

HON. F. B. CARVELL GOES TO HALIFAX

Feels it Duty to go, and Cancels
Speeches Engagements in Northumberland

Hon. F. B. Carvell, Minister of Public Works, on his arrival in the city yesterday from Fredericton, was met by some prominent railway men and others who have visited the city of Halifax and the situation there was so represented to him that he felt it to be his urgent duty as Minister of Public Works, to cancel his engagements in Northumberland county for Thursday, Friday and Saturday of this week and proceed at once to the scene of disaster. Hon. Mr. Carvell has much to look after in the stricken city and as Sir Robert Borden, prime minister, was called to Ottawa, the presence of another minister of the crown will no doubt be of great assistance in directing restoration efforts in the capital of Nova Scotia.

Feeling that the people of Northumberland might be disappointed at his inability to keep his engagements before leaving the city yesterday, the following announcement was telegraphed to Chatham for publication to the electors of that constituency:

To the Electors of Northumberland—It is with very much regret that I am unable to keep my engagements in Northumberland county, Thursday, Friday and Saturday of this week but, as Minister of Public Works, I am summoned to the stricken city of Halifax to lend my efforts and all of the energy of my department to assist in restoring order out of chaos. I feel that my duty lies there—and

Mother and Children Had Awful Coughs

WERE CURED BY
DR. WOOD'S
NORWAY PINE SYRUP

Mrs. Arthur Appleyard, Novar, Ont., writes: "This past winter my children and I had awful colds and coughs which we got by being in drafts. I tried a number of different remedies for us, but got no relief. I thought I would try Dr. Wood's Norway Pine Syrup, and I found it a most excellent and sure cure. It gave relief to the tickling in the throat and stopped the cough, and with a few bottles we were all cured."

Dr. Wood's Norway Pine Syrup is a remedy that has been on the market for over twenty-five years, and we can recommend it as being, without doubt, the best cure for coughs and colds that you can possibly procure. There are a lot of imitations on the market, so when you ask for "Dr. Wood's" see that you get it. TWO FINE MEETINGS ARE HELD IN SUSSEX

Hon. Mr. Carvell Chief Speaker
at Rousing Gatherings for Union
Government

Sussex, Dec. 12—The minister of public works was accorded an enthusiastic reception by the electors of Sussex and the surrounding district tonight when he arrived here with Hon. J. B. M. Baxter and Hon. James A. Murray to tell the people of issues before the country in the coming election.

The crowd could not be accommodated with the efforts of any public man in such a cause.

We are, however, only now beginning to realize the awful disaster that has fallen upon the city of Halifax and just as I have been declaring how urgent is the necessity of hastening as a people to the assistance of the boys in the trenches, so I say to you, Electors of Northumberland, that as a public servant and a minister of the crown, my duty is to lend what aid I can to those who have met with one of the greatest calamities this world has ever known.

The election of your union candidate, W. S. Loggie, means much to you, to Canada and the empire. Will you also do your duty and vote for him on election day?

F. B. CARVELL.

594 Champlain St., Montreal.

"For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I had frequent Dizzy Spells, and when I took food, felt wretched and sleepy. I suffered from Rheumatism dreadfully, with pains in my back and joints, and my hands swollen.

A friend advised "Fruit-a-tives" and from the outset, they did me good. After the first box, I felt I was getting well and I can truthfully say that "Fruit-a-tives" is the only medicine that helped me." LOUIS LABRIE.

by the Opera House alone and so the Lyric Theatre was also secured for the occasion. In the Opera House the audience was waiting long before Mr. Carvell arrived. In the audience were a large number of the women electors of this section of the county of Kings. On the platform were seated a number of

the Sussex boys who were overseas and have done their bit for liberty in the great war and have returned alive. Their appearance on the platform was greeted with cheers. The Empire ladies' orchestra rendered an excellent musical programme before the meeting opened and between the speeches a large chorus of young ladies sang appropriate songs. The chairman in the Opera House was Dr. Pearson and in the Lyric Joseph C. Mills presided.

In his introductory remarks Dr. Pearson said that this was not a political meeting. This was not a political campaign. It was a patriotic campaign. Then Mr. Carvell was introduced. The appearance of the minister was greeted with tremendous applause and cheering which lasted for some time.

Mr. Carvell drove home the fact to the people that the object of union government is to win the war and to run the country honestly as well. Union government, he said, would bend all the energy of the country to see that Canada does her duty in the war. The war was not won and the situation at the front never looked more serious than at present. He told of the pledge which was given to the boys in the trenches. He said that Canada promised to back them up to the last man and the last dollar. (Cheers.) As a member of parliament he could not look the public in the face if he broke that pledge. (Cheers.)

Mr. Carvell declared that any reports that there are enough men in England for carrying on the war were absolutely false.

The audience was then addressed by Hon. J. A. Murray and Dr. McAllister, and the last speaker of the evening was Hon. J. B. M. Baxter. The speakers

The Speed That Counts

The typist may have to write letters, telegrams, checks, labels, cut stenicals, address envelopes, fill out index cards, make out invoices—all in the same day, on the SAME MACHINE.

The typewriter that enables the operator to do this in the shortest time must have certain mechanical conveniences for quickly changing from one class of work to another.

The L. C. Smith & Bros. typewriter is constructed to give results. It enables the operator to do more work and a greater variety of work.

The "Silent Smith," in which 80 to 75 per cent. of the ordinary typewriter noise is eliminated, has grown in popular favor amongst a very large number of users.

A Vote for Laurier is a Vote for Delay

THE final results of this election will not be known until February, because of the time it will take to obtain the soldiers' vote.

Suppose for a minute that enough people support Sir Wilfrid Laurier in his policy to defeat the cause of Union.

It would take a month to get the old administration out and the new one in. That will bring us to March—and our New Brunswick boys still fighting it out alone, still waiting for the promised help.

It would take until June to get the necessary legislation to take a referendum to decide whether we shall send help to our men or desert them. And still the men of our New Brunswick battalions will be fighting and waiting.

And it would take until October to know the result of the referendum. "Delay! delay! delay!" cried out Lloyd George, and awakened Britain.

Vote for Union and Vote to Fight

But a vote for Union means a vote to fight, a vote to send help to your men over there, a vote to maintain your honor.

The issue is clear—will the loyalist people of New Brunswick vote for Laurier's Liberals and fatal delays, or will they vote in ringing tones to fight this thing through and stand by the men in France to a finish.

"Election means just one thing—you are either going to send men to back up the Canadians, or you are not."
