## PUBLICATIONS ON AGRICULTURE.

The Department of Agriculture at Ottawa has available for free distribution upwards of 200 publications including reports, bulletins, and circulars. These have been issued, from time to time, by the several branches and deal with almost every phase of agricultural science and practice. A list of these has been printed in pamphlet form. This list is for free distribution and may be procured on application to the publications branch of the Department of Agriculture at Ottawa.

## "Mutt and Jeff in Panama"

To offer a second edition of that which has been acknowledged the greatest musical comedy success in theatrical history, is something of an undertaking. In fact Gus Hill hesitates and is tempted to let well enough alone and stick to the old "sure-fire" book that has made him upwards of a half a million dollars in the past two seasons, but the irrepressible Bud Fisher doesn't seem to hesitate at anything. He has taken his character creations through Turkey and Mexico and patriotically feels that the Panama canal cannot be properly opened without the assistance of "Mutt and Jeff". Mr. Fisher and Owen Davis have collaborated in writing a new book which is called "Mutt and Jeff in Panama". Leo Edwards has furnished a new musical score and D. L. Cobb has fitted the lyrics, with the result that the new "Mutt and Jeff" production will be bigger and better than ever before.

Gus Hill has expended a small fortune on scenic and electrical effects and mechanical illusions, saying nothing of the twenty changes of gorgeous costumes worn by the prettiest chorus ever gathered together under one managerial banner. The play is a typical sensational melodrama, with musical and comedy embellishments. It is decidedly different from anything yet seen in musical comedy production and will without doubt prove pleasing. Mutt will appear as a secret service detective and his troublesome prisoner, "Jeff" will, of course, be the "vicious villain," and contrary to their usual custom, they will come out the winner of ten thousand "Simoleons" for capturing a couple of foreign spies who have stolen the plans for the defence of the canal zone.

## Organ Recital.

The organ recital in Trinity church last evening by Dr. Herbert Sanders, of Ottawa, was well attended, and gave great delight to everyone. Of Dr. Sanders' playing nothing but the highest praise can be said. In a well chosen programme he had every opportunity for displaying his mastery over the instrument. The whole programme was of the highest merit. Miss Louise Knight and Miss Dorothy Little, of Halifax, were very capable vocalists on the occasion.

## Better Farming Special.

William McIntosh, curator of the Natural History museum will leave on Thursday morning for Fredericton to make preparations for the "Better Farming Special", which sets out from Fredericton on June 8 and will travel all over the province, finishing in St. John on July 4. Mr. McIntosh has been a valued member of the expert staff on the special and will travel again this year.

"NATIONAL HERO SERIES" NO. 3

## Kosciusko—"The Greatest of the Poles"

NEVER in the history of mankind has there lived a more ardent lover of Personal and National Liberty. He devoted his life to regain the ancient freedom of his beloved Poland. Kosciusko hated any legislative attempt which invaded the *Natural Rights of Man*. If he were alive to-day, every son of Poland knows that he would revolt at any LAW which declared, "Thou shalt NOT eat this—thou shalt NOT drink that." Kosciusko knew that the light wines of his native land and the barley brews of Germany were good for mankind when used in moderation. He drank them himself to the end of his honored days, and who will DARE say that they in any way injured this mighty personality. For 57 years Anheuser-Busch have honestly brewed honest beers. Their great brand—BUDWEISER—is sold throughout the world and has helped the cause of true Temperance. Seven thousand, five hundred men are daily required to keep pace with the natural demand of Americans for BUDWEISER. Its sales exceed any other beer by millions of bottles. Bottled only at the home plant.
