MC 2035

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, NOVEMBER 4, 1921

RECENT WEDDINGS

Lawrence-Campbell.
A wedding of much interest to a large circle of friends in Hampton and vicinity took place on the evening of November 2, at the home of the bride's parents, Mr. and Mrs. Isaac Campbell, Hampton Station, when their daughter, Annie Lucretia, was united in marriage to Millidge A. Lawrence, also of Hampton. The bride was given away by her father and the ceremony was performed in the presence of a large circle of relatives and friends by Rev. George A. Ross, pastor of the Hampton Methodist church.

RECENT DEATHS

Mrs. D. E. Cunningham.
The death occurred yesterday at her home in St. Stephen, following an illness of two weeks, of Mrs. D. E. Cunningham. She was the daughter of the late Thomas and Jane Finlay, of St. Stephen, and was a bright and talented young woman. Besides her husband, she is survived by an infant son and two sisters, Mrs. James Fitzmaurice, St. Stephen, and Mrs. George P. Hennessey, West St. John. Many friends will learn with deep regret of her death. Mr. and Mrs. Hennessey leave for St. Stephen today.

Norman Addison Macaulay

Relatives in the city received word yesterday of the death in England on November 2 of Norman Addison Macaulay, youngest son of the late Mr. and Mrs. Beverley R. Macaulay, of St. John. The many friends of the family were greatly shocked at the sad and unexpected news, and heartfelt sympathy was extended to the bereaved relatives. Mr. Macaulay was twenty-seven years of age, was widely known in New Brunswick, and had a host of friends. He served overseas with 4th Siege Battery, of which Major Barker was commander. From the middle of June, 1918, the battery was through the thick of all the important engagements in the French territory, notably the Somme battles. Mr. Macaulay escaped unscathed, but suffered from shell shock and his death was the result of war disabilities. He returned to Canada after the armistice and arrived in St. John in May, 1919, just too late to see his father alive. For some time he was employed at Macaulay Brothers' store in the city, but in February of this year nervous trouble developed as the result of shell shock and he went to England for special treatment. He appeared to be making good progress towards recovery, and the latest reports which his relatives in St. John received were all very hopeful when the news of his death was received yesterday. It is believed that he died of heart failure. He had been staying with a sister, Mrs. John Cameron, in England, and interment is to be made in England. He is survived by two sisters, Mrs. John Cameron, of London (Eng.), and Mrs. Percy Howard, of St. John, and two brothers, Donald A. Macaulay, of The James Robertson Co., Ltd., St. John, and Robert A. Macaulay, of Macaulay Brothers and Co., Ltd., St. John. Mrs. Alexander Macaulay, of St. John, is an aunt.

George Jackson.

The death of George Jackson, a well-known resident of this city, occurred last evening at his residence, 70 Dorchester street. Mr. Jackson has been in failing health for some time and has been confined to his home during the last three months. He has been employed in the local customs house for the last thirty years, and at the time of his death was attached to the appraiser's office there. He was also a former member of the St. John Fire Department. He is survived by three daughters, Mrs. Charles Ramsay and Mrs. Harry Bettie, of this city, and Mrs. Frank Rhodes, of New York; also two brothers, Charles, of this city, and John, of New York; and two sisters, Mrs. James Dismore, of this city, and Mrs. James, of New York.

TO ESTABLISH A BURSARY AT U. N. B.

The establishment of a bursary for an annual scholarship in the University of New Brunswick for boys of Scotch descent was decided on at the annual meeting of St. Andrew's society last evening. A special committee, consisting of Rev. J. A. MacKinnon, Hon. J. G. Forbes, of this city, and Mr. MacKinnon and A. Gordon Leavitt, was appointed to arrange details. The annual Scotch night will be held on St. Andrew's evening. A banquet concluded the meeting. Considerable other business of routine nature was put through and officers for the ensuing year were elected. They are as follows: President, C. B. Allan; Jack, first vice-president, C. B. Allan; second vice-president, A. R. Melrose; chaplain, Rev. R. Melrose; Legate, Hon. J. A. MacKinnon; Treasurer, John White; secretary, A. Stewart White; marshals, C. W. Bell and J. T. McCowan; auditors, Thomas Guy and F. W. Fraser; committee of charity, F. F. Burpee, D. W. Ledingham and H. F. Rankine.

MR. FARRIS DENIES BOOTLEGGING STORY

Victoria, B. C., Nov. 3.—Hon. J. W. DeB. Farris, attorney-general, today issued a statement denying the assertion made at the international prohibition officials' conference at Regina Wednesday that government control in British Columbia had not curtailed bootlegging.

A NOBLE TRIBUTE TO LADY LAURIE

Hon. Mackenzie King, on learning of the death of Lady Laurie, gave the following message to the press:—

"The heart of our country will be deeply touched by the word of Lady Laurie's death. Like Sir Wilfrid, Lady Laurie belonged above all else to the nation. During fifty years and more of married life she shared with Sir Wilfrid all the vicissitudes, the joys and the trials of his great career, and since death, in every word and act, she has disclosed a fortitude and devotion to the ideals of their united lives, which have been a revelation to her most intimate friends."

"At her advanced years the near approach of death was inevitable, once the nature of her illness became known. We who are now left to fight on without the inspiration of her example and constant solicitude may well feel saddened at the sense of personal loss we so keenly experience. We would feel, however, that her faith and her spirit if we did not see a kindly Providence in the hand which led to the very end through a long and eventful life saved her from the pains of prolonged suffering and the infirmities of age."

"The nation will find its consolation in the thought that of all boys reunion with the one most dearly loved is of the human hopes the highest, and that in the meaning of death, the joys and the trials of his great career, and since death, in every word and act, she has disclosed a fortitude and devotion to the ideals of their united lives, which have been a revelation to her most intimate friends."

"If you would read through the thousands of books written on hygiene and health, you would realize that in the maze of technical information they contain, the one vital rule that underlies all the precepts of medicine is: Keep the stomach functioning normally. If people would see that their digestive organs are in good order, most of the ills affecting humanity would disappear. It is easy to prevent stomach troubles. 'Gastronol,' the new specific for all troubles of the digestive tract, is sold everywhere. Its cost is cheap; 50c for 50 Gastronol (each bearing its name to protect you against dangerous substitutes), or 6 boxes for \$2.50. If you have gas in the digestive tract, or sour stomach, or heartburn, or a badly coated tongue, or had taste in the mouth, or pimples, or a muddy skin—take one or two 'Gastronol' after meals. You will be amazed at the wonderful improvement in your health. If your dealer cannot supply you, address your order with remittance to

WHOLESALE PRICES STILL DECLINING

Movement is Slight, With Inclinations to Adjustments.

(Toronto Globe.)

The index number of wholesale prices in Canada, constructed by Professor H. Michell of McMaster University, Toronto stood at 161.5 for the month of October, showing a decline of 1.7 per cent. from the previous figure of 164.5 for September, and a total decline of 4.8 per cent. from the peak of 268.3 reached in May, 1920. The present figure is 82.8 per cent. in advance of the figure of 121.6 for September, 1919.

Among the 20 foodstuffs listed, declines

were registered in flour, beef, pork, bacon, lard, cheese, sugar, while fish butter eggs and tapioca advanced. Among the twenty manufacturers' goods included, declines were registered in wool, cotton, bar iron, galvanized sheets, silver and pine; while advances were registered in rubber, coal, oil, oak and maple.

LIVE TO BE ONE HUNDRED

Ills that Are Fatal to the Majority of the Race Should and Could be Abolished.

Do you know that under favorable conditions people should live in comfort and health to the age of one hundred years or more, useful and in full possession of their faculties?

Many of the ills that are fatal to the majority of the human race should and could be abolished. There is too much illness, too much suffering, and too many premature deaths. It is natural to be healthy—yet nearly all are suffering from some ill, which deprives them of a part of their power.

If you would read through the thousands of books written on hygiene and health, you would realize that in the maze of technical information they contain, the one vital rule that underlies all the precepts of medicine is: Keep the stomach functioning normally.

If people would see that their digestive organs are in good order, most of the ills affecting humanity would disappear. It is easy to prevent stomach troubles. 'Gastronol,' the new specific for all troubles of the digestive tract, is sold everywhere. Its cost is cheap; 50c for 50 Gastronol (each bearing its name to protect you against dangerous substitutes), or 6 boxes for \$2.50. If you have gas in the digestive tract, or sour stomach, or heartburn, or a badly coated tongue, or had taste in the mouth, or pimples, or a muddy skin—take one or two 'Gastronol' after meals. You will be amazed at the wonderful improvement in your health. If your dealer cannot supply you, address your order with remittance to
