown land of Bukovina. The rumor lacks official confirmation, but it has been given color by the capture of Dobronovtze, a commanding position 10 miles to the northeast. The Russian line here extends to Okna. From both these points good roads lead direct to Czernowitz, and, according to military authorities, they are the only points in this direction capable of defence.

A telegram received from Bucharest, Roumania, says the Austrian army has evacuated Czernowitz and moved to a line four miles to the west. The combined successes of the Russians recorded in today's official communication are the more surprising as the Austrians, after the first shock of the Russian advance, appeared to have rallied their forces and offered extremely stubborn resistance. This is indicated by the fact that they were able to mass sufficient forces in the vicinity of Kolki, north of Lutsk, and cause the Russians to retire across the Styria river.

Not only here, but at other points on the Volhynian front, further counter-attacks characterized the last 40 hours of fighting, but without being able to check except momentarily the force of the Russian advance.

It is not believed here that the Germans are sending many troops to aid the Austrians. It is pointed out that only in one instance—during Russia's spectacular Carpathian campaign—did Germany send any large number of men to the relief of the Austrians. Instead, it has always been their practice to undertake an offensive on some other line in an endeavor to draw off the Russians. It is the opinion of observers here that it is not improbable the Germans are more likely to attempt an offensive on the northern section of the Russian front than to risk weakening their lines by detaching any number of men for the purpose of stiffening the Austrian defence.

Bringing Up More Men. A despatch from Rome says that it is learned from Swiss sources that the Austrians have withdrawn 45,000 men from the Italian front to resist the Russians and that they are also evacuating Albania. Batteries of heavy guns have been sent to Volhynia. Between June 7 and June 9 about 30 Austrian trains loaded with guns and troops passed thru Innsbruck station and proceeded northward. The Austrians have also withdrawn troops from the Isonzo front and the Carso. Bulgarian troops are expected shortly at Innsbruck to reinforce the Isonzo front, where the Austrians expect the Italians will launch an offensive. After weeks' fighting the Austrian offensive against Italy has been brought to a standstill. The Russian ambassador in London announced today that the Austrian armies near Czernowitz have been completely routed. Two entire divisions with all their guns, ammunition, and generals, were captured. The Russians are in full pursuit of the enemy and the Cossacks are over-running territory in the rear of the fleeing armies.

Despatches from Roumania say that the newspapers there are showing excited interest in the progress of the Russians. Pro-ally periodicals insist that now is the time for Roumania to join the allies.

Despatches from the Balkans say that the Austrian forces in Czernowitz fear that the Russians will seize Kolomea junction, across the Dniester, and cut off their retreat.

After a week's silence on developments in Galicia, where German troops mixed with the Austrians have been engaged by the Russians, Berlin today gave out a report that Russian troops attempted to advance north of Bucacz and were repulsed, losing over 1500 prisoners to the Germans and the Austrians.
