**NUMEROUS ALIENS ATTEND COLLEGES**

Evidence That Dominion is No Isolated Part of World—A Surprising Total.

The striking statement is made that one out of every seven of the entire population of Canada is of foreign extraction, as compared with the population of Canadian or British stock. In some parts of Canada, as in the Prairie Provinces, the proportion is more nearly fifty-fifty while in other large areas of the west, two-thirds of the children of school age are non-British stock. The prediction has been frequently made in this connection that in a few years' time Manitoba, for example, will be preponderantly non-Anglo-Saxon, while another prediction is that within the span of a generation the Ukrainian race alone will be in the majority in the Canadian West.

Connected therewith is the kindred subject of the enrolment of students of alien birth in Canadian universities. For example, in the University of Alberta, during the session of 1920-21, no less than forty-seven students were enrolled who were born in foreign countries. The roll-call shows:

Russia, seventeen; Austria, eight; France, four; Ukraine, four; East Galicia, three; Denmark, two; Norway, two; Poland, two; Sweden, two; Germany, one; Iceland, one; Switzerland, one.

The University of Manitoba reports only two unnaturalized foreigners—a Japanese and a Chinese—but, in addition to these, there are a great many Jews and other peoples of the Central

**FURTHER HEARING ON BATHURST CASE**

Further argument in the matter of The Workmen's Compensation Board v. The Bathurst Lumber Co., was heard yesterday afternoon before Mr. Justice Barry. This case has been before the courts for several months and particulars have previously been published in The Telegraph. It has to do with the refusal of the defendant to pay the assessment of the plaintiff, amounting to several thousands of dollars. M. G. Teed, K. C., was heard in argument for the defence yesterday morning, and in the afternoon J. A. Sinclair, chairman of the board, addressed the court, followed by Dr. W. B. Wallace, K. C., counsel for plaintiff.

**COMING TO ST. JOHN.**  
The schools at Capetown closed on June 30, with the exception of the Grammar school, which closed on June 27. A feature of the closing exercises in the latter was a presentation to Miss E. H. Salome Townsend, B. A., who is leaving the school to come to the staff of St. John High school. Miss Marion Brown of the primary school is also retiring from the school.

The High School Alumnae Reading Club held its regular monthly meeting last evening. At the close of the evening's programme, refreshments were served and those present spent a very enjoyable evening.

**FORGIVE FOES AFTER BATTLE**

Christian Chinese Soldiers Exemplify Spirit of Religion—News of Honan Mission.

(Toronto Globe.)  
In letters from China, dated May 17 last, Hugh MacKenzie, treasurer of the Presbyterian Mission in Honan, and Rev. W. Harvey Grant, evangelistic missionary, writing to Rev. Dr. R. P. Mackay, Presbyterian secretary for foreign missions, state that Chang Tso-Lin has not yet given up the fight, and in his retreat from Peikin to Manchuria, made a stand between Tientsin and Pei-tai-ho, on the railway line.  
Wu-Pei-Fu is now rushing his troops into that area and there will likely be more fighting before long. General Feng Yi-Shiang (the Christian leader) is working with Wu Pei-Fu, and his soldiers have been one of the main factors in turning the tide of battle in Wu Pei-Fu's favor.  
Mr. MacKenzie goes on to say that not only are the Christian troops holding the good news they have held for so long, but that every day they are adding lustre to it. They are showing the true Christian spirit by allowing captured rebels and bandits to return home, after supplying them with money, according to Rev. W. Harvey Grant.

In an interview, Dr. Murdoch McKenzie, one of the most prominent of the Presbyterian missionaries in China, stated that of General Yen's 10,000 soldiers more than 5,000 profess Christianity, and that on a recent Communion Sunday there were more than 5,000 troops who took Communion, some twelve tables, seating approximately 400 men each, being used in the ceremony. General Yen, who is regarded as the outstanding Christian warrior of China and one of the truest patriots there at present, addressed the men for three or four hours, and made a deep impression on the entire assembly. On the last baptismal Sunday there were 966 native troops baptized.

**BETTER THAN HARD COAL**  
Soft coal so free from soot that it does not make whisksers on stove covers or pipes and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

PATROL FLORIDA BOULEVARD

Jacksonville, Fla., July 7.—Florida's first "rolling courts" have got into action on Atlantic Boulevard between Jacksonville and the beaches. The following were Justices of the peace and their halliffs in the districts traversed by the boulevard in touring cars were constantly on patrol and dozens of deputies on motorcycles and in automobiles were ready to pounce upon any driver who endangered traffic. Upon making a arrest the deputy and his prisoner proceed until they meet one of the "rolling courts." The court stops, give a preliminary hearing and then bond for the appearance of the defendant in Criminal Court. Failure to put up cash bond on the spot results in the taking of the prisoner to Falso, where he is held in the city jail.
