LONGSHOREMEN IN N. Y. WALK OUT

Several Thousand Members, Including Checkers, Protest Against New Working Terms Recently Agreed Upon by Ocean Steamships and Association.

New York, Oct. 1.—Several thousand longshoremen and checkers walked out today in protest against new working terms agreed upon recently by transatlantic steamship operators and the International Longshoremen's Association.

The council of the International Longshoremen's Association stated that it had not authorized the strike. The working agreement drawn up last week provided for a reduction in wages of 25 per cent.

The walkout took place along both the Manhattan and Hoboken waterfronts. Officials of the Bay Ridge and South Brooklyn locals asserted that none of their men had joined the strikers.

Today's development came when the French liner Paris was coming into port with several thousand passengers and many large liners, including the Cedric, were scheduled to sail.

Headquarters announced that details had been scattered along the waterfront. A wage reduction of approximately 25 per cent to take effect at midnight September 30, had been accepted by the International Longshoremen's Association representing upwards of 15,000 men employed along the Atlantic and Gulf coasts.

This announcement was made at the longshoremen's headquarters at the conclusion of a series of conferences between representatives of the longshoremen and transatlantic steamship companies. The new contract provides that the 48-hour working week shall continue and that 65 cents an hour shall be paid for straight time and \$1 for Sunday and overtime work.

The former scale was 87 cents an hour for straight time and \$1.20 for overtime. The new contract effects only men engaged in working transatlantic shipping and does not include coastwise traffic.

It was pointed out that the new scale is slightly more than double that of the 1918 when the wage was 33 cents an hour for straight time and 45 cents for overtime.

MEGANTIC HAS 1,238.
Montreal, Oct. 1.—The Megantic, with 188 first, 410 second and 640 third-class passengers from Liverpool, is expected to reach Quebec at three p. m. today. Owing to the tide, the steamer will not leave Quebec until four a. m. tomorrow and should arrive here about three p. m.

He sleeps in his lonely grave,
For freedom's cause he helped to fight,
His brave young life he gave.

Who, a few years just before,
In health and strength left friends and home,
To defend fair Canada's shore,
Somewhere in France he sleeps tonight,
A parent's pride and joy,
His life he gave in freedom's fight,
For our own true soldier boy.

SEEK CACHE IN WHICH LIQUOR IS IN ABUNDANCE

New Angle to Inquiry Into Source of Supply for Fatty Arbuckle Party.

San Francisco, Oct. 1.—New angles in the federal inquiry into the source of the liquor drunk at the party in the Hotel St. Francis given by Roscoe (Fatty) Arbuckle, were revealed today.

Federal agents are conducting a search near Princeton, San Mateo county, for a cache containing liquor valued at \$100,000, which is believed to have been brought ashore by a launch from Canada. The cache is said to contain 847 cases of Scotch and nine barrels of Bourbon.

Late yesterday federal agents raided Gobey's grill, a restaurant near the Hotel St. Francis, alleging the establishment to have been the place where the Arbuckle liquor was purchased. The manager and three employees were arrested.

Robert H. McCormack, assistant to the attorney general, announced today that he soon would file a complaint against Arbuckle on a charge of having intoxicated liquor unlawfully in his possession. The INDIAN TROUBLES.

London, Oct. 1.—(Canadian Press).—A dispatch from Reuter's correspondent in Simla quotes the home secretary, S. W. H. Vincent, as saying that the latest reports from the Malabar district showed that Moplah-armed fighting gangs totalled 10,000. Their resistance is strengthening, and the guerrilla tactics adopted by them will likely result in protracted military operations.

Victoria, B. C., Oct. 1.—Declarations in Eastern Canada that there were no unemployed in British Columbia, but only idlers, attributed to J. B. Thompson, chairman of the British Columbia division of the Canadian Manufacturers' Association, were refuted by Hon. J. W. DeB. Farris, Attorney General and Minister of Labor.

"The words attributed to Mr. Thompson completely misrepresent the state of affairs in this province and they are a serious reflection upon our workers," declared the minister of labor.

"These statements," he said, "spread broadcast in the east, are believed by people who do not know the situation we have to meet every winter in British Columbia. Perhaps they are finding it difficult to get employment in their own locality and the word is passed round that in British Columbia there is lots of work to be had. We know what will happen. These people, on the strength of such wild statements, come here in perfectly good faith, only to add to the army of our winter unemployed."

"Five thousand workers were sent from British Columbia to the harvest fields of the Middle West and these will soon return to their homes in this province."

Stating that the problem is really a national one and should be dealt with jointly by all the governments, Mr. Farris expressed disappointment at the delay of federal authorities in dealing with unemployment.
