That Collapse, Not for Your Discomfiture, But for Your Convenience, Being Specially Designed To Do So. Moreover, the Comfortableness of Them Equals Their Convenience.

NO HEAVY, CUMBERSOME FURNITURE for the camp or cottage set up in rustic, rocky places! Too much like home, for one thing. Too awkward to move about, for another. The palm of popularity goes to the type of chair our artist has sketched below.

Beyond its informal, summery appearance, it possesses the merit of being collapsible. It may be folded or rolled into small, compact form—a distinct boon, not only for the journey thither and from the city and back again, but for the daily moving about from verandah to garden or glade. Then, too, for the tent, or the big dormitory over the bathhouse, how admirable the cot that may be condensed to less than the size of a suitcase!

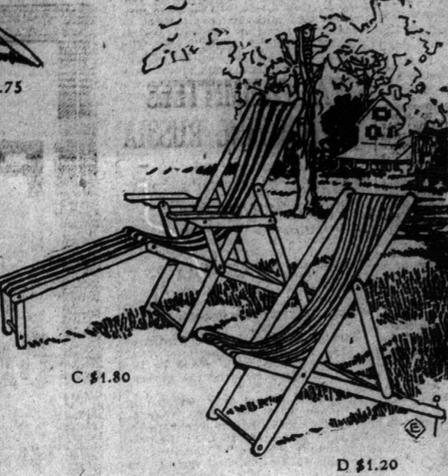

Moreover, such cots and chairs lose nothing in comfort for the sake of convenience. They are carefully designed with that object in view. Prices are as follows:

A. Camp cot of natural wood and sturdy white duck—a strong, comfortable bed for tent or summer bungalow. When not in use it may be telescoped into the tidy bundle indicated to the right of the drawing. Price, \$3.50.

B \$2.75

B. Here's a chair ready to lead a varied and active life—ready to be gathered up under your arm and transferred from verandah to motor boat, from picnic ground to the rock by the campfire. In short, it is an excellent portable chair, made of natural wood, with seat and back of green or brown duck. Price, \$2.75.

C \$1.80

C. Stretch out in this chair and you'll know the meaning of real comfort. It is made of natural wood and strong awning duck in brown and white or green and white stripes. The back and foot-rest are adjustable. Price, \$1.80.

D. A great favorite for cottage or camp—adjustable chair in natural wood and awning stripe duck. Price, \$1.80. —Furniture Building, Alder and James Sts.

MANY NEW YORK RECRUITS ARRIVE

Fifty-One in Contingent and Twenty-Six Join the Infantry.

KILTIES HOLD PARADE

Resumption of Forestry Recruiting by Authority From Ottawa.

Another large contingent of recruits from the British Recruiting Mission at New York City, arrived in Toronto yesterday for attachment to the Canadian Expeditionary Force. There were 51 men in yesterday's party. All but one were found physically fit for military duty. The United States recruits joined C.E.F. units as follows: 48th Highlanders, 3; C. O. R., 7; Grenadiers, 10th Regiment, each 1; Army Medical Corps, 7; 110th Irish Regiment, 3; No. 2 R. E. Draft, 2; C. M. R. Engineers, No. 2, 34, and 18 R. R. Drafts, and 10th R. G. 5; 48th Highlanders, 12; 10th Regiment, 6; 110th Regiment, 2; C. M. R., 1; Can. Engineers, 1; No. 2

C.A.M.C., 10; No. 2 Railway Con. Draft, 2; No. 14 Railway Con. Draft, 4; 67th Battery, 1; C. A. S. C., 1; No. 18 Railway Con. Draft, 2; No. 23 Railway Con. Draft, 2; Y. and S., for Construction, 9; No. 2 C.A.M.C., 1; Dental Corps, 2.

An order received yesterday from the British Recruiting Mission headquarters at New York City, informed the Toronto mobilization centre that in future all men sent from the United States for enrolment in the C. E. F. must be attached for service to the highest branch of the service their physical condition permits. Thus recruits found suitable for class "A" infantry, will have no option but to sign up for duty in that branch of the service. These men will be divided proportionately among the five Toronto infantry C. E. F. service battalions.

Forestry Men Wanted. Recruiting for the forestry units has been resumed. The enrolling of men for forestry work with the C.E.F. had been cancelled a couple of weeks ago by an order from Ottawa. The new order from headquarters, however, states there is now an urgent demand for forestry men. The physical standard necessary for recruits to be eligible for the forestry drafts is much lower than for combatant units, as loss of several fingers or toes or even one eye is not considered a bar. Men up to 48 years of age are accepted for forestry units. One of the prominent C.E.F. units which will probably enroll a great number of forestry recruits is the York and Simcoe Foresters' Conscription Draft, commanded by Capt. A. W. Hughes. Four hundred and twenty-eight members attended last night's parade of the 48th Highlanders at the armories.

A Day at the Ranges. Lieut.-Col. C. W. Darling announced to the Highlanders that the whole regiment would muster at the armories

at 9 a.m. tomorrow and then proceed to Long Branch by train. A complete day will be put in at target practice. Every man will provide his own lunch, and coffee will be supplied at the ranges. The regiment will entrain for home at 6 p.m. Last night No. 4 Company of the 48th held musketry practice at the Hart House ranges. No. 8 Company at the armories ranges, and Nos. 1 and 2 Companies attended musketry lectures. Twenty-six new members have just been enrolled. Two provisional promotions in No. 4 Company are announced. Sergt. J. E. Lamb becoming company sergeant-major and Corp. W. J. Dovey a sergeant.

Fifteen men medically unfit for C.E.F. service are wanted for general work at Camp Borden. Nine bakers are also required. Applicants may apply at the C.A.S.C. or recruiting depot at the armories.

There is a probability of some wounded soldiers being sent to Bermuda's balmy climate in order to recover from the effects of their wounds. A report has been received from Bermuda that a committee of chamber of commerce is already appointed to enquire into the advisability of making arrangements with the Canadian authorities for sending soldiers to Bermuda to regain their strength. It is also said that circulars have been sent to all the hotel proprietors in the island asking them to co-operate.

Gordon Smyer, 16 Carlyle street, sustained slight injuries to head and hands when a horse he was driving along Denison avenue, yesterday afternoon, took fright, bolted and crashed into another bakery wagon. Smyer is employed as a driver by the George Lawrence Bakery. He was taken home.

MEMORIAL RAISED TO HARRY E. LEE

Tablet Unveiled to Memory of Teacher at Annette Street School.

GEN. LOGIE OFFICIATES

Warm Words of Praise for Men Who Fell in France.

The pupils, teachers and parents of Annette street school last night paid tribute to the memory of Gunner Harry E. Lee, a former teacher, who was killed in action at Courcellette in September last. A bronze tablet bearing a record of his death, and a large picture of the dead hero, the gift of the teachers of the school, were unveiled by Major-General W. A. Logie, Members of the board of education, the young man's father, Marcus Lee, his uncle, Eriand Lee, of Wentworth County, and a large number of friends were present. The tablet was inscribed with the words: "Gunner Harry Eriand Lee, who fell fighting for the Empire at Courcellette, September, 16, 1914, the first Toronto teacher to make the supreme sacrifice." Gunner Lee was a graduate of the faculty of education, Toronto, and his first teaching experience was acquired in the Mimico Industrial School

In October, 1914, he was taken on the teaching staff of the Annette street school, and although he remained only a few months, was popular with both teachers and pupils, and was a successful teacher. In February, 1915, he enlisted with the 4th Canadian Mounted Rifles, going to England in the fall of that year. Later he transferred and went to the front in a machine gun unit. Short addresses were delivered by Chairman Miles Vokes, General Logie, Charles Ferrier, superintendent of the Mimico Industrial School, and Wm. Wilson, principal of the Annette street school. Marcus Lee, the father, and Eriand Lee, replied with words of appreciation for what had been said and done. Harry was the only son of the family, and one of his two sisters is now in France as a nurse. Eriand Lee has lost one son at the front and another is now in action.

Chairman Vokes referred to the estimable character of the young man. He was proud of Canada's young men and women and he felt certain that Britain would never fail for men to support her in the hour of need.

A Family of Soldiers.

Gen. Logie said that Gunner Lee had come from a family of soldiers. A great great grandfather had been a British soldier and he had left many descendants, of whom all the men of military age were now fighting or were dead. He touched on a controversy which developed because of a statement of Gunner Lee's made in his schoolroom, and which was given wide publicity. If he had said something that did not meet with the approval of some people, stated Gen. Logie, he had said so because he believed it. It was what he had done that counted and he had removed any stigma of blame with his life's blood. "A brave man was Harry E. Lee," said Mr. Ferrier, "and those of us who know him are confident that he met the last supreme test with the same

FRATERNAL SOCIETY MEETING.

A committee was appointed, composed of members of the various societies, to go into the matter fully, after which a general meeting, inviting members of fraternal societies, will be called to hear and discuss the plan adopted by the new committee to be presented to the government.
